Services Monday For Otto H. Kahn
Will Be Held at Country Estate in the Afternoon—Ex-President Goldsmid to Address

Leading American personalities in the fields of music, art and science are expected to be present at the funeral services for Otto H. Kahn, International banker, music patron, and one of the arts, who died Thursday.

According to an announcement, from 10:30 to 12:30, and at the services on Monday afternoon, some of the persons expected to be present are: Hamilton Goldstine, violinist, and the orchestra of the Temple Emanu-El at 1:00, and the orchestra of the Temple in the evening.

The authorities prohibited the meeting on the ground that it might give rise to disorder.

Hilter's Test of Power Is Near, Washington Observers Believe

Officials Watch Keenly Developments in Reich, In Midst of Economic Crisis Trade Pact Being Considered, Is Talk

(Compliment of the J.D.B.)

WASHINGTON, March 30—Officials here believe the economic crisis that has gripped the United States is/watching with keen interest the developments in Germany under the Hitler regime. Ambassador William J. Donovan, who returned from Germany on his first visit here since he was named Ambassador to that country last summer, has caused considerable speculation in Washington as to just what is happening under the new regime. In the same time of Ambassador Donovan's visit here, German Ambassador Hans Luther has had several conferences at the State Department.

From Washington reports, Germany is in the midst of an economic crisis, more severe perhaps than any she has been in a social-justacket under the Nazi doctrine of forcing all Jews and others who cannot qualify under Chancellor Hitler's standards. Germany has tried to develop an intensive national feeling. This she has done with considerable success only in the direction of social and economic wholesome.

The other side of the story is that the policy of national

Polish Jews Protest Against Visa Refusals

Zionist Leaders Visit British Consul—Non-Jews Receive Visas

(Compliment of the J.D.B.)

WARSHAW, March 30—A delegation of Polish Zionist leaders to day visited the British Consul in Warsaw to protest against the action of the Consul in refusing to issue visas to Polish Jews for Palestine, even though they had deposited the required £10 bond with the British Consulate.

Although the same time the Consul refused Jewish tourists visas, he issued visas to all Polish Christian tourists on their way to America.

The British government is apparently of the opinion that Jewish tourists will remain in Palestine and that the deposits will be refunded.

nounced yesterday by Irving Mauer, chairman, following a meeting of campaign officials.

The two thousand and five re-

taurants in Brooklyn will be asked to contribute five per cent of the gross on that day toward the division's allotment in the drive. The division is being supported by the Brooklyn Federation Own-
ers' Association, Inc., and many independent restaurants.

Supreme Court Justice Mitchell Moss, president of the Federation; County Judge Albert J. Moya, chairman of the $200,000 cam-
paign committee of the division; Solomon H. Duberstein, director of the Trade and Member-

ship Council, the Federation's membership department, and many other prominent re-

taurants were in attendance.

German Agency Forming Palestine Water Company

(J.T.A. Special Correspondent)

JERUSALEM, March 14.—A Palestinian water supply company, with a capital of $50,000, is being formed here under the aegis of the Jewish Agency Executive in the object of providing rural water installations.

It will be operated on a commercial basis, and though experts of the executive's agricultural colonization department will supervise its work, it will have no budgetary connection with the Agency, but limits specially-vested funds.

Ocel Leaves for European Tour

(J.T.A. Special Correspondent)

TIB, April 14.—Ocel, the Palestine Labor Federation's theatre guild, left for a European tour and will play in different continental centers for three months. A repertoire is being prepared which will consist mainly of blood plays, including Jacob and Rachel, Jerusaleh, and the Book of Esther, as well as a number of other plays.

Jew Will Rekindle Light of Civilization; Asserts Rosenbloom

(Special to the J.D.B.)

PATRONS, N.J., March 20.—Although the curtain is now descending upon the first act of a great tragedy in Germany, "the blighting light of civilization" in the end will be rekindled and held aloft by a Jew, declared Dr. William Rosenblum, editor of the Temple Israel, New York, in an address before the Zionist Service Club.

Predicting his address upon the current play, "The Blighthed Lamp," Rabbi Rosenblum pointed out that down through the ages the Jew has always been a leading actor in the drama of life. "There is the danger," he said, "that the Jew, regarding himself as a 'faring of destiny,' will accept contentiously in the belief that destiny will take care of him."

Rabbi Rosenblum advised that Jews be not only strong in their fight for the preservation of justice and Zionism but "that we can do this without resort to 'colored alibis' or 'nightgowns.'"

Home Announces Memorial Services For Mrs. Aronson

NEWARK, N.J., March 20.—The first of what is expected to be a series of Commonwealth memorial services for the late Mrs. Louis V. Aronson was announced today by Mr. Henry G. Zaca, president of the Daughters of Israel. Service for the Agel, during which the Hymn will be sung, the memorial service in April, at a date as yet undetermined.

Mrs. Aronson for many years was a member of the Hymn to the 150 members, and women whom it houses, paying periodic visits and co-operating in the annual charitability ball as well as to showers and benefit bridge parries. Mrs. Zaca said that steps will be taken to perpetuate her memory by having a memorial dormitory in the name of Gertrude D. Aronson.

"All the news concerning Jew's death will be published in the daily newspaper..."

Representative Samuel Dickstein's resolution for a sweeping congressionally controlled bill to equalize the activities in the United States, which was adopted by the house a little more than a week ago, is now being taken more seriously by a larger number of congressmen. This is largely due to the increasing charges by Dr. William Wirt of Cary, Ind., that there is a conspiracy afoot to overthrow the existing form of government.

Eccentric and frugal as Dr. Wirt's charges appear, the basic fact is that the nation is becoming "propaganda-conscious." The old reactionaries on Capitol Hill are just now beginning to feel their attention toward the so-called "brain-trusters," when in reality, according to Representative Dickstein, source of propaganda subversion to our form of government.

The representative from New York is convinced, from his preliminary investigations, that this subversive propaganda is being sponsored from abroad and is not something that is being cooked up on the inside. Dickstein intends to prove this through the pending investigation authorized by the house.

Alleged Nazi Link
Representative Alfred L. Bul- winkle of North Carolina, who incidentally is getting his resolution adopted, as the Dickstein resolution already approved, has authority which is based on the Dickstein resolution.

According to one version, it comes up for consideration, it is expected that Representative Dickstein will have to add the name of a high-ranking official to the list of activities of the house membership.

Already house members are looking into Dr. Wirt's record to find out what his affiliations are. Representative George French of Michigan charged in the house that Dr. Wirt is linked with the Nazi and said that "If Dr. Wirt is not an agent of Hitlerism in America, he at least has a disinterested interest in the activities of the house membership."

Many Roll Call
According to Dr. Wirt's record, it looks as if he is being used by a group of the house to expose the activities of the house.

Wirt and Wall Street
Representative Raymond Pool of Illinois, one of the leaders among house members, believes Dr. Wirt's record is the result of a conspiracy to bring down the representative. He demanded that Wirt be "rolled call" on the floor. The roll call will be taken on the floor, but the resolution is not expected to pass. Rabbits Bake Their Matzoths
In Attorney Street Basement

BY HARRIET STALCZEK

The ancient tale that "too many cooks spoil the broth" does not apply to the thirty-five rabbits who come annually to 86 Attorney Street to bake their own matzoths.

It is an old European custom that requires the orthodox Jew to bake his own matzoths. The only spot in this country where the rabbi may indulge in this time-honored privilege is in the cellar of a rabbi-owned house. Two other rabbi-owned houses have the same privilege.

Many artists will appear on the programs, including Mary Lewis, Emma Hadley, Josephine and Rosina Levit, Emanuel List, Vera Alton, and others.

SINGS AT CONCERT

Six weeks before Passover preparations begin, the west side of the Eastern seaboard is covered with the sights of a piece of dough and an oven. The oven is a large, circular, iron oven, enclosed in a brick wall, and heated by the heat of the fire. The dough is then placed in a hot oven, and the matzoths are baked.

Schumann-Heink Will Not Visit Germany During Tour

Madonna Schumann-Heink, the seventy-three-year-old singer, will not visit Germany during her forthcoming tour abroad, she announced yesterday.

Schumann-Heink, who has just returned from Berli- on on his first visit to the United States, announced that her husband, a Spanish baritone, will not visit Germany during her forthcoming tour, nor will any of the Schumann-Heink family.

The Schumann-Heink family is a musical family, and the possible presence of the Schumann-Heink family in Germany would have been a great disappointment to the Germans.

The possibilities of a trade agreement between the two nations is still open, and it is hoped that the Schumann-Heink family will visit Germany during their tour.

Before long, Professor Albert Einstein will have our shores to retake. That is because he has no home, for the Nisei regime has made him an exile. But the success of the man whose home is everywhere he chooses to live.

The people of this country are divided as to how they feel about Einstein. Last week an unusual demonstration was held in New York, presided over by the governor of the state, who has the reputation of being the mayor of the city. It was more than a demonstration. It was an unusual outpouring of affection for one who has become a symbol of all that is good and great in science.

Dr. Albert Einstein was born in 1879 in Ulm, Germany. He was educated at the University of Zurich and later at the University of Berlin. He received his Ph.D. from the University of Zurich in 1905. He was awarded the Nobel Prize in Physics in 1921.

In 1933, Albert Einstein fled Nazi Germany and moved to the United States. He became a citizen of the United States in 1940. Einstein was a key figure in the development of modern physics, particularly in the development of the theory of relativity.

In 1939, he wrote to President Franklin D. Roosevelt urging the United States to begin work on the atomic bomb. His letter was instrumental in the development of the Manhattan Project, which led to the creation of the atomic bomb.

Einstein was a pacifist and opposed war. He was a strong supporter of peace and international cooperation. He was also a vocal critic of the atomic bomb and its use in World War II.

In 1955, Einstein died of a heart attack in Princeton, New Jersey. He is remembered as one of the greatest scientists of all time and as a symbol of the power of human reason.

Perfect Week for Critics
This past week was perfect for the critics and patrons of the Hol-lywood Theater, for it was the scene of the first critical reviews of the season. The Anti-Off Broadway play, "The Man," was hailed as an outstanding success. The drama, written by B. H. Lichtenstein, received raves from all quarters. The cast, directed by Alvin Ailey, was praised for their excellent acting.

Looking Backward
Being nothing brand new to find fault with, the spirit of the Holidays is perhaps the best thing that has happened. Next week, we focus on the New York stage and the coming musical comedies. We must always be on the lookout for the new and exciting.

Academic Chorus to Perform Tomorrow
The Academic Chorus of the Hebrew University, Jerusalem, will give its first concert in the Minnie Unitarian Open-Air Theater tomorrow to commemorate the tenth anniversary of the opening of the University. The Chorus, under the direction of Karl Solomon, former head of the Berlin Theater, will present Handel's "Semele," "Judas Maccabaeus," and "The Battle of the Hundred" by household names.

Extra Performances
Because of the tremendous demand for tickets for "The House of Rothschild," there are three extra showings of the Orpheum picture over the weekend. Instead of the regular matinees and evening performances on Saturday, the three extra showings will be at 2:15 and 7:15. The show will be at 4:15 at the New School for Social Research, 66th and 12th street.

The Roaring Jungle!
Here's the most exciting novel of the season! A thrilling adventure story of the jungle, with action packed scenes of the wild animals of the rain forest. The story is written by one of the most famous novelists of our time, Frank Buck, who has, for many years, been known as the "King of the Jungle." The Roaring Jungle! is a must for all animal lovers.

Among the Literati

Edward Weeks of the Institute of Arts and Sciences of Columbia University has been digging in the grave of book publishing. After getting in good and deep he has come up for fresh air and announced a list of best sellers from 1776 to 1936. The latter date was decided upon because since then no one title has sold in excess of 500,000 copies.

When his findings were made public many authors suffered from severe pains in the abdominal region.

What Americans Read

Sixty-five fiction titles were listed by Mr. Weeks. The leader was "Pride and Prejudice" by Charles Dickens. Shelton's novel which told what Mr. Weeks would, he felt if everyone lived according to the exact teachings of Christ. This book, which was published in 1813, has sold 6,000,000 copies. The list is brought up in a close second with "The Bhudda" by H. G. Wells, a work which has sold (unofficially) 50,000,000 copies. "The Bhudda" is followed by "The Bible" which has sold 16,000,000 copies.

In the opinion of this critic only 12 of these 65 titles are worth reading today, this number nothing more than the most repressed kind of drivel, pieces of "junk," as they are called in the trade, such as "The Bible of Jules Verne," "Wuthering Heights of Barbara Worth," "The Man of the Hour," "The Man of the Hour," etc. Certainly such a reading list is an indictment against the reading intelligence of the country. But this type of fiction does not sell as well only because its place has been taken by the conclusion of the novel, the shock and moving picture.

Of these best sellers the only once which has any sale at present are Mark Twain's works.

The Story of a German Rebel

ERNST TOLLER'S

autobiography, "I Was a German," is one of the most interesting books of the new year. Toller, who is the son of a Prussian soldier, describes his experiences as an officer in the First World War, as a political prisoner in Germany, and as a member of the Communist party in Russia. The book is a powerful piece of writing, and it is a moving story. Toller has a deep sense of justice, and he is not afraid to speak out against the injustices of the world. His book is a must for all those who are interested in politics and history.

THE WEEK IN REVIEW

Germany

Hitler’s Delta Pact appears to be the key to the Nazi-Bulgarian conflict. The German leader, who has so far been more interested in the economic aspect of the conflict, has now turned his attention to the military aspect and plans to send a large force into Bulgaria. The Bulgarians, who have been fighting to maintain their independence, are expected to resist the German invasion.

The Rest of Europe

The European situation is still uncertain. The Soviet Union, under Joseph Stalin, has been increasing its military strength and is expected to play a major role in the coming conflict.

ii, but in a demonstration of power, not of persecution, in forcing German Jews and other state economic observers in Washington who have recently had the opportunity of discussing the problems with German journalists and that they are going on in Germany are of the opinion that Hitler's test of power yet to be put down to the country.

Hitler Finds Opposition

In the first place, they say, Hill, the English government is shrinking with the power of pressure, and that is where the situation of German soldiers and civilians are serious, and the United States, according to a statement to the Jewish Daily News, is in the hands of Dr. A. Ashworth, executive secretary.

The committee, which will be definitely formed within the next few weeks, will seek to "expose among some of the present régime of "the powers of the government in power, in order to influence the governing party toward the situation of German refugees," Dr. Ashworth has said.

A fund of $500,000 will be raised among the non-Jews, to be used in getting along with the Hist. Riegen.

A fund will be provided, which will be paid to mark state of mind is to grant the motion of Mr. Findlaker, he declared, "I do not reserve the power to declare it in the future, but what is more important, is a scheme to come up to the situation.

Prior to his coming to Leavenworth, he said, a large part of the weapon valuations were sold at the federal prison in Leavenworth.

The anti-Jewish boycott was threatened two weeks ago by the U.S. government, a report said, and on Thursday, the boycott was to have been begun by the survey made by the Jewish Telegraphic Agency.

German officials said that the boycott was a failure, and that the German government was trying to get the boycott prepared for Pennover purposes.

The boycott was a failure, and the German government was trying to get the boycott prepared in accordance with the Jewish requirements from the boycott.

To eliminate the entire practice was completely unavoidable. Whether to stop with Rabbi Mandel, I said, that it was not necessary, but I would have received wholesale cancellation from him, had they been able to.
