## Arabs Warn Palestine on Migration

### Youth Body Threatens Demonstration If Not Curbed

(Jewish Telegraphic Agency)  
HAIFA, May 12.—The Palestine government was threatened today with Arab demonstrations if it does not cease to facilitate Jewish immigration.

The threat was sounded in the form of a resolution adopted today at a conference here of Arab youth.

The Federation of Arab Youth in Palestine intends also to send a delegation to High Commissioner Wauchope in connection with the immigration problem. The Federation insists that the Palestine government is adopting too liberal a policy towards Jewish immigration.

#### Plan Curb

In the meantime it became known today that the Palestine government is considering ways and means of checking Jewish immigration, independent of the Arab threats. Definite plans are being laid by the government to prevent the entry of more than one person on a labor certificate.

An investigation is now being considered by the Palestine government as to the actual number of Jewish immigrants who entered on labor certificates with their wives. It is on the basis of this investigation that the government will decide whether the number of immigration visas for Jews under the labor schedule should be increased or decreased in the future.

### Author of "In Dorf" Dies in Warsaw at 54

(Jewish Telegraphic Agency)  
WARSAW, May 12.—David Kassell, the well known Jewish writer, died here today at the age of 54.

Mr. Kassell was the author of the famous Yiddish novel, "In Dorf." He was also the author of other works which were translated from Yiddish into Russian, German and Danish. In addition to belles-lettres, Kassell wrote many textbooks on arithmetic, physics, history and Yiddish grammar. He also translated works by English and German writers into Yiddish.

## 50 Exiles Rap Vainly At Portals of Belgium

(Jewish Telegraphic Agency)  
BRUSSELS, May 12.—Fifty German-Jewish refugees returned today to the shores of Belgium from Brazil, unable to find a livelihood there. They were not permitted to land by the Belgian authorities.

The majority of the refugees proceeded to Brazil from countries other than Belgium. Their fate will be decided within a few days. It is believed that those who had migrated from Belgium will be permitted to land while the others will have to return to Brazil on the same steamer without touching Belgian soil.

## Poland Forbids Zionist Lecture By E. Kaplan

### Believe Bar Prompted By Fear of Factional Disturbances

(Jewish Telegraphic Agency)  
WARSAW, May 12.—The Polish authorities today prohibited a public lecture on Zionist problems which was to be delivered by Eliezer Kaplan, member of the World Zionist Executive, here to address a convention of the Zionist Laborites.

The order prohibiting this lecture was issued, it is believed, in the interests of maintaining peace. The authorities fear that a lecture by Mr. Kaplan, who is a Laborite, would lead to disturbances, since the atmosphere between the Zionist Laborites and Zionist Revisionists in Poland is now extremely tense.

The All-Polish convention of the Poale Zion, the Polish Zionist Laborites, opened here yesterday in the Rex Theatre Hall with hundreds of delegates attending from all over the country. Mr. Kaplan, whose lecture was prohibited today, was one of the principal speakers at the opening session of the convention.

A startling revelation was made by Mr. Kaplan that the Zionist Revisionists have offered the High Commissioner of Palestine 50,000 able-bodied Jewish youths for British military service in Palestine.

Simultaneously with the convention of the Poale Zion, an all-Polish convention of the Hechalutz opened here today. The Hashomer Hazair and Gordonia factions which

## Tel Aviv Given Land To Expand

### Government Grants City 700 Dunams; 25 New Colonies in Year

(Jewish Telegraphic Agency)  
TEL AVIV, May 12.—The Palestine government has granted to the municipality of Tel Aviv 700 dunams of land to extend the boundaries of this rapidly growing city, it will be announced in the press tomorrow.

Twenty-five new Jewish settlements were established in Palestine the past year by private and national Jewish capital, it was announced today. Four of these colonies were settled with German-Jewish colonists and are now accommodating 800 Jewish families from Germany.

#### 180 Jewish Colonies

Commenting on the expansion of Jewish colonization in Palestine, the Hebrew press today points out that prior to the establishment of these new twenty-five colonies there were 180 Jewish settlements in the Holy Land occupying a territory of 1,300,000 dunams of land.

The land which the Palestine government has granted this city for expansion purposes is located beyond the Yarkon River.

Tel Aviv today is the largest city in Palestine, with a population of approximately 150,000.

The Palestine government is now considering measures to restrict rentals on shops and offices here since growth of the city is resulting in exorbitant rentals. Rentals for dwellings were restricted last year by the government to a maximum of \$12 per room.

## 'Jew' Libelous To Reich Court

### Nazi Leader Fined for So Labelling Writer Who is 'Aryan'

(Jewish Telegraphic Agency)  
BERLIN, May 12.—It is an insult to call a person "Jew" even if it is proven that he is of Jewish origin, a court in Koenigsberg ruled yesterday.

The ruling was issued against the Nazi district leader Otto Raatz, who expressed doubt as to the "Aryan" origin of Dr. Seraphim, a journalist. He called the German journalist "Jew" and was forthwith sued for libel by Dr. Seraphim.

The court yesterday imposed a fine of sixty marks on the Nazi district leader, explaining that he had no right to call anyone "Jew" without having first investigated his origin. Dr. Seraphim submitted evidence that he is a pure "Aryan."

Dr. Grimm, Nazi attorney, sent to Cairo to defend Nazis there in a trial brought by local Jewish leaders for disseminating anti-Jewish propaganda, was received today by Hitler. The German Chancellor thanked the Nazi lawyer for handling the case "in the interests of Germany" and for succeeding in getting it thrown out of court.

## Non-Jews in Bureya To Be Taught Yiddish

(Jewish Telegraphic Agency)  
MOSCOW, May 12.—Classes in the Yiddish language for non-Jewish workers were opened today in Biro-Bidjan by the local administration of this autonomous Jewish region in the Far East.

This is the first time that Russian workers will be taught the Yiddish language in government schools. The request for the classes came from the non-Jewish workers engaged in various projects in the Bureya. The workers, most of whom are Russians, want to learn Yiddish so that they may maintain normal relations with the Jewish population.

## Militant Group Is Outlawed By Rumania

### Brith Trumpeldor Put Under Ban; Bucharest U. Reopens

(Jewish Telegraphic Agency)  
BUCHAREST, May 12.—The government today prohibited the existence of Brith Trumpeldor, a Zionist youth organization.

The order was issued by the government on the pretext that the group is allegedly engaged in militaristic activities.

Bucharest University, which has been closed down since the last anti-Jewish riots there several weeks ago, was reopened this week. Jewish students, however, are abstaining from attending the lectures until it becomes certain that no anti-Semitic clashes will take place in the classrooms.

#### Students Warned

The administration of the University has posted notices on the bulletin boards warning the anti-Semitic students against attacking their Jewish colleagues on University grounds or in the laboratories.

Dr. Vaida-Voevod, former Premier of Rumania who has been advocating the ousting of Jews from the professions and schools, has shown no signs of active propaganda during the last two weeks. It is understood that the cessation of Vaida-Voevod's anti-Jewish propaganda is due to the fact that King Carol has expressed his disapproval of Vaida-Voevod's methods.

## Berne Trial Enters 3rd Week Today

### Swiss President Rebuffs Nazi 'Expert'; Masons Plan Libel Suit

BERNE, May 12.—With the "Protocols" trial entering its third week tomorrow, and with the verdict expected Monday or Tuesday, it became known today that Col. Fleischauer, the Nazi expert, made a special visit to M. Marcel Pilet-Golaz, President of the Swiss Federal Government, and lodged a complaint with him against the Berne court "for permitting Dr. Loosli, the court's expert, to use libelous language against Germany during his testimony at the trial."

The President retorted to Col. Fleischauer that "Switzerland is not yet Gleichgeschaltet." M. Pilet-Golaz then pointed out to the Nazi "expert" from Germany that the courts in Switzerland are independent, and that he would be better advised to make his complaints directly to the court.

#### Masons to Sue "Expert"

The Jewish Telegraphic Agency learns that the Masonic lodge here intends to bring action against Col. Fleischauer, charging him with libel and with deliberate falsification of facts during his "expert" testimony at the "Protocols" trial.

Summing up the legal aspects of the charges, which Jewish leaders in Switzerland brought against the Swiss Nazis for spreading the notorious anti-Semitic "Protocols," Prof. Matti, one of the lawyers at the trial, in his address before the court on Saturday declared that not only are the forged "Protocols" spread by the Nazis, but that "all anti-Semitic literature in Switzerland bears a Berlin stamp."

#### Pleads for Independence

Prof. Matti made a stirring plea to protect Switzerland's independence.

## Bergmann Prints Post As Hebrew U. Librarian

(Jewish Telegraphic Agency)  
JERUSALEM, May 12.—Dr. Hugo Bergmann, well known Jewish author, resigned today as librarian of the Hebrew University.

Dr. Bergmann posted notice of his resignation on the bulletin board of the library. The announcement provoked great surprise and interest.

## War on Racial Bigotry Urged By Education Head in Hungary

(Jewish Telegraphic Agency)  
BUDAPEST, May 12.—Denominational conflicts in Hungary will only lead to the destruction of the nation, Minister of Education Homan stated today, addressing a gathering of deputies of the Parliament.

M. Homan urged the deputies to fight racial bigotry in the country. "We must not permit the development of race hatred in Hungary," he said.

The Hungarian government is watching with keen interest Nazi activities in this country and is taking measures to curb anti-Jewish propaganda by Nazi agents. Special precautions are being taken in the universities where certain elements, believed to be subsidized by Germany, are making an effort to spread anti-Jewish feeling among the students.

## Mosley-Streicher Link Evokes Jubilant Reaction in Nazi Press

(Jewish Telegraphic Agency)  
BERLIN, May 12.—Publishing the full text of a message which Sir Oswald Mosley, leader of the British Fascists, sent to Julius Streicher, notorious anti-Semitic leader, in which he urges a world-wide fight against the Jews, the Nazi press today rejoices over the fact that Mosley has finally aligned himself openly with Streicher in the anti-Jewish campaign.

The message sent by Sir Oswald to Streicher in Nuremberg reads:

"I thank you for your telegram of congratulations for my address in Leicester against the Jews. Your telegram is particularly esteemed by me in view of the hard fight which we are now facing. No peace can be secured in Europe until Jewish corruption is attacked all over the world. Our fight is difficult but our victory is certain."

## Blackshirts Sound and Fury

By a J.T.A. Staff Correspondent

LONDON.

Sir Oswald Mosley's valiant challenge to the Jews, hurled from the battle and bottle-scarred field of Leicester recently, has provoked speculation and comment regarding the chivalric forms for issuing such challenges. Disregarding the fact that

the would-be Hitler of the British Empire has failed to acknowledge a challenge from the Jewish side more forceful, as customs of "insult" go, than a swipe across the face with a glove, how should Sir Oswald have couched his knightly vaunting? And how should the "Jewish interests" reply?

Rose Macaulay, the British novelist, discusses these burning questions in a recent issue of The Spectator. Her comments are reproduced herewith as the portion of the week:

### How to Reply?

What does one do when challenged? Merely challenged at large, I mean; not to be a specific contest or game, or to prove an assertion. I have often wondered, when I have seen such phrases as "a challenge to youth," or "a challenge to the churches," how youth and the churches, should they desire to take up these challenges, would do so. And now Sir Oswald has been issuing a challenge to "Jewish interests in this country," commanding commerce, the press, the cinema, the City of London and the sweat-shops. And the question arises—what are the Jewish interests thus referred to to do about it? To what contest of daring or of skill are they bidden? To single combat with our British Fascist leader, or to a more multifarious warfare against the Gentile interests "commanding" similar activities to their own?

### A Pitched Battle?

Is Sir Oswald proposing a pitched battle, in which the houses of Rothschild and Montagu should head a charge against those (say) of Coutts and Glyn Mills? Shall the noble army of the Gentile Press Lords march out, terrible with banners, against the few Hebrew newspaper owners? Shall there be war in the provision world between Messrs. Lyons for Israel and Messrs. Fleming and the A. B. C. for Gentiledom? In the cinema industry between Isidore Ostrer and Mr. Alfred Hitchcock (with the ranks of Elstree and Hollywood in somewhat confused formation behind them)? And in the emporial world between the establishments of Messrs. John Tanner and Bob and those of Messrs. Isaac Shkel and McBawbee?

Industry has, so one has heard,

already its wars. But commercial embattlement along lines of race would be a new grouping of combatants. Sir Oswald says that he and his comrades-at-arms, the "Fascist movement of the modern age," are not to be intimidated by Jewish interests. Indeed, they need not be so, since the big battalions are, in nearly all the spheres to which he made allusion, on the Gentile side. He is, very naturally and humanly, challenging the smaller side; a noticeable tendency of "the Fascist movement of the modern age" in all countries.

### More Questions

But can I be misinterpreting this challenge? Was Sir Oswald perhaps using the word in its sense of reprove, accuse, calumniate, or take exception to? Or in yet another sense, that of the giving cry of hounds who sniff the scent of the creature they pursue? On the whole this last meaning seems apt, and one can well picture the Fascist pack, black-chested, baying up the wind.

However, supposing that a challenge to combat was intended, let me remind the challenger of a classic formula for politely conveying such an invitation. As Sir Lucius bade, "Do the thing decently, and like a Christian. Begin now—Sir—To prevent the confusion that might arise from our both addressing the same lady" (in this case substitute interests) "I shall expect the honor of your company to settle our pretensions in King's Mead Fields. . . . This," Sir Lucius explained, "will put a stop at once to all confusion or misunderstanding that might arise between you. . . . Take my advice, and you'll decide it this evening if you can; then let the worst come of it, 'twill be off your mind tomorrow. But remember now, when you meet your antagonist, do everything in a mild and agreeable manner. Let your courage be as keen, but at the same time as polished as your sword." And mind, no knuckle-dusters, I fancy Sir Lucius would add today.

It will, anyhow, be interesting to see what is the challenger's next step in the matter, should his present overture be ignored. Were I a "Jewish interest" I should reply by challenging Sir Oswald Mosley, and thus get a little instruction in the reception of challenges.

## Child Mortality Rate Falls in Jerusalem

(Jewish Telegraphic Agency)  
JERUSALEM, May 12—A marked decrease in the mortality rate of infants and children up to the age of four is reported here by the Hadassah Medical Organization after a survey made in five Infant Welfare Stations in Jerusalem.

The survey shows that among 4,513 children registered in 1934 in these stations, there were 133 deaths, which is approximately three per cent, as compared with five per cent in 1931.

## Mrs. Miller Is Named Director of Council

Mrs. Marion M. Miller, former associate director of the Child Study Association, has been named executive director of the National Council of Jewish Women, it was announced yesterday by Mrs. Arthur Brin, president of the organization. Mrs. Miller fills the vacancy left by Mrs. Mary G. Schonberg who died a month ago.

### Selecting Jewish Farmers

It is difficult to understand why the Palestine Jewish delegation which is now on a mission in Poland to select Jewish farm hands for Palestine, has chosen as candidates such Jewish peasants as possess their own land in Poland.

When moving Jews from Poland to Palestine or any other country, the logical principle to follow would be to give the poorer portion of the Jewish population the opportunity of emigration and not those who still have something to exist on.

In the case of the first group of Jewish farmers who were selected by the Palestine delegation in Volhynia, this principle seems not to have been observed. Mr. Zitkov, the delegate from Palestine, preferred to choose Jewish peasants in Volhynia who own land, rather than farmhands who are only laborers.

### A False Path

The path which Mr. Zitkov has followed is especially surprising considering that he is a delegate from the Palestine Laborites. True as it may be that certain elements in Palestine would like to have workers on their plantations, people who are not real proletarians, the Laborites in Palestine do not by any means belong to those elements.

It is possible that Mr. Zitkov was motivated in his selection more by the interests of Palestine than by the interests of Polish Jewry. In this case, injustice is done to the really poor Jewish population of Poland. If the principle of giving preference in emigration to those who have no prospects of earning a livelihood in Poland is not observed, then the Jewish community of Poland will grow poorer and poorer while the richer elements of the Jewish population there will gradually leave the country.

### Planned Emigration Required

The Jewish situation in Poland today requires planned emigration. If anyone is to be given assistance to leave the country, whether for Palestine or any other land, it is first of all the youth, that has no future and no prospects of work—the youth that is being trained and adjusted by the O.R.T. by the Hehalutz and by other organizations, to farm work and artisanship.

The removal of Jews from Poland should be considered a Jewish national duty, from which the impoverished elements are to benefit before those who still have means to remain at home. Jewish farmers in Volhynia, or any other part of Poland, who still possess land sufficient to provide bread for them, should not be touched, no matter how valuable their experience in farm work may be to Palestine. Instead of them, the poorer elements among the Jewish handworkers in Poland—those who have nothing to leave behind them—should be considered.

### Social Justice Essential

It is difficult to judge from a distance why the first group of Jewish farmers to be taken from Poland to Palestine happens to consist of landowners. We hope that social justice will be practiced in the future when selecting other groups of Jewish farmhands for Palestine. Let the poor Jews be helped to find their way from Poland to other lands. The richer elements will find their way themselves.

## Streicher Has An Apt Pupil

The "New York Post," commenting on the renewed anti-Jewish drive in Germany, says:

Bavaria is indulging in new orgies of anti-Semitism. Dr. Springer, newly appointed Nazi propaganda chief in that district, received his political training in Nuremberg, where Julius Streicher holds sway. In his hatred for the Jew he excels his master. On April 30 he delivered himself of an address in which he charged the members of that race with responsibility for those who lost their lives in the Bavarian Soviet revolution.

"These Germans were killed," he cried, "by order of world Jewry. No one should be astonished if we want to drive men of this race from Germany. . . ." On the following morning all Jewish shops in Nuremberg were placarded with stickers: "Jews are our misfortune, Perish the Jews!" In some cases Nazis etched anti-Semitic slogans into large window panes of such stores with corrosive acid. When business men complained they were asked to prefer specific charges against the guilty parties. That ended the investigation. . . .

## Planning Social Welfare Program

Notes and News, the publication issued by the National Council of Jewish Federations and Welfare Funds and the Bureau of Jewish Social Research, commenting on Jewish community planning, says:

The transfer of relief responsibility from voluntary to public agencies has not had, as was at one time feared, the effect of deadening lay interest in Jewish social welfare activities. On the contrary, lay participation in Jewish welfare is taking cognizance of the fact that Jewish social work has a direct relationship to Jewish communal problems in general and that the existing welfare organizations may serve as the starting point for a broader and more comprehensive program. This emergence of lay leadership and the purposefulness of its direction, offers most heartening proof of the vitality of Jewish social welfare.

Particularly encouraging has been the caliber of discussions of the lay and professional leadership at regional meetings and other conferences. Discussion has become more progressive and realistic. In nearly every community there are to be found evidences of a heightened interest, evidenced in more energetic fund-raising efforts for local Jewish Federations, in

broader discussions, in attempts to organize community councils for the consideration of general Jewish social welfare matters. As concrete expressions of these tendencies, many communities are beginning to consider, to plan, and to organize Jewish welfare funds, for more efficient fund-raising and distribution on behalf of important local, national and overseas activities which have not been undertaken previously by local federations.

## Hadassah Tree Project Popular With Mothers

Thousands of orders have been received from all parts of the country by the national office of Hadassah for trees to be planted in Palestine as a Mother's Day observance, it was announced yesterday by Mrs. Eudice Elkind Bernstein, chairman of the Jewish National Fund Council of Hadassah.

"The idea of planting a tree as a tribute to a mother is most appealing to American Jewish women," Mrs. Bernstein said. "Rather than present a mother with an ephemeral gift the donor plants a tree in Palestine that becomes a permanent gift to the Jewish homeland and a permanent tribute to the person honored."

## Y's and Centers Meet Thursday To Air New Plan

### 9th Annual Perley to Discuss League's Reorganization

A plan for the reorganization of the Metropolitan League of Jewish Community Associations will be the main order of business at the League's ninth annual convention, to be held Thursday at the Y.M.H.A., West 110th Street. The League is the central agency for forty-three Y.M. and Y.W.H.A.'s and other Jewish Centers in Greater New York, Westchester and Long Island, with a combined membership of more than 100,000.

The proposed plan, according to M. Maldwin Fertig, president of the League, is the result of a year's study made by joint committees representing the Jewish Welfare Board, the League, and the Metropolitan Association of Jewish Center Workers. It will be submitted to lay and professional delegates of the constituent societies attending the convention.

#### Approved by J. W. B.

The plan was recently approved in principle by the executive committee of the Jewish Welfare Board, the national organization of Jewish Centers, of which Judge Irving Lehman is president. Under the plan, the Metropolitan League will be known as the Metropolitan Division of the Jewish Welfare Board. The new governing board will be composed of delegates of the Jewish Welfare Board, representatives of the constituent societies and delegates of the Metropolitan Association of Jewish Center Workers. The convention will be opened by a public dinner attended by the delegates and alternates, members of the League's administrative council, and interested laymen and center workers.

A panel discussion on "Jewish Centers and Public Issues" is included in the educational program of the convention. The discussion will be led by Samuel Kaufman of Mt. Vernon. Other members of the panel will be Judge David C. Lewis, Rabbi Alexander Basel, Mrs. Ray F. Schwartz, Jack Nadel, Graenum Berger, Dr. Henry Fleischman, A. W. Rosenthal, Samuel S. Solender, Moses W. Beckelman, Rabbi A. F. Landesman and Herman Jacobs.

## 'Yield to None in Loyalty,' King Told by Jews on Silver Jubilee

(Jewish Telegraphic Agency)  
LONDON—The following is the text of the Loyal Address presented to His Majesty on behalf of the Jewish Community for the Silver Jubilee, signed by Neville Laski, president of the Board of Deputies of British Jews, and Leonard Montefiore, president of the Anglo-Jewish Association:

"To the King's Most Excellent Majesty, Most Gracious Sovereign, We, the London Committee of Deputies of the British Jews, as the elected and representative body of the Jews of the British Empire, and we, the Anglo-Jewish Association, on our own behalf and on behalf of our branches throughout the British Empire, humbly approach Your Majesty for the purpose of offering our heartfelt and respectful congratulations on the twenty-fifth anniversary of Your Majesty's accession to the throne.

"We desire to assure Your Majesty that in the expressions of loyal affection which the auspicious event is evoking from the millions of your loyal subjects of every creed and race in all parts of the world, Your Majesty's subjects of the Jewish faith yield to none in the depth of their loyalty or the sincerity of their feelings. During Your Majesty's long and arduous reign, your Jewish subjects have shared in the efforts, the endurance and the triumphs of their fellow-countrymen with a deep sense of devotion to the Throne and to the British Com-

monwealth of Nations. In tendering their respectful congratulations they do so in full participation with the rest of Your Majesty's subjects in those rights and liberties within whose compass the British Commonwealth of Nations has advanced under Your Majesty's wise direction during the past twenty-five years.

"We earnestly pray that Your Majesty's reign may be prolonged and that you may continue for many years to enjoy the love and gratitude of Your Majesty's subjects."

## EINSTEIN writes a book for You

Professor Albert Einstein is one of the most modest men in the world. For many years his friends were unable to prevail upon him to publish in permanent form any except his scientific writings.

Now, at last, Professor Einstein has relented and in this book there are collected his ideas and thoughts on a multitude of subjects. Under the title

## "The World As I See It"

Professor Einstein speaks out with impassioned sincerity on the things nearest his heart, on Judaism, Germany, War, Peace, Politics, and Science. For the first time he explains with brilliant clarity, in non-technical language, the meaning of his Theory of Relativity. For the first time he discloses to the world his correspondence with the Prussian Academy of Sciences concerning his resignation out of disgust with the Nazi government. In addition, Professor Einstein here expresses his philosophy of life, his ideas on good and evil, on society, on the religiousness of science, on his impressions of America, and on his hopes for mankind. Never before has he shown himself in so many moods and with such unrestraint.

"It is not a theory that is revealed in these pages, it is a person, and a compelling person. As a mathematician Einstein may be difficult; as a man he is irresistible," said the *New York Times Book Review* about *The World as I See It*. All we can add is that here is a readable, extremely interesting book of the utmost importance. Those who unite in considering Professor Einstein one of the foremost personalities of our age cannot afford to miss reading *The World as I See It*.

## United Drives By Labor Units Urged at Parley

**Chanin Named President of Workmen's Circle; Baskin Reelected**

Unification of all campaigns conducted among Jewish labor organizations in America for Jewish activity in Palestine, Soviet Russia, Poland and other foreign lands, is demanded in a resolution adopted at the thirty-fourth annual convention of the Workmen's Circle, which concluded its sessions Saturday after electing N. Chanin as president. J. Baskin was reelected general secretary and B. Levitan, national treasurer.

The convention, which represented more than 70,000 organized members of the Workmen's Circle throughout the country, voted to contribute \$61,000 to various social and labor organizations and campaigns. Four hundred delegates signed a petition demanding freedom for the Yiddish language in Palestine.

### Dubious on Zionism

Expressing satisfaction at the fact that Palestine has in the past few years become a place where many oppressed Jews from European countries can find refuge, the convention emphasized in its resolution that it does not believe that Zionism can solve the Jewish question. "The Jewish working masses in Palestine deserve our attention, but not to any larger extent than the needy Jewish masses in other countries," the resolution states.

Urging that the Gevekschaften campaigns for Palestine be united with the campaign conducted here by the O.R.T. to help the Jews in Poland and Soviet Russia, the convention instructed its new Executive to call a conference of all organizations engaged in soliciting relief funds in America for needy working masses in Europe, and to insist that all these organizations unite into one large body.

dence and its democratic existence from foreign attack. He pointed out that dissemination of the "Protocols" in Switzerland is a definite violation of the existing law prohibiting the incitement of one section of the population against another.

Emphasizing that the Swiss Constitution draws no distinctions between citizens with regard to race and religion, Prof. Matti asked the court to put an end to the anti-Semitic propaganda which the Nazis are spreading in Switzerland along the same line as it is spread in Germany.

### Asks Acquittal

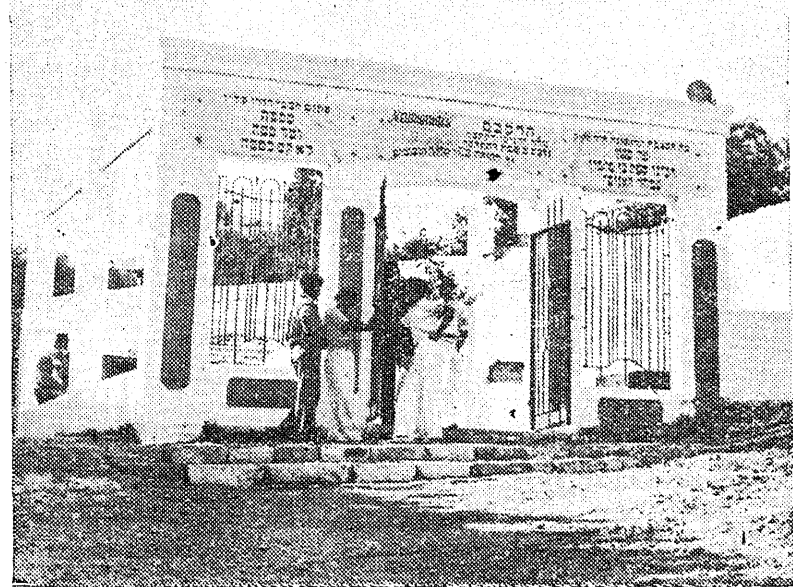

The Nazi lawyer Ursprung, in his address before the court, appealed for acquittal of the Swiss Nazis who are being sued for spreading the forged "Protocols."

"The accused could not know that the 'Protocols' are not genuine," the Nazi lawyer argued. He denounced international Jewry and asserted that "the time will come when Switzerland too will join in the fight against Jewish domination."

Another Nazi lawyer, Dr. Ruef, will make his plea before the court tomorrow, after which the decision will be announced by the court late Monday or Tuesday.

Messages of felicitation were received from a number of prominent persons including Prime Minister Colijn and Dr. W. de Vlucht, Lord Mayor of Amsterdam.

The Prime Minister said in his message that he was glad that during the fifty years the Jewish population has retained the best traditions of Jewish family life, the observance of its religion and loyalty to its native land and the Royal House.

The Lord Mayor wrote that it is impossible to speak too highly of the importance of the Jewish population to Amsterdam. "The Jews who have come from other countries and settled here," he said, "have been made to feel at home in this Jerusalem of the North, as it has been termed. They have helped to make the city economically prosperous and have shown a good civic spirit," he writes.

LONDON, May 12.—The World Zionist Executive issued a statement today replying to the charges of the Zionist Revisionists that the last session of the Actions Committee in Jerusalem forced the Revisionists out of the Zionist Organization, by rejecting the demand for a round table conference of representatives of all groups in the Zionist movement, and by approving the text of the change in the Shkel.

In its statement, the Executive denies that the resolutions of the Actions Committee contain any change of attitude towards the Revisionists. "The status of the Zionist Organization as a representative of the Zionist will of the Jewish people has not changed," the statement says.

## Anti-Nazi Body Changes Name to Avoid Confusion

The Anti-Nazi Minute Men of the United States will henceforth be known as the Minute Men Against Bigotry and Intolerance, it was announced yesterday by Edgar H. Burman, commander-in-chief of the organization which has been active in promoting boycott of German products. The new name was adopted, it was explained, because of misunderstanding and confusion resulting from the former name's similarity to that of the Non-Sectarian Anti-Nazi League, with which it has no connection.
