## Push Drive For Colony Of Palestine

### Wedgwood Warns It Will Be 'Germanized' Under Present Status

(Jewish Telegraphic Agency)  
LONDON, May 23—Renewed efforts to have Palestine proclaimed a crown colony instead of a mandated territory under the League of Nations were started today by Col. Josiah Wedgwood, Laborite member of the British Parliament.

Col. Wedgwood, who has been known for his pro-Zionist sentiments, is the author of an article appearing today in the Near East and India, semi-official organ of the Colonial Office, declaring that Palestine must be converted into a crown colony.

"Either Palestine becomes a crown colony or it will be Germanized," Col. Wedgwood warns in his article.

#### Progress Hampered

The present status of Palestine as a mandate territory is thwarting the progress of the country, the Laborite member of Parliament believes.

Col. Wedgwood accuses the present British administrators of Palestine of antipathy towards Jewish immigration. He also points out the advantages Palestine would enjoy by receiving imperial preference as a crown colony, particularly in trading with other countries of the British Empire.

"The present agitated political uncertainty in Palestine would terminate if the country were given the status of a crown colony," Col. Wedgwood predicts.

He emphasizes that through the increased use of Yiddish in Palestine and through the large immigration from Germany, there is a danger that Palestine may become "Germanized." This danger can be averted only if Palestine becomes a part of the British Empire by being given the status of a crown colony, he says.

## Widow of Dr. Silberfarb Dies in Warsaw at 52

(Jewish Telegraphic Agency)  
WARSAW, May 23—Chaja Silberfarb, widow of Dr. M. Silberfarb, former Minister for Jewish Affairs in the Ukraine and head of the ORT, organization to promote Jewish artisanship, died here today at the age of 52.

## Jerusalem Set To Report to Mandates Body

### Moody Will Represent Government; Agency Also to Report

(Jewish Telegraphic Agency)  
JERUSALEM, May 23—The Palestine government will be represented at the next session of the Mandates Commission of the League of Nations in Geneva by Assistant Chief Secretary Moody, it was announced here today.

Mr. Moody is proceeding shortly to Geneva, ready to answer any question on Palestine which may come up before the Mandates Commission.

The report of the Palestine government to the Mandate Commission is divided into two parts, one on Palestine and the other on Transjordan. It deals with immigration, colonization, employment, health work and education.

#### Agency to Report

Simultaneously with its own report on Palestine and Transjordan, the Palestine government will also submit to the Mandates Commission a report of the Jewish Agency, reviewing the progress made in the Jewish upbuilding work. The Agency report will be submitted together with a covering letter from Nahum Sokolow, president, in which grievances with regard to immigration and land purchasing laws, will be outlined.

### Reich Jewish Veterans Give Views on Bar By Army

(Jewish Telegraphic Agency)  
BERLIN, May 23—The elimination of Jews from the German army under the new conscription law does not affect the self-respect and the honor of the German Jews, the Association of Jewish War Veterans declared in a statement today.

"This is because the Jews are barred from the army not for lack of the proper qualifications but for their racial origin," the statement continues. "The facts have proven once and for all that in peace or in war the Jewish soldiers, whether privates or officers, stood their test with honor."

Dr. Alfred Hirschberg, one of the leaders of the Central Union of German Citizens of the Jewish Faith, addressing a meeting on the "realities of our Jewish situation," said that there are today three aspects of the Jewish problem in Germany: citizenship, economic life and cultural activity.

The speaker quoted authoritative statements by government spokesmen indicating the intentions of the government with regard to re- (Continued on Page Four)

## It Seems They Don't Approve of Matzoh

### 'Forced' to Eat It at Roadside Stands, Lithuanians Complain

(Jewish Telegraphic Agency)  
KAUNAS, May 23—A demand that Jews be forbidden to operate refreshment stands along public highways was submitted to the government of Lithuania today by the Verslas, an anti-Semitic organization.

The demand is based on the pretext that the Jews operating refreshment stands along the roads "are forcing the non-Jewish travelers to observe Jewish holidays." To substantiate this argument, it is pointed out in the demand that during last Passover Jews operating refreshment stands at bus terminals "forced" passengers to eat matzoh or go hungry.

## U.S. Educators to Attend Science Parley at Wilno

(Jewish Telegraphic Agency)  
WILNO, May 23—The first all-world Yiddish Cultural Congress, called by the Jewish Scientific Institute, will open here August 14, it was announced today.

Delegates from all over the world, including the United States, are expected to participate. Prof. Salo Baron of Columbia University, Dr. Jacob Schatzky of New York and other leading American educators will represent the American section of the Institute at the Congress.

## League Gets Reply On Danzig Protest

### First of 'Josef' Boys Is Born in Poland

(Jewish Telegraphic Agency)  
WARSAW, May 23—A Jewish male child, the first to be born in Poland since the death of Pilsudski, was named Josef at its circumcision ceremony today, in memory of the late Marshal.

The child was born in Rovno, the city where the Rabbinate had decreed that all Jewish boys born this month should be named Josef. The father of the infant is a poor tailor, Peretz Muznik. The Jewish Community of Rovno met the cost of the ceremony, performed in the presence of many Jewish leaders.

## Teachers Quit Hebrew Schools In Wage Protest

### 1,500 Stage a One-Day Stoppage to Rouse Public Opinion

A one-day stoppage in all the Hebrew schools of Greater New York City yesterday involved more than 1,500 teachers and affected 60,000 Jewish children who are pupils in Hebrew Parochial Schools and Talmud Torahs.

The walkout was sponsored by the central committee of the Hebrew Teacher's Organization, 425 Lafayette Street. Abraham Spierer, an unemployed teacher, directed the action.

"The walkout," said Mr. Spierer, "was not directed against any one institution, school, person, or organization. It was held purely for the purpose of arousing public opinion against the conditions under which the Hebrew teachers in this city have been laboring for many years."

#### Lists Demands

The protests, Mr. Spierer said, are against the low salaries, unpaid salaries and vacations without pay. The average earnings for teachers, including men with fifteen to twenty years' experience, range (Continued on Page Four)

## Nazi Senate Admits Jews Hard Hit; Denies Curbs

(Jewish Telegraphic Agency)  
GENEVA, May 23—A memorandum, admitting that the position of the Jews in Danzig "has grown worse" but denying that Jewish rights are being infringed upon by the administration, was submitted today to the League of Nations by the Danzig Senate, which is controlled by Nazis.

The memorandum came as a reply to a petition submitted by the Jewish Community of Danzig to the Council of the League of Nations, complaining that provisions of the agreement between Danzig and the League are being violated by mistreatment of the Jewish population.

#### Makes 4 Demands

The text of the Jewish petition, which was made public here today, reviews the developments in Danzig since the Nazis obtained a majority in the Senate there. The petition asks that the League of Nations make the following demands of the Danzig Senate:

1—To repeal nine unconstitutional laws which affect the rights of the Jews of Danzig.

2—To institute changes in the Danzig administration in order to prevent anti-Jewish discrimination in the future.

3—To organize adequate protection for all citizens of the Free City against defamation.

4—To take strict measures against the anti-Jewish boycott propaganda in the Free City.

#### Gives Danzig View

The Danzig Senate in its reply to this petition points out that although the position of the Jews in Danzig has grown worse, this cannot be considered an infringement of the Danzig constitution.

"The Jewish situation in Danzig is growing worse because of the attitude of the local population towards the Jews. It is not the task of the government to combat this attitude," the reply of the Danzig Senate states.

The memorandum submitted to the League by the Danzig Senate contains a veiled threat to the Jews and asserts that "public opinion in Danzig will not improve (Continued on Page Four)

## Put \$50,000 in Boycott Drive, London Merchant Is Insolvent

(Jewish Telegraphic Agency)  
LONDON, May 23—The anti-German boycott propaganda conducted by Capt. W. J. Webber in England at his own expense, cost him more than \$50,000 and led to his bankruptcy, it was disclosed here today in court after a public examination.

Capt. Webber, well known for his "British Boycott Organization," declared in court today that he felt compelled to fight Nazi persecution of German Jews since it interested him keenly. "The cost of the entire anti-Nazi boycott campaign was practically covered by me alone," he said.

In 1933, before the Nazis came into power, Capt. Webber was considered a successful business man in London. He neglected his business to such an extent to devote himself to organize the anti-German boycott that the business came to a standstill.

## Polish Jews to Train Youths For Life on the Bounding Main

(Jewish Telegraphic Agency)  
WARSAW, May 23—Encouraged by the experiment in Riga, where Jewish boys are being trained as aviators, sailors and fishermen for Palestine, a movement has been started here to train Polish-Jewish youths for nautical careers.

A new organization, Zebulon, has been formed here, and will start active functioning this Summer. The organization plans to buy a small vessel as a training ship and to start with 200 young Jews who will be trained as sailors. Others will be trained as fishermen.

The promoters of the project believe that the training will be valuable in preparing Jewish youths for a greater role in Polish-Palestinian commerce, which has already reached impressive proportions, as well as for their future residence in Palestine.

The Riga project is conducted by the Brith Trumpeldor, Revisionist youth organization.

## Biro-Bidjan and Foreign Jews

By DAVID WENDROFF  
(J.T.A. Staff Correspondent)

MOSCOW.

The Soviet government has decided to permit foreign workers to settle in Biro-Bidjan only after being satisfied that preliminary stages in the progress of the autonomous Jewish region have been sufficiently advanced, Prof. Joseph Liberberg, chairman of the regional executive committee, declared here in a special interview.

He also disclosed that the question of participation in the work by foreign Jewish organizations is now under consideration by the authorities, and describes the procedure to be followed in the work of settlement in the next year or two.

### Previous Efforts Vain

"The question of admitting Jewish workers from abroad to Biro-Bidjan," he declared, "has been for a long time under consideration by the Soviet bodies, because the urge of Jewish workers abroad to Biro-Bidjan has been extensive during the whole of this time. The Jewish workers abroad consider it as a matter of course that the Jewish autonomous region should have room for every worker who wishes to help build the future Jewish Soviet Republic. Several attempts have been made previously, but were to a certain extent unsuccessful because the region had not yet been prepared. There could have been no question of a mass immigration simply because we are not prepared for it.

"It is only now that the building of the autonomous region as a constituent of the great building of the Far East has assumed a wide State scale when the immigration is being carried out according to previously strictly regulated plans and is being properly prepared that we feel ready to admit and settle that number of foreign Jewish immigrants which has been decided upon for the immigration period 1935-1936. That is the chief reason why the question has now been settled in the positive sense."

### Consider Outside Aid

On the question of the participation of foreign organizations in the work of settling Jewish immigrants from abroad in Biro-Bidjan, he said:

"The question of the participation of foreign Jewish organizations is now being considered in the appropriate government bodies. But the question of settling foreign working Jews in Biro-Bidjan has been settled and will be carried into effect, independent of whether the foreign Jewish organization will take part in the work or not. Immigrants will be admitted at first mainly from Poland, Lithuania,

Latvia and other adjoining countries. With regard to other countries, immigration will probably be allowed from there too, only some time later. Individual exceptions will no doubt be made even now."

### Reason for Limits

Prof. Liberberg gave no explanation for the decision to admit for the present immigrants from the neighboring countries and to hold back for the time being from a mass movement from the more distant European countries and from overseas countries. It appears that this decision is based, however, on the fact that the position of the working class Jews in many adjoining countries is much worse than that of the Jews in other European countries and in America.

Another reason would seem to be the fact that the Jews in the adjoining countries are more or less accustomed to the same conditions of life as in the Soviet Union, and they will therefore be able to adapt themselves more easily to the difficulties which are unavoidable in mastering a new and sparsely populated area.

"The selection of immigrants from these countries will be carried out by the Jewish Colonization Society Ozet," he declared. "The selection will be very careful and strict, so that there should be no danger of any re-emigration by unsuitable elements. The immigration movement will probably begin only at the end of this year, and the first months will be given up to preparatory work."

## 500 at Reception To Mrs. Friedman

### Palestine Lighthouse Honors Its President on Return From Holy Land

About 500 persons gathered at the Ambassador Hotel yesterday afternoon in a reception and luncheon given by the Palestine Lighthouse in honor of the return from Palestine of its president, Mrs. Samuel D. Friedman.

Mrs. Friedman gave a report on the dedication of the new building in Palestine, erected by the Lighthouse, to be used as a home, school, workshop and center for the blind. Mrs. Alexander Kohut was honorary chairman of the affair. Greetings sent by Governor Lehman were read by Dr. David de Sola Pool.

Charles H. Johnson, Secretary of the New York State Board of Charities, who had visited the Institution in Jerusalem spoke in praise of its building and its work. Rabbi Stephen S. Wise made a plea for support of the Palestine Lighthouse and its activities in behalf of the blind.

## Notables to Speak at Club's Anti-War Rally

Congressman Ludlow of Indiana, Mayor Ellenstein of Newark and Justice Jacob S. Strahl of Brooklyn will be the featured speakers at an anti-war and anti-discrimination rally next Tuesday night under the auspices of the Jewish Political Club, it was announced yesterday.

A number of East Side organizations will participate in the meeting, which will be held at the club's headquarters, 96 Clinton Street.

### Hebrew Teachers in America

Teaching is not among the best paid professions in America. Teaching Hebrew is definitely among the underpaid professions.

Twelve hundred Hebrew teachers in New York alone were compelled to declare a stoppage yesterday because their salaries average less than \$70.00 a month. The majority of them having families to support, they are compelled to live on starvation wages, and even those are not paid on time.

"When there is no bread there is no learning," says the Hebrew proverb. One cannot teach on an empty stomach. The stoppage of the Hebrew teachers will therefore be viewed sympathetically by many.

### Abnormal Conditions

The purpose of the stoppage is not only to obtain an increase in wages but also generally to improve the working conditions of the teachers in the Hebrew schools and Talmud Torahs in New York. Most of the teachers in these institutions are compelled to take lengthy, payless vacations. Others are forced to wipe off debts due them in salaries, despite the meagreness of these salaries.

To normalize once and for all the conditions of the Hebrew teachers in New York is the purpose of yesterday's action. To remove the irregularities in the relations between the teachers and the institutions by which they are employed, is its aim.

### Parents and Children

The Hebrew School in America is a semi-communal institution. Attendance is not compulsory. Parents must have a real interest in giving their children a Hebrew education before they decide to send them to a Hebrew school.

The stoppage proclaimed yesterday will therefore provoke great interest among those parents who would like to see their children receive a Hebrew education in addition to the general education they get in the public schools. As for the children themselves, the stoppage—if it is permitted to last—is only likely to cool their interest in their Hebrew studies, as in most cases they are indifferent to these studies anyway.

The Hebrew Education Association, it seems to me, is the institution which should therefore take a hand in the situation, and see to it that the demands of the teachers are in one way or another settled. The stoppage must not be permitted to drag as it would have a demoralizing influence on the hundreds of children affected.

### Yiddish Better Off

The stoppage in the Hebrew schools should not be confused with the situation in the Yiddish schools in New York. The Yiddish schools here, most of which are under the supervision of the Arbeiter Ring, are conducting their work normally, with no complaints on the part of the teachers.

The average salary of a teacher in a Yiddish school is \$150.00 a month. Compared with this average, the salary of the Hebrew teacher is far below the minimum. It is no wonder that the situation has reached a point where the Hebrew teachers had to resort to a stoppage.

## Deplores Breach In Zionist Unity

The *Zionist Record* of South Africa, in an editorial asking for "Sanity in Zionist ranks," says:

Against all the advice of the responsible elements in their own party, including every one of their important leaders, the Labor Organization in Palestine insisted on a referendum on proposals making for a settlement of labor disputes and other causes of trouble in Palestine. It was a clear case of Hashomer Hazair, the extreme wing of Labor, encouraged unfortunately by some other sections of Zionist opinion in Palestine who should have known better, forcing the issue; and the result is a serious setback to the efforts of responsible men of all parties to heal the breaches of the day.

On the other side, we see a continuance of the inexplicable attitude of the Revisionists on the question of discipline. It is remarkable that the very Union which, more than any other Zionist body, imposes rigid discipline upon its own members, should claim as a principle the right to be part of the larger Zionist whole without being amenable to the discipline of the whole. The Revisionists want to eat their *kugel* and have it. We cannot but believe that in this case, too the extremists in their ranks have forced the issue; we know at least that at their recent conference in Cracow there was frequent divergence of opinion between the presidium and the more extreme elements.

## Children in Reich Seen Hardest Hit

The *Church Times* of London, commenting on the increased wave of Jewish persecution in Germany, says:

The persecution of the Jews in Germany continues, and is, indeed, becoming more and more comprehensive. The life of the educated Jew, whose family has probably been in the country for centuries, must be almost unbearable; and the saddest side of the whole thing is that it is the children, compelled to attend the public schools, who are the worst sufferers of what is really unspeakable wickedness.

## Sees Balfour Plan Being Realized

The *Dundee Courier and Advertiser* of Scotland, commenting on the situation in Palestine, says:

In the famous Balfour Declaration on the future of Palestine under British rule the country was spoken of as destined to become once again "a national home for the Jews."

This expression of policy gave acute offense to the Arabs, who formed the vast majority of the actual inhabitants of the country, and they have never ceased to protest against it. And in deference to their protest, the Palestine Administration has severely controlled Jewish immigration.

Despite that control, however, the Jewish ideal seems to be slowly but inexorably realizing itself.

The Zionist Federation of Great Britain and Ireland has just reported that during last year the Jewish immigration "almost reached the record figure of 50,000," and that the total Jewish population of Palestine is now 325,000, or about a quarter of the population of Palestine.

Most of this Jewish population comes from Russia and Eastern Europe, but persecution in Germany accounts for an appreciable proportion of 1934's record figure. Altogether it is a population among which British Jews would not find themselves much at home.

# Million Mark Within Reach In Appeal Drive

## Return to Pre-Slump Standard Seen in Income Report

The 1935 United Jewish Appeal campaign has obtained more than \$750,000 toward its national goal of \$3,250,000 to aid the Jews of Germany and Eastern Europe and for the settlement of Jews in Palestine, it was announced yesterday by Felix M. Warburg, national chairman of the drive.

Forty-seven communities which organized early this year for participation in the national campaign have already completed their drives, raising the quotas assigned to them, Mr. Warburg said. One hundred campaigns are now in progress from coast to coast. Others will be launched early in June. It is expected that the million dollar mark will be reached within the next fortnight.

A return to pre-depression standards of giving is presaged in the response of numerous cities, who are reporting contributions well above those of previous years, the report on income stated. Realization of the urgency of the objectives of the Appeal and rising optimism over domestic economic conditions are reflected in the reports sent by local chairmen to campaign headquarters in New York City, Mr. Warburg said. Communities have reported increases ranging from ten to as high as one hundred per cent over last year's contributions.

### Albany Opens Drive Today

(Special to the J.D.B.)

# World Jewry Must Aid School At Jerusalem, Says Bentwich

Declaring that the Hebrew University in Jerusalem "is fast becoming the spiritual center of the scattered Jewish people," Prof. Norman Bentwich, former Attorney-General of Palestine, made an eloquent plea at a dinner in his honor last night at the Hotel Savoy-Plaza, for more adequate support of the University.

"I lament the failure of the Jewish people not only in America but elsewhere," said Prof. Bentwich, "to rise to the height of opportunity and need in the support of their greatest cultural institution. Particularly at this moment, with so many brilliant scientists and world-famous scholars available as the result of the German exodus, we have the double opportunity of building up a great University and at the same time making it one of the principle lifeboats for salvaging Jewish genius and talent that otherwise may be lost."

# Nazi Attitude Of Rutgers Prof Is Revealed

## Dr. Hauptman Gave Jews Low Grades, Probers Told

(Special to the J.D.B.)  
NEW BRUNSWICK, N. J., May 23—A number of students and graduates of the Women's College of Rutgers University appeared today as witnesses before the board of trustees' committee investigating the charges of anti-Semitism against Dr. Frederick J. Hauptmann, head of the German department of the Women's College.

All witnesses testified that Dr. Hauptmann maintained an anti Semitic attitude in the classrooms. Miss Isabel Shackell, a non-Jewish graduate of 1934, declared that although she had told Dr. Hauptmann that she is not a Jewess, he did not believe her and unjustly gave her poor marks for a period of two years.

### Convinced of Bias

"I am convinced that Dr. Hauptmann and his wife are definitely prejudiced against Jews," Miss Shackell said.

Asked by a member of the inquiry committee what marks Jewish students received in the German department, Miss Shackell said that only two Jewish students who were so good that they were above reproach, received good marks.

The testimony of Miss Shackell was followed by similar testimony from other recent graduates. Miss Frances M. Williams, a senior and former editor of the Campus News, testified that she first heard of Nazi propaganda in the classrooms last fall when Dr. Hauptmann was preparing for a visit to Germany.

Miss Marian Short, the present editor of the Campus News, testified that many letters of protest from students came in to the university paper when Prof. Leinard Bergel was dismissed by Dr. Hauptmann for opposing Nazi propaganda in the German department.

# Draft Edict Held No Blow to Honor

Evocation of the citizenship rights of Jews.

"It is not only in Germany," he said, "that changes are being effected in the conception of what constitutes citizens, inhabitants and national minorities."

Emphasizing that the main duty now is to examine to what extent the Jews will be secure in Germany after losing their citizenship rights, Dr. Hirschberg also pointed out that if the "Aryan paragraph" is kept out of economic life, the Jews in Germany could maintain themselves economically despite other repressions.

Dr. Hirschberg also spoke against the resolutions adopted by the German Zionists which, he said, amount to a claim to Zionist leadership of German Jewry. Expressing readiness to cooperate with the Zionists, he emphasized that Jewish leaders in Germany will never agree to hand over control of the entire life of German Jewry into Zionist hands.

# Teachers Quit Hebrew Schools

from \$850 to \$900 a year, Mr. Spierer pointed out. A scale of \$1,200 a year, salaries paid on time, and vacations with pay are demanded.

More than 120 teachers from fifteen parochial schools gathered at the organization's headquarters early yesterday morning and held a spirited meeting. Similar sessions were held by teachers throughout the city yesterday.

The union, according to Mr. Spierer's statements, is 100 per cent organized and comprises three divisions, Agudat, More and Hay Eshizot. Teachers in the Board of Education system who teach Hebrew in the city High Schools are not involved.

"We would like to secure the management of the schools by the teacher," declared Mr. Spierer. "In many schools the funds that have been raised in educational drives or which have been allocated towards educational purposes have been spent for non-educational purposes. The teacher has suffered as a result of these practices in the forms of low and unpaid salaries."

Rabbi Stephen S. Wise addressed a mass meeting of the teachers last night at the Hotel Pennsylvania.

In the course of his address, Dr. Wise, who is president of the American Jewish Congress, urged that the Jewish community here "establish the education of our children on the broadest and securest basis."

Appealing for sympathy and understanding for the Hebrew teachers in their stoppage, Dr. Wise voiced the hope that their action would "mark the beginning of a new attitude of understanding and sense of obligation toward the vital and central problem of Jewish education."

even if the Jews make use of the rights which they demand in their petition." The memorandum consists of twenty-four pages.

Taking issue with the Jewish demands, the memorandum of the Danzig Senate declares that the Jews are not justified in asking the repeal of certain laws and for changes in the Danzig administration. The government has done enough to organize adequate protection for the Jews and does not consider itself obligated to take measures against the anti-Jewish propaganda in Danzig, the Senate's memorandum declares.

Capt. Anthony Eden, who is the rapporteur on Danzig, will not report the petitions before the session of the Council of the League of Nations, as he is busy with other matters, it was learned here today.

# 2,000 Families May Migrate To Syria - If

## Catch is They Must Take Minimum of \$10,000 Into Country

(Jewish Telegraphic Agency)

BEIRUT, May 23—The extent to which the Syrian government is anxious to permit Jewish immigration into Syria was disclosed here today when it was stated that no objections will be raised to the entry of 2,000 Jewish families into the country, provided they bring along with them a capital of \$10,000 for each family.

The Syrian authorities, while anxious to attract Jewish capitalists, are not at all interested in permitting the entry of Jewish doctors, lawyers and other professionals, it was made clear today.

Doubt was expressed today by competent observers, whether Jewish capitalists will be interested in going to Syria if no Jewish workers are admitted.

### Alien Labor Curbed

Labor laws in Syria make it difficult for alien citizens to obtain employment. It is therefore a question whether any foreign Jew will undertake any enterprise in Syria if he is not assured of his right to employ Jews.

It was also pointed out today that Jews from abroad, if they possess a capital of \$10,000, would prefer Palestine to Syria.

Syria's exports to Palestine now average \$5,000,000 a year, while its imports from Palestine total only one-fourth of this sum, it was disclosed today in connection with the Syria-Palestine trade negotiations started by the High Commissioner Wauchope of Palestine during his visit here last week.

# Defeat in Trial of Cairo Nazi Held of No Import by Prosecutor

(Jewish Telegraphic Agency)

CAIRO—The full text has now been made available here of the proceedings before the Alexandria Mixed Court of Appeals in the Cairo action against the president of the Cairo German Club brought on behalf of the Cairo League Against German Anti-Semitism by an Italian Jewish resident here, Umberto Jabes.

Although the court dismissed the appeal on the ground that it has no competence in such an action, much gratification is felt on account of the speech made in court by the prosecutor general, Justice Hugh O. Holmes, K.C., who said:—"The case of the Jewish race has already lasted twenty centuries, and it can be said now that history has definitely judged it."

"During all this time, this race has been subjected to all kinds of

defamation and even more serious ordeals, and it is not by suing before tribunals, but by despising such defamations and confining itself to the efforts of its own members throughout the world, that it has obtained from the only competent tribunal, that of history, a favorable judgement, which cannot be affected by the pamphlet which has led to this case, or by the decision arrived at by a tribunal of three or four Magistrates, no matter how high their authority."

The court was presided over by Justice Sir C. Van Ackere (Belgian), Vice President of the Mixed Court of Appeal, and composed of Justice Youssouf Bey Zulficar (Egyptian), Justice Messina (Italian), Justice J. S. Blake-Ross (British) and Justice Scandar Bey Azer (Egyptian).

# EINSTEIN

writes a book for You

Professor Albert Einstein is one of the most modest men in the world. For many years his friends were unable to prevail upon him to publish in permanent form any except his scientific writings.

Now, at last, Professor Einstein has relented and in this book there are collected his ideas and thoughts on a multitude of subjects. Under the title

# "The World As I See It"

Professor Einstein speaks out with impassioned sincerity on the things nearest his heart, on Judaism, Germany, War, Peace, Politics, and Science. For the first time he explains with brilliant clarity, in non-technical language, the meaning of his Theory of Relativity. For the first time he discloses to the world his correspondence with the Prussian Academy of Sciences concerning his resignation out of disgust with the Nazi government. In addition, Professor Einstein here expresses his philosophy of life, his ideas on good and evil, on society, on the religiousness of science, on his impressions of America, and on his hopes for mankind. Never before has he shown himself in so many moods and with such unrestraint.

"It is not a theory that is revealed in these pages, it is a person, and a compelling person. As a mathematician Einstein may be difficult, as a man he is irresistible," said the New York Times Book Review about *The World as I See It*. All we can add is that here is a readable, extremely interesting book of the utmost importance. Those who unite in considering Professor Einstein one of the foremost personalities of our age cannot afford to miss reading *The World as I See It*.
