ZIONIST CONGRESS ASKS WORLD SUPPORT AGAINST NAZIS

LUCERNE, Switzerland, Sept. 3. (JTA) -- Over the opposition of the German delegation, the 19th biennial World Zionist Congress at its closing session today adopted a strongly worded resolution protesting the persecution of the Jews by the Nazis and appealing to the world to "assist the Jews in the fight to guarantee their existence."

The action came after Rabbi Stephen S. Wise of New York, president of the American Jewish Congress, in a powerful address had scored the Nazi regime in Germany.

The Zionist Congress together with the Jews throughout the world are fighting the racial theory of the Nazis "which aims to degrade a people on the sole basis of race," Dr. Wise declared.

He stated that it was beneath the dignity of the Congress to pay attention to the "slanders and falsities" of the "Protocols of the Elders of Zion." However, he thanked Swiss Jewry for furnishing an occasion to expose these falsities by the Berne trial. (He referred to the recent trial in Berne in which the "Protocols," purporting to reveal a Jewish plot for world domination were ruled a forgery.)

The resolution follows:

"The 19th World Zionist Congress raises its voice against the systematic deprivation of rights of German Jewry which with growing intensity is undermining the moral and material existence of the Jews in Germany.

"At the same time the defamation of the entire Jewish nation is also being conducted by the German government with a view to undermining the Jewish position in the whole world.

"The Zionist Congress considers it its legitimate duty to repudiate in the name of the Jewish people the defamation of the Jews on account of their racial origins as a contradiction in the elementary principles of morality and justice.

"The protest against this deprivation of rights does not concern only the Jewish people, but it is a question of the defence of the principle of equality of rights of all peoples."

The resolution further declares, "The Jewish people, which has defended its honor and national character during centuries of history regardless of great sacrifices, will never under any circumstances or for any price give up this fight.

"The Jews will fight for equality of rights of Jewish citizens of all countries as well as for their rights of existence as nationals among the nations of the world, and will defend with the same determination its right in other countries as they will defend the right for its national existence in Palestine as the solution to the problem of the Jews.

"The Jewish question has become a world question. It demands for its solution the cooperation and sympathy of the non-Jews of the world.

"The 19th Zionist Congress appeals to all peoples of the world to assist the Jews in the fight for the defense of their honor and to guarantee their existence."

The resolution was reported to the Congress by Dr. Wise as head of the Committee on the Situation of the Jews in Diaspora Lands.

ZIONISTS BACK WORLD JEWISH CONGRESS

In addition, the Congress adopted a resolution approving the convocation of a world Jewish congress and instructing all Zionists and all Zionist groups to participate in preparation for the parley.

The resolution emphasises that the economic and political situation of the Jews in several Diaspora lands is constantly growing worse and endangering the national minority rights of the Jewish populations of these countries.

"The World Jewish Congress would be composed of representatives of all factions of the Jewish nation and created along democratic lines," the resolution states. "Therefore, it is an urgent requirement of the work of defending Jewish political rights and their economic existence."

The first conference of the non-Zionist members of the Jewish Agency council was held today to formulate their demands for the

their demands for the sessions which open tomorrow. More than forty members from all parts of the world are present.

The Swiss Jewish Community will give a reception to the agency members tonight in the Congress and Arts Palace where the Zionist Congress is being held.

FAVOR TRANSFER AGREEMENT CONTINUANCE

Late last night, amid tumultuous scenes during which delegates of the Jewish State Party shouting "Hitler Agents buy German goods!" demonstratively left the hall, the Congress adopted a resolution favoring the continuance of the Palestine-German barter agreement. The Congress decision, however, removes control of the transfer from the Haavara, special trustee office created for the execution of the pact, and lodges supreme control with the World Zionist Executive.

The resolution was adopted by a vote of 169 to 12. Seventeen refrained from voting. The entire Mizrahi delegation of 65 absented itself from the hall when the resolution was reported. The resolution had the support of the Laborites and Group A General Zionists. The Jewish State Party and Group B General Zionists, right-wing groups, opposed it.

The resolution, read by Rabbi Abba Hillel Silver of Cleveland, rapporteur for the special committee on the transfer agreement, follows:

"In order to encourage the continued immigration into Palestine of Jews from Germany, the incoming Executive is instructed to take over control of the work of Haavara."

A minority resolution demanding complete abrogation of the agreement with Germany was introduced by the Jewish State Party, but was defeated. As soon as the vote was announced, the Jewish State Party delegate marched out of the hall in protest.

Rabbi Silver informed the Congress that the committee had adopted a series of resolutions in connection with the barter pact which were not publishable, but which guaranteed that the transfer be limited only to transactions involving the capital of German-Jewish immigrants and that no goods imported from Germany through the transfer agreement can be sold in countries neighboring Palestine, he said.

Meier Grossman, leader of the Jewish State Party, speaking for his faction and Group "B" General Zionists, declared if the Congress decided to continue the agreement "the Zionist Executive will actually be converted into an agency for German industry."

Dr. Schmorak of Poland, speaking for Group "B" General Zionists, charged that it would be impossible to continue the anti-Nazi

boycott in Poland which is being conducted at a great loss to the Jews, "if the Zionist Executive agrees to act as official agents for Germany."

Mrs. Goldie Meyerson, Palestine woman labor leader, defended the resolution. "The boycott against Hitler," she said, "should not be converted into a boycott against the Jews in Germany." She emphasized that German Jews must be saved and must be enabled to go to Palestine. Under the control of the Zionist Executive, she said, no unscrupulous parties would be able to take advantage of the barter pact for personal gain.

\$15,000,000 COLONIZATION BUDGET ADOPTED

The Congress decided to raise at least \$15,000,000 in the next two years to meet urgent colonization requirements, and at least \$10,000,000 for the acquisition of new land in Palestine. This is to be raised through the Keren Hayesod, Zionist colonizing agency, and the Jewish National Fund, land redemption agency, respectively.

The Congress also urged the Executive of the Jewish Agency for Palestine to assist the Jewish National Fund in its present negotiations for a huge national loan to facilitate land redemption.

At the same time the Congress adopted a budget for the Zionist Organization for 1936. The budget aggregates \$1,940,000 and includes among its main items the following: \$150,000 for the settlement of German Jews in Palestine, \$372,500 for general colonizing work, \$275,000 for the immigration department of the World Zionist Organization and \$50,000 for the development of training farms for prospective young immigrant workers in the various countries of Europe.

The budget also includes \$100,000 for education, \$65,000 for the labor department of the organization, \$60,000 for its political department and \$55,000 for the administrative expenses of the World Zionist Executive. An appropriation of \$105,000 is set aside for the administrative expenses of the Keren Hayesod, Zionist colonizing and fund raising agency.

The Congress also decided that no Zionist or non-Zionist may enjoy "active or passive election rights" in the council of the Jewish Agency unless he has contributed to the Keren Hayesod. Zionist members of the Agency Council were instructed to fight for the adoption of this measure at the session of the council which opens here tomorrow.
