BERLIN, Sept. 30. (JTA) -- A new warning to Jews to "beware of provoking the German people," was issued today by Viktor Lutzke, Chief of the German Storm Troops.

Cautioning Jews not to expect any change in the Nazi attitude, the Storm Troop Chieftain declared that "as long as the Stormists are marching, the Jewish laws will be enforced."

Excluding Jews because "they are no longer citizens of the German nation," a new law was promulgated here today granting State subsidies to large families.

#### GOEBBELS WARNS AGAINST INDIVIDUAL ANTI-SEMITIC ACTS

BERLIN, Sept. 30. (JTA) -- Terming individual anti-Jewish acts "an act against the State," Propaganda Minister Paul Joseph Goebbels, last night took a strong stand against those who have not heeded Reich Chancellor Hitler's admonition to refrain from anti-Jewish terrorist activities on their own initiative.

"Whoever acts against the State will be destroyed," Goebbels declared, pointing out that the Jewish question would now be

solved by the State. "Whoever now, after the laws governing Jews have been enacted at Nuremberg, commences excesses on his own initiative will be considered as acting against the State," he said, "and will be called to account by the State."

Goebbels was careful, however, to emphasize that this admonition has no bearing on the anti-Jewish boycott, which remains a legitimate instrument for every Nazi, he said.

In similar vein, the Nazi press today makes clear that the Nuremberg laws must be understood as applying also to the field of economics. "Each German must consider it his duty to free himself economically from the Jews," the press declares.

In a number of cities, "Aryan" employes of Jewish shops have been ordered to report the names of all non-Jewish customers. Anti-Jewish placards urging strengthening of the boycott against Jews are now conspicuously visible not only in the provinces but also in the center of Berlin's most popular thoroughfares.

The synagogue in Hoheinaide, Pfalz, was sold today for 900 marks to an "Aryan" who will remodel the building and convert it into a private residence. The synagogue was deserted when the entire Jewish population was forced to leave the town because of the anti-Jewish boycott.

Two Jews, Sigmund Bartmann and his father, of Hener, in Westphalia, were arrested on the charge that they attacked a soldier and beat him up severely, the Voelkischer Beobachter reports.

The paper, personal organ of Propaganda Minister Goebbels, in printing the item, utilizes the occasion for a strong anti-Jewish attack.

#### ROSENBERG CHARGES JEWS 'STOLE' TEN COMMANDMENTS

BREMEN, Germany, Sept. 30. (JTA) -- "The Ten Commandments are not Jewish, but were stolen by the Jews from 'Aryans'," Alfred Rosenberg, ideological leader of the Nazi Party and moving spirit of the pagan cult, declared today in a message to the Reich convention on German History, now in session here.

Expressing "regret that the world bases history on the Jewish Bible," Rosenberg stated that the Bible was actually inspired by Babylonian and Indian culture, which are really ancient 'Aryan' cultures.

"The Ten Commandments are nothing but material rewritten from the nine commandments composed by ancient 'Aryans,'" the Nazi spiritual leader charged.

HOOFIEN SAYS LARGE PALESTINE BANKS AID IN MAINTENING CREDIT

JERUSALEM, Sept. 30. (JTA) -- Revealing that the war-scars have hurt the smaller banks in Palestine and has resulted in a credit shrinkage, S. Hoofien, director of the Anglo-Palestine Bank here, today issued a message in which he pointed out that the larger institutions, including Barclay's Bank of London and the Anglo-Palestine Bank, are assisting the smaller banks to renew credits to merchants.

"Palestine finances are linked with Britain's," Hoofien declared. The war-scars, he said, forced the banks to stop relief for commerce and building. He pointed out, however, that the General Mortgage Bank is granting loans amounting to more than a half-million dollars monthly to accelerate building, and held there is no grounds for fear.

Hoofien concluded by expressing firm belief in the soundness of the Palestine economic structure.
