WAUCHOPE REASSURES PALESTINE ON WAR, SAYING IT'S "LOCALIZED"

JERUSALEM, Oct. 10. (JTA) -- Fears of a world war were scouted today in a message from Palestine High Commissioner Sir Arthur Grenfell Wauchope in London read to an assemblage of Arab and Jewish leaders and outstanding personalities in Palestine finance by Acting High Commissioner John Hathorn-Hall.

The message held that fears that another world war may result from the Italo-Ethiopian situation are entirely baseless. Sir Arthur declared that the situation in the Mediterranean is safe and that the Ethiopian war has been localized.

To reassure the Palestine population, the message pointed out that had there been "the slightest cause for disquiet," the High Commissioner would have arranged to return in the middle of October. As it is, he said, he will return in the middle of November.

The local population, the message said, cannot judge precisely to what extent, if any, Palestine will be affected by the Italo-Ethiopian conflict. He expressed confidence that those assembled would use their knowledge to quiet the public.

Sir Arthur returned to London Tuesday from a vacation in Scotland. He is said to be negotiating with the Colonial Office the details of the projected representative legislative council for Palestine.

LUXEMBOURG STOPS REGISTRATION OF EXILES

LUXEMBOURG, Oct. 10. (JTA) -- The government of the Duchy of Luxembourg today issued an internal order to the police not to

register any more refugees from Germany, especially the Saar.

Officially the Duchy has not renounced the right of asylum and no order to prohibit admission of refugees has been issued. However, refugees are being informed by the police that it is no longer possible to obtain identification cards.

The Duchy has in the past been friendly to German refugees. Recently a special postage stamp issue was placed on sale, proceeds of which are being used to aid professionals in exile from Germany.

NAZIS DEPRIVE LEWALD OF SPORTS POSTS

BERLIN, Oct. 10. (JTA) -- Theodor Lewald, a "non-Aryan" of Jewish extraction and one of the foremost sports authorities in Germany, has been deprived by the Nazi regime of all his sports posts except the chairmanship of the technical committee organizing the forthcoming Berlin Olympiade, the Jewish Telegraphic Agency confirmed today.

Lewald was permitted to retain his post as head of the technical committee because his knowledge of sports throughout the world and his numerous connections are most essential to the work of that committee.

He has, however, been deprived of his post as president of the German Olympics Association and also the Reichs Sport Association.

The Olympics headquarters here today informed the Jewish Telegraphic Agency that it is not yet certain whether Lewald will go to the United States to make necessary arrangements there. If he does go it will not be before the Spring, it was stated.

Lewald is a member of the same family as Fanny Lewald, noted German woman writer and fighter for Jewish emancipation.

MYSTERY SHROUDS FATE OF DR. HIRSCH HEID BY GESTAPO

BERLIN, Oct. 10. (JTA) -- Mystery continued to surround the fate today of Dr. Otto Hirsch, president of the executive of the Reichsvertretung, central representative Jewish body, who was arrested here yesterday by the Gestapo in connection with a special Yom Kippur message issued by the Reichsvertretung to the Jews of Germany.

The Jewish Telegraphic Agency was today refused information about the fate of Dr. Hirsch, by the Gestapo. The secret police declined to divulge where he is being held.

All copies of the Yom Kippur message, signed by Dr. Hirsch and Chief Rabbi Dr. Leo Baeck, president of the Reichsvertretung, were ordered confiscated today by the Gestapo.

It is believed that the wrath of the Gestapo was provoked especially by the following paragraph appearing in the message:

"We stand before the Lord. With the same strength with which we have acknowledged our sins, the sins of individuals and the sins of the community, we declare with a feeling of abhorrence that the lies directed against us, and the calumnies spread against our religion and its Testament, are repudiated by us root and branch."

This message was to have been read in all synagogues on the Jewish Day of Atonement, last Monday. But the Gestapo sent out telegraphic orders prohibiting the reading of the message. Dr. Leo Baeck was arrested, and was released after having been detained by the secret police for 24 hours until after the holiday. Dr. Hirsch, who was not in Berlin on Yom Kippur, was arrested yesterday on his return.
