### FIRE JEWS BY DEC. 31, "ARYAN" FIRMS TOLD

BERLIN, Oct. 18. (JTA) -- All Jewish representatives and employes of Aryan firms must be dismissed before December 31, according to official instructions issued today.

A statement by the press department of the German Labor Front in Bremen promised today that the Labor Front would see to it that in the future no "Aryan" firm conceals the employment of Jews.

Among the significant anti-Jewish developments of the day also was the order sent out by the commissariat of education in Saxony that study of the Nuremberg "ghetto laws" must be included in the curriculum of all schools.

Der Schwarze Korps, official organ of Hitler's own Elite Guard, in its issue today demands that Jews be forbidden to work as taxi drivers because the economic situation in the taxicab industry is daily growing worse in Berlin.

Today's edition of the Deutsche Richterzeitung, official judicial organ, explains the basic guiding lines to be followed by German judges are to coincide with the program of the National Socialist Democratic Party. Judges, the publication declares, must understand that the sole lawmaker in Germany is Reichsfuehrer Hitler.

That considerable pressure is being exercised upon the Government to issue further anti-Jewish laws was disclosed in a speech at the Sportpalast here last night by Propaganda Minister Paul Joseph Goebbels addressing 15,000 Storm Troopers.

"The Jewish question," he declared, "cannot be solved by individuals, but by the laws which we issue because we are an anti-Jewish Government. The issuance of such laws is our political necessity and nobody needs to remind us of it. Members of our party, however, must maintain discipline. For each man to act as he desires is as impossible as it is for a soldier in war time to decide for himself when and where to conduct an offensive."

#### ANTI-JEWISH SIGNS POSTED ON BERLIN'S WHITE WAY

BERLIN, Oct. 18. (JTA) -- Permanent anti-Jewish placards were erected today in the Kurfuerstendamm, Berlin's White Way and scene of a planned attack against Jews last June.

The posters, characterized by the usual Nazi bluntness and lack of subtlety, attracted considerable attention, particularly among foreigners, including Englishmen and Americans who were heard to comment on the vulgarity of the display.

Two signs attracted particular attention. One depicts a naked Jew with the inscription "That's how Jews will be forced to leave Germany." A similar poster is displayed directly opposite the famous Gedächtnis Kirche (The Church of Remembrance).

HEBREW TEACHERS SET TO STRIKE IN PALESTINE

JERUSALEM, Oct. 18. (JTA) -- The Hebrew Teachers Union today resolved to go out on a Palestine-wide strike for higher wages after the Feast of Tabernacles holiday ends tomorrow night.

The walkout had originally been scheduled for Sept. 30, but the teachers promised to postpone it until after the holiday on the promise of the Histadruth, general labor federation, and the Miz-rachi, orthodox Zionist organization, to mediate the dispute.

The Vaad Loumi, Jewish National Council of Palestine, has declared lack of funds prevents it from meeting the teachers' demands.

MUFTI, NASHASHIBI INCITE ARABS AGAINST JEWS

JERUSALEM, Oct. 18. (JTA) -- The Grand Mufti and Former Mayor Nash-ashibi of Jerusalem are utilizing the incident in which alleged shipments of munitions to a Tel Aviv importer were discovered, for incitement against the Jews.

The Arab leaders have prepared a protest to the High Commissioner and a manifesto to Arabs throughout the world pointing out the danger of an armed Jewry.

Meanwhile, government police searching Arab villages near Tulkarm today arrested thirty Arabs after finding fifteen guns which had disappeared from the police arsenal.

Rumors of arms shipments to Jews arose when one of the barrels in a shipment of cement to an importer named Kattan in Tel Aviv broke open while being unloaded at Jaffa, revealing a tin case of cartridges.

The conviction in Jewish circles is that Kattan had not ordered the arms.

BAPTIZED JEW IN NEW AUSTRIAN CABINET POST

VIENNA, Oct. 18. (JTA) -- Advocate Winterstein, a baptized Jew whose brother is a member of the Pilsen Jewish Community, was today occupying the post of Minister of Justice in the new cabinet directing the Austrian Government.

Winterstein replaces Karl Karwinsky in that position.

The cabinet purge, effected quietly and to the accompaniment of groundless rumors that the southern division of the Heimwehr (Home Guards) was marching on Vienna, deposed Major Emil Foy as Minister

of the Interior and put in virtual control of the Government Prince Ernst Ruodiger von Stahrenborg, vice chancellor. Chancellor Schuschnigg continues as chancellor, but his power is completely overshadowed by that of the Prince.

Another dropped from the cabinet is Baron Odo Noustador-Sturmor whose post as Minister of Social Welfare and Corporations is now occupied by Prof. Dobortsborger.

#### A.F.L. URGES BOYCOTT OF OLYMPIC GAMES

ATLANTIC CITY, N.J. Oct. 18. (JTA) -- A resolution urging that "all American sport organizations be prevailed upon not to participate in the 1936 Olympic games in Berlin" was adopted by the fifty-fifth convention of the American Federation of Labor last night.

The convention also reaffirmed its stand taken two years ago against buying German goods.

Denouncing the Nazi government for its suppression of labor unions and minorities, the resolution declared that Olympics participation "would be used only to confer prestige upon the Nazi regime".

Members were prohibited from participating in the games if they are held in Berlin.

Trade unionists were urged on to "greater vigor and efficiency" in the boycott of German goods and services". The action had been recommended by the executive council.
