ARAB MOB ATTACKS POLICE AT FUNERAL OF SLAIN BRIGANDS

HAIFA, Nov. 21. (JTA) - Serious rioting broke out here today at the funeral of three of the five Arab brigands slain in a clash yesterday with police in the Gilboa Hills.

A mob of thousands of Arabs launched a wild attack upon policemen assigned to guard the funeral, wounding many, two of them, Constables Ringe and James, seriously. The mob then attacked the Central Police Station, smashing all windows and wrecking three police cars. Later it rushed police stationed at the railway depot, smashed the windows of a Jewish glass factory, and quietly dispersed.

Meanwhile British policemen exclusively were being used in a country-wide search for the remainder of the gang which is believed to have murdered the Jewish police sergeant Moshe Rosenfeld.

The police are also hunting for a second band of brigands composed of Arab youths. According to the Arab press this gang has already been trapped.

WOUNDED ARAB PRISONER TELLS OF SECRET ANTI-JEWISH TERROR GANG

JERUSALEM, Nov. 21. (JTA) -- The existence of a terroristic gang of self-named Moslem Arab patriots was reported in the Arab press to have been confessed today by one of the prisoners wounded in yesterday's battle in the Gilboa Hills between British police and Arab brigands.

The prisoner, Sheik Nimmer Hassan Saadi, is quoted as declaring that the gang was secretly organized at Haifa with the purpose of killing Jews and Englishmen for the honor of Islam and the fatherland.

Sheik Nimmer is also reported as having confessed that this gang killed the Jewish police sergeant Moshe Rosenfeld on Nov. 7 while he was tracking thieves who had been looting grapefruit groves in the vicinity of the Jewish colony Ein Shard. He said that the gang carefully avoided harming an Arab policeman who was with Rosenfeld.

"We were armed with rifles and 7,000 rounds of ammunition bought from our own earnings," the Arab press quotes the Sheik. "We took into the gang only true believers ready to die for the fatherland."

According to the prisoner, the gang's chief is Ukoik Kazdin Ulena.

In Government circles, the statement by Nimmer is regarded as an effort to disguise the criminals as patriots.

The Daily News calls the film a "compelling and dramatic portrait of the triumphant Jew."

NAZIS CLASH WITH MEXICAN WORKERS OUTSIDE THEATRE

MEXICO CITY, D.F. (JTA - By Mail) -- Pro-Nazi Germans clashed with Mexican workers outside the Theatre Parisienne here after

the scheduled showing of a Nazi film had been blocked by refusal of motion picture operators to exhibit it.

At the last moment, the operators' union forbade its members to work in the theatre where the film was to be shown. The Nazis, arriving at the theatre and finding it closed, congregated outside and voiced resentment. A number of workers in the vicinity were attracted to the scene and after an exchange of epithets the disturbance broke out.

No arrests or serious injuries were reported.

Public exhibition of the film, named "Loyal to the Death," had been prohibited by the Government. The Nazi sponsors obtained permission for a private showing and changed the title to "Hitler-jugen."

Advertisements were inserted in newspapers announcing the theatre would be closed the day the picture was scheduled to be shown, but posters were placed in cafes and other places frequented by Germans inviting them to attend the showing.

AMERICAN STEEL TO BE USED IN TRIBOROUGH BRIDGE

NEW YORK, Nov. 21. (JTA) -- A mystery developed today over what is to happen to the 500 tons of German steel that the Woodcrest Construction Co. has ordered but has promised not to use in the underpass on the Queens approach to the Triboro Bridge.

On the heels of the announcement by Col. Paul Loeser, director of the Bridge authority, that as a result of protests American steel would be used for the bridge, the Jewish Telegraphic Agency was informed by H. Hack, New York manager of the Kloeckner Steel Co., the German firm, that he was adhering to his contract to supply the steel to the Woodcrest Co.

"The contract cannot be cancelled legally," Hack said.

William Goldsmith, secretary of the Woodcrest Co. could not be reached for a statement on what he intends to do with the German steel.

Col. Loeser told the Jewish Telegraphic Agency he had received assurances from Goldsmith that samples of American steel for the bridge had been submitted and accepted. He would not hazard a conjecture on what would happen to the German steel, holding that was entirely a matter to be decided between the contractor and the Kloeckner Co.

When reached later by the Jewish Telegraphic Agency, Mr. Goldsmith made the following statement:

"We never gave an actual order to any German concern. We gave the Kloeckner Co. a tentative order to bring the American steel manufacturers into line. I happen to be Jewish and would never buy anything from Germany while Hitler is in power."

FRICK SEES WORLD ADOPTING NUREMBERG LAWS SOME DAY

BERLIN, Nov. 21. (JTA) -- The Nuremberg laws will some day be emulated by countries the world over, it was stated today by Minister of the Interior Wilhelm Frick addressing the first students of journalism at the opening of the Institute of Newspaper Science.

Frick urged the German press to pay the utmost attention to the racial question, declaring that "the Nuremberg laws are especially important. Although Germany now stands alone in her understanding of the racial question we are definitely convinced that the German racial laws in time will become an important part of international jurisprudence."

Frick freely admitted that the German press is losing readers. He also voiced the opinion that the complaint was justified that "all newspapers look alike under the present regulations." He concluded by admonishing the press not only to report on the racial legislation but also to assist the Government in establishing the racial origin and tracing the family trees of the entire population.

It was reported in the German press today that Joseph Wertheimer, a seventy-year-old Jew was placed under protective arrest in Kehl-am-Rhine on a charge of "Rassenschande" (race pollution) involving his "Aryan" servant.

Addressing a meeting of German Labor Front members, Dr. H. Muentz, chief of the Labor Ministry's press department, declared that the German Government is "interested in supplying employment only for 'Volksgenossen' (citizens of German spirit). The meeting was called for the purpose of considering new rules regulating membership in the Labor Front. The proposed regulations are expected to be issued within a week.

According to Dr. Muentz, Jews have no right to employment in Germany. The right to employment, he stated, is "an often mis-used phrase. The right to work is applicable only to 'Volksgenossen', who are the only ones entitled to enjoy labor rights."
