### GERMAN JEWS TOLD THEY MUST GIVE PROPERTY TO STATE BECAUSE THEY GET PROTECTION

BERLIN, Jan. 30. (JTA) -- The Jews were informed today that because they receive protection they have "the obligation to place their possessions in the hands of the state when necessary."

This statement was made by Dr. Wilhelm Stuckart, State Secretary in the Ministry of Interior, writing in the special third anniversary issue of Hitler's Voelkischer Beobachter, chief organ of the Nazi Party.

Defining the obligations of the Jews to the Nazi state, Dr. Stuckart declared that they are obligated because of the protection they receive and because they are "allowed to participate in economic life within the framework of the existing laws."

He concluded with the statement that the "Nuremberg laws are the realization of the demand, 'Germany for the Germans,' and they will be considered the national basis of the German nation."

Meanwhile, Jewish schools joined today in observing the third anniversary of Hitler's accession to the chancellorship. Although Jewish schools are prohibited by law from displaying the German flag, the teachers told their classes that Nazism has united the German nation and the Jewish religion will unite all Jews.

### REICH ZIONIST DECLARES SITUATION OF POLISH JEWS WILL OVERSHADOW GERMAN

BERLIN, Jan. 30. (JTA) -- Dr. Franz Meyer, German Zionist leader, said today that the situation of the Jews in Poland will soon overshadow the Jewish situation in Germany.

His statement was made at a press conference held in connection with the first all-German Zionist conference since Hitler's accession to power, opening this Sunday.

Dr. Meyer disclosed that the World Zionist Executive in London had been active in preparing the plans for the visit to the United States of Sir Herbert Samuel, member of a delegation of three British Jews.

He emphasized that if Sir Herbert's plan for expatriating German Jews is successful, the cooperation of non-Zionist groups is guaranteed. The Zionist leader expressed the hope that Sir Herbert would return from America with a definite plan.

WARSAW, Jan. 30. (JTA) -- Authorities today set trials for three officers of an anti-Hitler committee, dissolved an anti-Nazi group in a different city and jailed youths for demonstrating before a German consulate in what appeared to be the beginning of a drive against anti-Nazi groups.

Ten Jewish youths were given jail sentences of seven days each for demonstrating outside the Reich's consulate here. Meanwhile, the police dissolved the Anti-Hitler Committee of Jewish Youth of Warsaw.

In Lwow, three officers of the Anti-Hitler Committee, arrested after having been searched yesterday, will go on trial. They are Mr. Kruhan, president; Mr. Hobel, secretary and Mr. Epstein, member of the executive board of the committee. Their documents have been confiscated by the police.

The Colonial Office reply to the Arab memorandum rejected the demand for halting Jewish immigration, said the demand for democracy was answered by the announcement of a legislative council and met demands for restriction on sale of Arab lands by stating that the Government was preparing curbs,

At Hadassah Hospital, where Dr. Eliash is confined, it was said that the dagger with which he was stabbed barely missed his lung. It was established today that the assault was carried out by two unidentified persons dressed in European-style clothing.

## JEWISH WOMEN'S FEDERATION BACKS OLYMPIC BOYCOTT

NEW YORK, Jan. 30. (JTA) -- A resolution asking Americans to stay away from the Berlin Olympic games was unanimously adopted today by more than 1,000 delegates representing 252 organizations at the convention of the Federation of Jewish Women's Organizations at the Hotel Astor.

Other resolutions adopted called upon the more than 110,000 persons represented in the federation to continue the boycott of German goods and extended a vote of thanks to James G. McDonald for his work as League of Nations High Commissioner for Refugees.

The resolution on Olympics was adopted after former Supreme Court Justice Jeremiah T. Mahoney, leader of the anti-Berlin forces at the recent Amateur Athletic Union convention, had told the delegates that "the fight has just begun" and that he would "keep up the fight" until those who are sponsoring the sending of the American athletes to Germany realize the error of their way.

Other speakers at the convention were Mrs. Herbert H. Lehman, Mrs. Felix M. Warburg, Fannie Hurst, Mrs. Mary Simkovitch and Mrs. David E. Goldfarb, who presided.

Previously, in an address at a meeting in Brooklyn of the Workmen's Circle and the Socialist Party, Mr. Mahoney had charged that members of the American Olympic Committee let their personal ambitions betray American sportsdom.

He added that it is not yet too late to protest, urging that funds be withheld from the Olympic Committee.

"The uncontroverted truth shows that for some time past Germany as ruled by the Nazis, is a land of bigotry, persecution, discrimination and injustice," he said. "Minorities are not represented in any way in the Government, nor are they given any consideration whatsoever.

"The Nazi ideology, or its fundamental political philosophy, is based upon the principle of inferiority of races, particularly the Jewish race. This is contrary to agreements reached by Germany with the other Powers in the treaty leading up to the final world war treaty, where Germany demanded recognition of German minorities in land taken from her; she, on the other hand, agreeing to recognize minorities within her own borders."
