### 5 MILLION MARKS EXPORTED IN WEEK BY REICH JEWS\* AT 73% LOSS

BERLIN, July 10. (JTA) -- Taking an estimated 73 per cent loss, Jewish capitalists have this week transferred abroad about five million marks, banking circles estimated today.

Anticipation of new difficulties for Jews after the Olympics is credited in informed quarters with motivating the transfers which have been accomplished with the permission of the authorities through the Reichsbank. No obstacles have been placed in the way of the capital flight in view of the tremendous Government profits from the transactions.

German newspapers today reported that Bavarian Jews alone have exported twelve million marks between Reichsfuehrer Hitler's accession and the beginning of 1936. Most of this sum has gone to Palestine, with the United States the second largest receiver. No figures are available for the rest of the Reich.

The Frankfurter Zeitung, in an article headlined "Reichs Citizenship Is the Basis for Retail Trading," foresees the beginning of the elimination of Jews from retailing.

The paper reports the Reichsministry of Finance has issued instructions that newly-married "Aryan" couples must spend their marriage loans only in stores owned by Reich citizens. (Jews were disfranchised by the Nuremberg laws passed by the Reichstag last September 15.)

The order does not affect stores owned by persons of foreign citizenship.

### POGROMS\* IN ENGLAND IF FASCISTS GO UNCHECKED, COMMONS TOLD

LONDON, July 10. (JTA) -- Warning that Fascist anti-Jewish propaganda if allowed to continue unchecked will lead to pogroms in England was voiced in the House of Commons today by D. N. Pratt, laborite.

Mr. Pritt, speaking during a debate on the Home Office estimates, sharply criticized the police for permitting Fascist violence and attacks against Jews.

Citing several instances of recent anti-Jewish attacks, he read from the Imperial Fascist League organ "ritual murder" charges published therein and warned that such allegations will lead to pogroms unless curbed by the Government. He accused the police of laxity in dealing with Fascist Jew-baiters.

Duchess Atholl, referring to the activities of the so-called National Workers' Party, founded by Seton Hutchison, warned that the anti-Jewish utterances of this party tend to create prejudice that may lead to violence.

East End Jews are living in a state of terror as a result of Fascist intimidation, George Lansbury, Laborite, declared, warning of an outburst of "terrible reprisals" unless Fascist incitement is checked.

Sir John Simon, Home Secretary, replying to the charges and warnings, defended the police but expressed concern at the developments.

Also defending the police against charges of bias, Capt. J.R.J. Macnamara, Conservative, condemned Jew-baiting but warned against restraining the right of free speech.

#### 1 JEW KILLED, 4 BRITISH SOLDIERS WOUNDED BY ARABS

JERUSALEM, July 10. (JTA) -- One Jew was killed, four British soldiers wounded and five civilians injured today in an ambush of a bus and clashes between troops and Arab rebels.

A band firing on a bus convoy near Nur-el-Shem en route to Tel Aviv from Haifa killed a Jew, wounded two soldiers and slightly injured five passengers.

The first shot wounded the driver of one of the vehicles. As he lost control, the car hurtled down an incline. A military patrol wirelessly headquarters, bringing strong reinforcements to the scene.

Sharp skirmishes between troops and rebels were fought at Mount Canaan, the village of Muzeir and along the Migdal-Lyddá railway.

A sergeant was wounded when Arabs fired on a military patrol near Muzeir. A private was injured in a clash between Migdal and Lydda when troops discovered a band of armed Arabs attempting to destroy sections of a railroad with explosives.

Troops pursued Arabs after a sharp engagement at Mount Canaan that began with the ambush of a military patrol removing a barricade from a road. Another patrol was fired on along the Jenin-Silat el Dar railway.

David Ben-Gurion, chairman of the Palestine Executive of the Jewish Agency for Palestine, left for London by airplane today to confer with British Government officials and Jewish leaders. He had just returned from England.

Arabs today attacked the Jewish colony of Neve Jacob near Jerusalem for the seventh time in the current disorders, pouring a hail of fire into the settlement from three sides.

Watchmen and special police held off the attackers for forty minutes until troops arrived from Ramallah. The reinforcements engaged the invaders in a half-hour battle.

Another attack was launched against Ekron from two sides, while Arabs uprooted nearby trees. Police from Rehoboth and local guards beat off the invaders.

An acre of trees was burned down at the Palestine Jewish Colonization Association forest near Birkat Batlach. An earlier attempt at arson by Arabs who threw oil-soaked burning rags from a railway train failed.

The Arab Supreme Committee adopted a resolution protesting against the behavior of military forces in conducting searches of Arabs' premises for arms and explosives. The committee also objected to "Jewish armament in the form of supernumeraries."

Troops seeking a band of Arabs who ambushed a bus near Motza, killing one Jew and wounding five others, arrested six near Ain Kerem.

Dr. Hussein Khalidi, mayor of Jerusalem, last night declared to reporters in behalf of himself and the Arab Supreme Committee that the Arabs would not halt their general strike until demands for stoppage of immigration and sale of land to Jews were fulfilled.

He added that the Arabs would not accept temporary stoppage of immigration or any form of compromise.

#### REPORT IMMIGRATION WILL BE HALTED DENIED IN LONDON

LONDON, July 10. (JTA) -- It was authoritatively stated here today that there is no basis for the Daily Herald's report that the British Government has agreed temporarily to suspend all Jewish immigration into the Holy Land in accordance with Arab demands.
