NAZIS DETERMINED TO SPREAD WAR ON JEWS TO OTHER NATIONS, GOEBBELS SAYS

BERLIN, Sept. 10. (JTA) -- Nazi Germany will be satisfied only when its war against Jews is taken up by other nations, Joseph Goebbels, Propaganda Minister, told the Nazi Party Congress at Nuremberg today.

Before a cheering audience, which punctuated his remarks with salvos of applause, Dr. Goebbels declared that the war against Jews would not be slackened but extended to Jews the world over with greater impetus than ever before.

In a speech loaded with slanderous attacks against "non-Aryans," he asserted again and again that "Jews and Bolsheviks are identical" and must be extirpated from the face of the earth.

"We shall never tire of this task," he shouted. "We shall repeatedly warn all nations that Jews are guilty. We shall not rest until we succeed in fully opening the eyes of the world that Jews and Bolsheviks are the same."

Pointing to Germany as the only nation thus far which has been courageous enough to deal with the "Jewish menace," his tirade continued:

"Bolshevism could only have been born of a Jewish brain. Bolshevik cruelty could only have been perpetrated by Jewish hands."

In the same vein, Alfred Rosenberg, National Socialism's philosopher, arraigned Jews for allegedly supporting Communism and for the murder of Wilhelm Gustloff, Swiss Nazi leader.

The addresses of the high Nazi functionaries followed closely the motif supplied by Chancellor Adolf Hitler last night in which he assailed Jews for propagating the seeds of democracy and Bolshevism.

Even more vigorously than ever before, he propounded the theory that "non-Aryans" were the destructive element in Germany's economic life.

That theory, he declared, must be accepted as "a fundamental principle" of Nazism.

He characterized Soviet Russia's leaders as "parasitic intellectuals," who had never worked in field or factory, and said that ninety-eight per cent of them were Jews. This phase of the Fuehrer's speech was one of the many variations of the Congress's underlying theme -- "Judaism is Bolshevism without the mask."

Jews were astounded by the Chancellor's accusation blaming them for the present bloodshed in Spain. He charged that Jews long resident in Spain and recent Jewish immigrants to the land have lived there "solely for the purpose of annihilating pure-blooded Spaniards."

Declaring that Jews were a "tyrannical element" whose ambition it is to rule cruelly but who are innately without ability to be creative, he charged them with destructiveness of economic as well as cultural life.

Throughout his long address, the head of the German State stressed the racial question and emphasized that State authority can be successfully exercised only when the problem of Jewish blood is solved.

"It is the aim of Bolshevism," he enunciated, "to impose Jewish blood on other nations."

Jews undermine other nations first by destroying their cultural achievements, he warned, asserting that other nations respect foreign cultures but that this feeling of respect was alien to Jews.

The Chancellor's elucidation of events in Spain was carefully echoed by a lieutenant of Dr. Goebbels, speaking before officials of the Ministry of Propaganda.

"Jews are responsible for events in Spain," said the Propaganda Minister's assistant, Herr Fischer. "Wherever the Jew appears he spells death for other nations."

Julius Streicher, Germany's leading Jew-baiter and "boss" of Nuremberg, turned the spotlight of Nazi acclaim on himself last night with a message to the delegates exhorting them to remember he was the first to trumpet the call for war against Jews.

He advised the party's representatives that the way to win the heart of the German nation was to follow his example.

The Fuehrer's personal journal, the Voelkischer Beobachter, in a statement published in its convention issue, declared that "the Jew, Benjamin Disraeli, told us that the racial question is the key to the world's history.

"National Socialism has found this key and presented it to the German people. The city, where our party is holding its convention, will contribute to an insurance in the future that that key will never again be lost."

340 DEATHS IN 21 WEEKS OF REVOLT; LOSSES \$13,750,000

JERUSALEM, Sept. 10. (JTA) -- Figures compiled from official, semi-official and private sources gave a complete picture for the first time today of the devastation wrought in the Holy Land in 21 weeks of the Arab rebellion.

The death toll, including 40 persons killed in yesterday's violent battles, is placed at 340. Included are 34 British soldiers, officers and policemen; 81 Jews and 225 Arabs.

Wounded number 1,060, including 144 Britons, 276 Jews and 640 Arabs.

Total financial losses in the unprecedented reign of terror which has gripped Palestine since April 19 are put at \$13,750,000.

Insurance companies estimate Jewish losses at \$7,500,000, and losses to Arabs at \$4,000,000, while Government damage is estimated at \$2,250,000.

Property destruction is classified as follows:

- 250,000 trees uprooted;
- 280 cases of arson;
- 48 bridges blown up;
- 300 cases of wire cutting;
- 32 derailments of trains;
- 130 acts of sabotage.

Collective fines were imposed on 28 towns and villages, including the Jewish settlement of Achuza Herbert Samuel, named after Palestine's first High Commissioner. The fines totalled \$90,000, the highest of which was assessed against the city of Nablus, for \$25,000. (Nablus has been placed under a 19-hour day and night curfew until the fine is paid.)

Curfew was clamped on eleven localities.

The authorities arrested a total of 2,000 Arabs, forty per cent of whom were tried and convicted under the emergency regulations.

Concentration camps held 420 Arabs, many of them among the most prominent leaders in the country.

Police recorded a total of 130 Arab bomb explosions.

Four hundred bombs, including 35 infernal machines, were confiscated by the authorities.

Thirty-five tons of rifles and ammunition were seized from Arab rebels.

JEW, 6 BRITONS, 33 ARABS KILLED IN LATEST OUTBREAKS

JERUSALEM, Sept. 10. (JTA) -- Arabs killed a Jewish laborer today in an attack on the railway station at Majdal, bringing the Jewish death toll in five months of disorders to 81.

The slaying followed one of the bloodiest days the Holy Land has witnessed since the World War, during which an estimated forty persons were killed, including a British corporal, one Palestinian and five British constables, and thirty-three Arab insurgents.

An official communique said 27 Arabs were killed in yesterday's engagement near Nahariya while heavy casualties were inflicted on an Arab band in a clash with police, troops and planes near Rosh Pina.

A heavy battle was reported going on in the Tulkarem hills with Arabs suffering many casualties.

Eyewitnesses to yesterday's battle between Arab rebels, police, troops and planes near Rosh Pina reported today that the Arabs stripped the corpses of the fallen British soldiers and policemen and plunged daggers into them.

The continued violence was not unexpected since the Arab Supreme Committee, it was learned, yesterday decided it would under no circumstances alter its previous decision to maintain the 21-week-old general strike against Jewish immigration and sale of land to Jews.

The committee is expected to publish a statement in which it reproaches Great Britain for what it terms "surrendering" to Zionists.

It was learned this morning that the High Commissioner, Sir Arthur Grenfell Wauchope, gave verbal ultimatums yesterday to the Grand Mufti, Haj Amin el Husseini, and Ragheb bey Nashashibi, former Jerusalem mayor, to call a halt to the strike and its accompanying terrorism.

Both leaders failing to promise compliance, it is strongly rumored the High Commissioner today warned the Grand Mufti he would be exiled to Cyprus and Nashashibi to Malta.

Following the secret all-morning conference between High Commissioner Sir Arthur Grenfell Wauchope and the Arab leaders, Sir Arthur received Moshe Shertok, a member of the Palestine executive of the Jewish Agency for Palestine.

A request by Arab guerilla warriors to include two representative was being considered tonight by the Arab Supreme Committee.

Meanwhile, the Syrian rebel, Fausi Bek Elkaukadji, who has joined the Arab forces, issued another of his leaflets from his hilly fastness, boasting of his intention to erect a "Hindenburg line" against future onslaughts by British troops.

Rosh Pina was the scene of a sharp clash which took the lives of four policemen bent on a tour of inspection. Attacked by Arabs near the town, three were instantly slain. The fourth, previously reported missing, was later found dead. The natives escaped with a Lewis gun, 1,000 cartridges and four rifles.

In the Nahariya encounter, a soldier and constable were killed outright, two Palestinian policemen wounded, one of whom later died of his injuries. Three natives dead and twenty casualties were reported during an air battle.

Arabs fired upon telephone servicemen seeking to repair damaged lines. Three were wounded.

Curfew regulations in the Jerusalem sector, including the entire city, were tightened today by authorities forbidding residents to appear on the streets after six-thirty in the evening. The previous curfew had started at seven.

Two Arab homes in the village of Lubad were demolished today following yesterday's mining of the Nablus road.

CUZISTS HOLD RUMANIAN TOWN IN TERROR

BUCHAREST, Sept. 10. (JTA) -- Advices today from the Rumanian port of Salina, at the mouth of the Danube, reported a virtual reign of terror conducted by the anti-Semitic Cuzist blueshirts who have taken control of the town.

Attacks on political opponents and firing of democratically inclined newspaper plants, accounts from Salina said, were rife. The Cuzists were also interfering with telephone communications.

Despite the Tatarescu Cabinet's ban against political demonstrations, the uniformed storm-troopers were parading through the town, performing military manoeuvres. German ships passing the port were given the Hitler salute.

Intensification of current anti-Jewish terrorism was feared today following announcement that two of Rumania's leading anti-Semites had formed a united front in the coming county elections.

Professor Alexander Cuza and Dr. Alexander Vaida Voevod, an ousted former leader of the National Peasants Party, both militant anti-Semites who have attracted wide followings, concluded a pact to present a common slate of candidates.

Considerable importance is attached to the agreement by the right-wing press which regards it as a decisive step in the future creation of an ultra-nationalist coalition eventually to supersede the present Tatarescu government.

JABOTINSKY URGES NATIONS TO CONFER ON MASS MIGRATION OF JEWS

WARSAW, Sept. 10. (JTA) -- Poland should take the initiative in summoning an international conference of governments interested in mass emigration of Jews from their respective countries, it was asserted today by Vladimir Jabotinsky, leader of the New Zionist Organization.

Poland, which has given Palestine most of its Jewish settlers has a right to intervene with Britain and the League of Nations to accelerate the settlement of Jews in the Holy Land, he declared.

Mr. Jabotinsky's remarks have received wide discussion in the Polish press. The conservative Krakow daily, Czas, is publishing a series of articles by Mr. Jabotinsky in which he outlines his views on Zionism and its political future which he regards as having grown more serious in the last few days.

Commenting on the British government's statement on the Palestine emergency which was issued earlier this week, he said that it did not insure continuance of Jewish immigration into the Holy Land.

If England is unable or unwilling to aid Jews in building a Palestine National Home, said Jabotinsky, it should surrender the League mandate. The question would then naturally arise, according to Mr. Jabotinsky, of handing over the mandate to a group of governments for collective administration.

Excluding Germany, Zionism must turn to every country interested in mass emigration, he declared.

LEAGUE CIRCLES APPLAUD BRITAIN'S NEW PALESTINE ATTITUDE

GENEVA, Sept. 10. (JTA) -- Great Britain's changed attitude with regard to the Palestine situation received favorable comment today in League circles.

The Colonial Office's vigorously worded statement of policy, accompanying the recent announcement that the entire First Division would be sent to the Holy Land to put down the Arab uprising, drew the approval of observers who have been closely following developments in the 21-week-old disorders.

The question of Palestine, which was turned over to Great Britain under a League of Nations mandate, is expected to be aired at the forthcoming Assembly meeting.

Developments in Syria, whose mandate is held by France, are also expected to come up for discussion by the Assembly. The World Jewish Congress, recently organized at Geneva, intends to ask the League of Nations to ensure minority rights for Jews of Syria similar to those accorded other minorities, it was learned.
