GEN. DILL ESTABLISHES HEADQUARTERS IN JERUSALEM

JERUSALEM, Sept. 14. (JTA) -- Lieut. Gen. John G. Dill, commanding the greatest army to occupy Palestine since the World War, moved swiftly today to suppress the 21-week-old Arab disorders, with proclamation of martial law believed to be his immediate aim.

With contingents totalling 15,000 troops en route here or preparing to leave England to double the present garrison, Gen. Dill flew to Jerusalem from Haifa, where he had disembarked from the destroyer Douglas, and set up headquarters in the Government house here.

He plunged into conferences with local authorities, the most notable being a long discussion of the present emergency with High Commissioner Sir Arthur Grenfell Wauchope, who has favored a conciliation policy with Arab leaders as against military rule by British officers.

Lieut. Col. Frederick H. Kisch, a former member of the Palestine Executive of the Jewish Agency, has been appointed the organization's liason officer to the new British military command.

Arabs early today threw a bomb into a Jewish shop opposite David's Tower in the old city of Jerusalem, a few yards from the police station, wounding one Jew.

A number of trees were uprooted during the night in the newly-planted King George Jubilee Forest at Nazareth.

3,000 More Troops Sail from England

LONDON, Sept. 14. (JTA) -- Three thousand British troops of the First Division left today for Palestine on the troopship Nevasa and the liner Laurentic. They comprise the second contingent of approximately 15,000 troops that have been ordered to the Holy Land to suppress the 21-week-old Arab rebellion, a first transport of 1,700 having sailed Saturday on the troopship Dorsetshire.

FORMER NAZI SPY ARRESTED IN GERMANY

BERLIN, Sept. 14. (JTA) -- While his "Aryan" wife was giving birth to her first child, Kurt Stern, 33-year-old Berlin Jew, was today arrested on a charge of "Rassenschande" (race defilement). Stern is specifically charged with having violated the 1935 Nuremberg laws by having married illegally after their enactment.

Among others arrested, it was learned today, was Herr Schwartzner, Jewish Gestapo agent who was expelled from England in 1935 when he confessed that he had been engaged in espionage activities against German Jewish refugees under the alias of Dr. Harry Beneber. He was also said to have acted as a Nazi spy at the World Zionist Congress in Lucerne last year.

GOGA REFUSES TO DISBAND ANTI-SEMITIC TROOPS

BUCHAREST, Sept. 14. (JTA) -- The Rumanian cabinet's edict dissolving political "armies" was today openly defied by the Fascist anti-Semitic National Christian Party and its bitter opponents, the National Peasant Party.

Prof. Octavius Goga, leader of the Fascist group, issued a statement bluntly refusing to disband the uniformed Blue Shirt "army" known as the organization's shock troops. The Blue Shirts have for months been terrorizing liberal elements and Jews in many parts of the country.

In his statement, Prof. Goga asserts his "army" does not violate the law but merely serves as an instrument for patriotic propaganda.

The National Peasant Party at the same time made known its intention not to disband the Peasant Guard.

As a result, the Government extended for six months existing emergency decrees and censorship of the press, which had been due to expire tomorrow.

OSSIP GABRILOWITSCH DIES IN DETROIT

DETROIT, Sept. 14. (JTA) -- Ossip Gabrilowitsch, noted Jewish conductor and musician, died here today after a year and a half's illness. He was 58 years old.

He was obliged to take leave of absence from the conductor's stand of the Detroit Symphony Orchestra in the Spring of 1935 after he collapsed while giving a piano recital in New York. Two operations for the stomach disorder that caused his illness proved unavailing.

Mr. Gabrilowitsch is survived by a widow, Clara Clemens Gabrilowitsch, daughter of Mark Twain, and a daughter, Nina.

Born in St. Petersburg (Leningrad), he began studying music at the age of 9 after Anton Rubinstein had declared he possessed great talent. He studied under famous Russian composers. At 18, he appeared in principal European cities, and, in 1900, came to the United States, where he became a citizen.

NEW YORK, Sept. 14. (JTA) -- The finance division of the Emergency Relief Bureau will send out 57,179 regular semi-monthly relief checks tomorrow to make certain that Jewish recipients receive their allowances in time for Rosh Hashonah, Miss Charlotte E. Carr, executive director of the ERB, announced today.

AID FOR J.D.C. ASKED AT LUNCHEON FOR MRS. LEHMAN

NEW YORK, Sept. 14. (JTA) -- Praise of Mrs. Herbert H. Lehman's humanitarian activities was coupled with appeals for support of the Joint Distribution Committee at a luncheon of the women's division in honor of the Governor's wife at the Hotel Commodore today, attended by about 1,200 persons.

Mrs. Lehman paid tribute to the J.D.C. for bringing "sympathetic support" to persecuted Jews in Central and Eastern Europe. Speaking as "an American woman" and "an American mother," she asked aid for "its platform of human service."

Rev. Everett R. Clinchy urged propagation of attitudes based on abandonment of nations', races' and cultures' "mounting hysterias against one another," conference discussion of inter-group problems and enlistment of the forces of religion for the establishment of security for all people.

Other speakers were Felix M. Warburg and Mrs. Warburg, Mrs. David E. Goldfarb and Mrs. Milton Wyle, who presided.

ITALIAN PAPER QUOTED ATTACKING JEWS AS REDS

NEW YORK, Sept. 14. (JTA) -- Universal News Service reported yesterday from Rome that Regime Fascista, published in the City of Cremona, had attacked Jews for "supporting" Bolshevism in France and Spain.

The editorial which, it was pointed out, could not have been published without the approval of Premier Mussolini's press department, "expressed agreement with Goebbels' anti-Bolshevist and anti-Jewish declarations, pointing out that Il Duce had voiced similar views more than a decade ago."

CHARGES SOME MEMBERS OF PALESTINE GOVERNMENT ANTI-JEWISH

LONDON (JTA) -- The pro-Arab attitude of the majority of the British Government, some of whom hold anti-Semitic views, is discussed by Beverly Nicholls, well-known English writer, in his recently-published

ed book, "No Place Like Home." The book deals with Mr. Nicholls' visit to the Holy Land before the outbreak of the present disturbances.

"I had not been in Jerusalem for a week," he writes, "before I realized very clearly in which direction lay the sympathies of the majority of the English community. They were pro-Arab; some from a vague sense of 'justice', some from very clearly defined views of imperial policy, and some because they were frankly anti-Semitic."

Mr. Nicholls spoke to a number of Englishmen regarding their hostility to Jews. Asked why he was pro-Arab and anti-Jewish, a British officer "in a very responsible position" told the writer:

"Because the Arab is a gentleman and the Jew is not."

Mr. Nicholls comments in his book:

"I do not know what a gentleman is and so this did not get me much farther."

"Why do you hate the Jews?' I asked a man in the education department. 'Because the minute you cease to kick them they get uppish', was his reply. 'Well, isn't that fairly natural? Wouldn't you, if you could?'

"He evaded the question. He went off on a sidetrack by saying you couldn't teach them.' 'Teach them what?' I asked. My friend was not explicit. Oh-- of course you could teach them intellectual things. Oh-- of course, they were brilliantly intelligent. 'Then what do you mean by saying you can't teach them?' I asked. I came to the conclusion, at the end, what he meant was that you couldn't teach them 'manners'. Yet he was a liberal and kindly man."

IRVING THALBERG, MOTION PICTURE EXECUTIVE, DIES SUDDENLY

HOLLYWOOD, Calif., Sept. 14. (JTA) -- Irving Thalberg, vice-president in charge of production at the Metro-Goldwyn-Mayer studios, died suddenly this afternoon. He was 37 years old. Mr. Thalberg recently returned from Germany, where he was treated for heart disease.

HITLER CHARGES 98 PER CENT OF IMPORTANT SOVIET OFFICIALS JEWISH

NUREMBERG, Germany, Sept. 14. (JTA) -- The Havas News Agency quoted Chancellor Hitler, in an attack on Bolshevism before the Nazi Party Congress today, as charging that 98 per cent of important posts in Russia are held by Jews.

In the course of his address, Hitler was quoted:

"Russian Communists cannot deny that 98 per cent of important posts in Russia are filled by Jews. We will never accept this state of affairs in Germany. After 1918, in Germany also, Jews filled all key positions, but the German people is too correct for that."
