OVER 50 JEWS WOUNDED IN POLISH POGROM

WARSAW, Sept. 15. (JTA) -- More than fifty Jews were wounded in violent anti-Jewish disorders that raged throughout the day yesterday in the town of Wysokie Mazowiecki, between Bialystok and Warsaw, it was reported here today. Six of the wounded are in serious condition at the hospital.

The disorders assumed the proportions of a large scale pogrom, according to eyewitnesses.

Today the Jewish population of the town is in a state of panic, with all Jewish shops shut tight.

The attacks were organized by Endeks, members of the rabidly anti-Semitic Nationalist Democratic Party, and spread to neighboring towns. Endeks were actively engaged in agitation among the hundreds of peasants who crowded the nearby town of Sokoly for market day.

Endeks, taking advantage of the market day in Wysokie Mazowiecki and other towns, raided Jewish shops and homes, brutally beating Jews, destroying merchandise and smashing windows.

At Pultusk, nine Jews were severely wounded by the Endeks who forced them to close all shops.

In Przytyk, scene last March of a pogrom in which two Jews and a Christian were slain, many windows of Jewish houses were smashed. The authorities cancelled all market days for an indefinite period.

Polish Germans attacked Jewish passengers on a train en route to Lodz, wounding several. A number of the assailants were arrested.

Endeks smashed windows of Jewish homes in Wilno, injuring a Jewish passerby, Abraham Kaplan.

REICH JEWS SEEK TO AVOID TROUBLE ON ROSH HASHONAH

BERLIN, Sept. 15. (JTA) -- Jewish leaders today issued instructions governing the conduct of Jews during the high Holy Days which open with celebration of the Jewish New Year starting at sundown tomorrow.

The orders, designed to avoid unpleasant incidents, coincide with preparations by the authorities to increase police guards around synagogues with the view of preventing possible provocations resulting from increased anti-Jewish feeling stimulated by speeches at the Nazi Congress at Nuremberg.

The orders caution Jews against dressing conspicuously, and advise residents of Berlin particularly not to wear top hats to avoid attracting attention.

Jews are instructed to leave the synagogues without delay and are advised not to congregate in the streets following the services.

For the first time in German-Jewish history, worshippers are advised against bringing children to the services.

Jewish merchants are urged to close their shops for the holidays, "in order to display their solidarity."

All seats in more than thirty synagogues and temporary houses of worship were sold out for tomorrow night's opening New Year services.

Many who came from the provinces to attend the services in Berlin, fearing they would not be safe in the small towns, have been unable to obtain seats.

The Jewish community of Saarbrücken issued an appeal to Jews to celebrate the New Year quietly within the walls of their synagogues and homes. The appeal cautions children against congregating in the streets following the services.

Owners of a number of halls in Berlin customarily hired for overflow services of synagogues are refusing to lease them to Jews this year, it was learned.

The Federation of Jewish communities reported that the smallest number of synagogues in decades would hold holiday rites this year, partly because of emigration of many Jews and partly because of migration from towns to larger centers.

In a circular to all Jewish communities, the Federation asked that synagogues be maintained "even at the greatest sacrifice," except where it became necessary to abandon them as a last resort.

GOEBBELS MAPS BIGGEST PROPAGANDA DRIVE AGAINST JEWS, SOVIET

BERLIN, Sept. 15. (JTA) -- Plans for an anti-Jewish and anti-Soviet propaganda campaign, along the lines followed by the Nazi Party Congress, were announced today by Propaganda Minister Paul Joseph Goebbels.

Dr. Goebbels disclosed plans for the campaign, the most ambitious and comprehensive yet attempted, at a meeting of his department heads immediately after conclusion of the Congress.

The Reich propaganda chief explained to his aides that he was giving them a free hand in the methods to be employed, declaring:

"The Winter propaganda crusade is at hand and all our forces must be mobilized for it."

Dr. Goebbels also revealed that new methods would be introduced into German commerce this Winter, "despite Jewish propaganda abroad."

Jewish circles expected today, following the conclusion of the congress, that new anti-Jewish measures would be taken shortly through administrative channels.

New anti-Semitic legislation, which had been believed possible, was not promulgated at the congress, leading to the belief the steps against Jews would be taken by extending existent legislation, rather than by new laws.

WORLD JEWISH CONGRESS PROTESTS NUREMBERG SLANDERS

GENEVA, Sept. 15. (JTA) -- The executive of the recently organized World Jewish Congress today issued a statement solemnly protesting in the name of Jewry against the violent campaign of defamation "organized methodically at the Nuremberg congress by the highest dignitaries of the Nazi State against Jews the world over."

The executive appeals to the governments of the world to oppose the campaign energetically.

"It was not world Judaism, but German militarism which during the World War stimulated the rise to power of Bolshevism," the communique said. It also attacked the "political agitation sponsored by the German Government against another European state."

"The affirmation that Bolshevism and Judaism are identical is absurd," the statement said. It appealed to world public opinion against the sufferings and dangers of the German Jews as a result of the "anti-Semitic passions unleashed against the hundreds of thousands of German citizens" by the Nazi leaders.

Statesmen and the press of all civilized nations should energetically oppose the libels printed by the Nazis against the Jews of all nations because they tend to provoke internal disputes and conflicts in all nations, the statement declared.

GERMAN WEEKLY SEES U.S. HOSTILE TO REICH REGARDLESS OF ELECTION

BERLIN, Sept. 15. (JTA) -- The Deutsche Zukunft, leading German weekly, declared today that whether the United States elected Franklin D. Roosevelt or Alfred M. Landon as president, American public opinion would remain hostile to Germany.

It explained the ill-feeling as due, first, to persecution of Jews in the Reich; second, the opposition of American commerce and industry to Nazi economic methods, and, third, the nation's embitterment over the loss of 126,000 men in the World War.

The periodical warned the Germans not to have any illusions about the American election since, as long as the Jews enjoy their "strong and ever-growing power," neither of the political parties would display sympathy to the Reich, regardless of what steps Nazis in the United States make.

2 ARABS SENTENCED TO DEATH; ARAB PARLEY BARRED

JERUSALEM, Sept. 15. (JTA) -- An intensified campaign against Arab terrorism, spurred by the arrival of Lieut. Gen. John G. Dill in command of the greatest armed force to occupy Palestine since the World War, resulted today in death sentences to two Arabs, the slaying of another and the prohibition of an Arab conference.

The first death sentences since the disorders broke out 22 weeks ago were issued today when the Court of Assizes sentenced two Arabs to execution for an attack on British soldiers near Nablus.

The Government, expected momentarily to proclaim martial law, prohibited a congress of local strike committees from all parts of Palestine scheduled for Thursday.

The Arab was killed when a military detachment replied to gunfire near Ras-el-Ahmar. After two train workers had been seriously injured as a result of sabotaging of a railway line at Kfar Ginnis, the houses of two notorious Arab agitators in Lydda were demolished as a punitive measure.

Four Jews were injured, two of them seriously, when a bomb exploded in a factory of Mea Shearim Street on the outskirts of Jaffa.

Police sought persons responsible for shipping bombs in tomato baskets to Jewish merchants in Jerusalem.

The Havas News Agency said Gen. Dill summoned military chiefs from all parts of Palestine to report on the situation and confer with their new leader, who has set up staff headquarters at King David Hotel.

EXPECT CABINET TO AIR PALESTINE QUESTION AGAIN TODAY

LONDON, Sept. 15. (JTA) -- The British cabinet will take up the question of disorder-ridden Palestine probably tomorrow, it was learned today. Only a week ago today, the government ordered fresh levies to Palestine and appointed Lieut. Gen. John G. Dill as generalissimo of military forces there.

A report by High Commissioner Sir Arthur Grenfell Wauchope concerning the outcome of last-minute negotiations with Arab leaders will be considered by the Cabinet, says the Morning Post.

The Daily Mail declared in a Jerusalem dispatch that all preparations for martial law have been completed even to the very printing of the proclamation and assignment of temporary army commissions for civilians.

It was reliably learned that there is no foundation to a report that Sir Arthur will come here soon to report to the Cabinet on the 22-week-old disorders in the Holy Land.

RACE LIBEL TRIAL TO OPEN IN LONDON MONDAY

LONDON, Sept. 15. (JTA) -- The first race libel trial in English history will open next Monday when Arnold S. Leese, publisher, and Walter Whitehead, printer of the newspaper, The Fascist, face charges of seditious libel against the Jews in Old Bailey Court.

Attorney-General Sir Donald Somervell will personally conduct the prosecution, it was announced today. The defendants are out on bail, having pleaded not guilty. The Fascist is the organ of the Imperial Fascist League, which is not connected with Sir Oswald Mosley's British Union of Fascists.

The defendants are charged with seditious libel and creating a public mischief on the basis of an article in the periodical accusing the Jews of murdering Christians for ritual purposes.

REICH ZIONISTS, NON-ZIONISTS BACK PALESTINE STRUGGLE

BERLIN, Sept. 15. (JTA) -- A conference of Zionist and non-Zionist leaders today sent a telegram to Dr. Chaim Weizmann, president of the Jewish Agency for Palestine, supporting the fight for Jewish rights in the Holy Land.

The conference authorized the executive of the German Zionist Federation to seek the support of leading non-Zionist organizations for the Palestine emergency drive that is now under way.

LITHUANIA DEPORTS WRITER WHO CALLED NAZI CHIEF "NON-ARYAN"

WARSAW, Sept. 15. (JTA) -- Three hundred Polish Jews will sail tomorrow on the Pulaski to settle in South America, it was announced today.

A total of 2,149 Jews left Poland during August, according to official figures released, including 1,500 emigrants to Palestine.

REICH JEWS STILL BARRED AS TOURISTS IN AUSTRIA

VIENNA, Sept. 15. (JTA) -- It was reliably learned today that the recent Austro-German agreement raising the ban on German tourists in Austria does not apply to Jews.

While Germans wishing to enter Austria receive passports stamped "valid also for Austria," an order issued by the Nazi authorities prohibits issuance of such passports to Jews.

DAVID PINSKI LAUDS FREEDOM OF BIAS IN SOVIET

MOSCOW, Sept. 15. (JTA) -- David Pinski, New York Yiddish author and playwright, arriving yesterday in Moscow on a European tour, declared:

"Soviet Russia is the only country I can visit where I don't feel myself insulted because I am a Jew. It is the only country where I can permit myself the pleasure of forgetting for a little while that I am a Jew."

ANTI-JEWISH RIOTS FLARE IN RUMANIA; 38 HOMES WRECKED

BUCHAREST, Sept. 15. (JTA) -- Many Jews were injured and homes, a synagogue and places of business damaged in disorders reported today from several localities in Rumania. Thirty-eight Jewish houses were practically destroyed in Balotina, a suburb of Baltzi, Bessarabia, by uniformed storm troopers, wielding iron bars and clubs, who beat Jews and escaped before gendarmes arrived.
