2 JEWS WOUNDED IN DISORDERS AT LWOW UNIVERSITY

WARSAW, Dec. 6. (JTA) -- Two Jewish students were seriously wounded yesterday as renewed anti-Semitic disorders broke out in the University of Lwow, arising from efforts of Nationalist students to force segregation of Jews in "ghetto" benches of classrooms. Similar disorders occurred at the Lwow Polytechnic Institute.

Universities at Wilnow and Cracow, recently closed as a result of student anti-Jewish excesses, reopened without incident.

Minister of Education Swietoslowski received a delegation of Jewish students who told him they would never agree to institution of "ghetto benches in the schools.

Directors of several Polish high schools issued a manifesto declaring that the Jewish question was most serious but condemning anarchy arising from student efforts to solve it.

THOUSANDS TO LOSE JOBS UNDER NEW SHECHITA LAW

WARSAW, Dec. 6. (JTA) -- Reliable statistical data issued today in connection with the law limiting Jewish ritual slaughter of animals revealed that in 168 Polish towns and townships there are 70,000 persons dependent for their livelihood on the Jewish meat trade.

Thousands of these, it was declared, face loss of their jobs when the law enacted by the Polish Parliament last Spring goes into effect Jan. 1. A majority of the 70,000 even now earn only an average weekly wage of ten zlotys (about \$1.90 at current exchange rates).

Jewish newspaper reporters were told authoritatively at a press conference that all Jewish attempts to induce the Government to introduce certain modifications in the law have failed.

EDEN TO BE QUERIED TODAY ON FOREIGN AID TO ARABS

LONDON, Dec. 6. (JTA) -- Laborite member of Commons T. Johnston declared that he will ask Foreign Secretary Anthony Eden in the house Monday "whether he is aware that the recent insurrection in Palestine had financial support from three governments," the Havas News Agency reported.

He will also ask "whether any of those governments are members of the League of Nations, whether any explanations have been asked from, or protests made to these governments, and if so with what result?"

N.Z.O. CHARGES COLONIAL OFFICE INFLUENCED DECISION ON PARITY

LONDON, Dec. 6. (JTA) -- The New Zionist Organization has charged that the World Zionist Organization's newly-adopted principle of Arab-Jewish parity in Palestine resulted from pressure by the British Colonial Office.

In a statement, it declared that so-called "friendly advisers" had used influence with the Zionist Executive toward adoption of the parity policy by the political subcommittee of the World Zionist Organization's general council.

Charging that the "compromise" would be used as a basis for further concessions, the statement warned that "the whole scheme is nothing but a pretext to reconcile Jewish opinion to that old well-known danger, the legislative council."

INDICTMENT ASKS MAXIMUM PENALTY FOR FRANKFURTER

CHUR, Canton Grisons, Switzerland, Dec. 6. (JTA) -- A 23-page indictment against David Frankfurter, Yugoslavian Jewish medical student, has been completed, it was announced today, charging him with murdering Wilhelm Gustloff, Nazi leader, in a hotel in Davos last February.

12/7/36.

It asks the maximum penalty of eighteen years' imprisonment, loss of civil rights, exile, payment of court costs and compensation for Gustloff's widow. He will go on trial here Wednesday before five judges, with Dr. Rudolf Ganzoni presiding. The trial is expected to last three days.

The prosecution will be conducted by chief Prosecutor Dr. Bruegger, well-known Swiss personality, assisted by the Swiss lawyers Dr. Ursprung and Dr. Padrutt. Dr. Grimm, Nazi attorney, will represent Mrs. Gustloff. The defense is in the hands of Eugen Curti, noted 72-year-old advocate, known as the Clarence Darrow of Switzerland.

The authorities were reported seeking to prevent the case from assuming the proportions of a cause celebre by limiting it to the simple issues involved. How this could be done was problematical since the defense will be moral justification.

Scores of Nazi journalists were flocking here today in connection with reported Nazi attempts to create the widest possible anti-Jewish feeling in connection with the trial.

Mrs. Gustloff will be the only Nazi witness permitted to testify, it was reported. The Government intends to keep politics out of the trial it was stated, and will not permit any Jewish witnesses' testimony either. The trial is expected to last three days.

LATIN AMERICA MUST OPEN DOORS TO IMMIGRATION, LAMAS TELLS PEACE PARLEY

BUENOS AIRES, Dec. 6. (JTA) -- A policy of selective immigration was urged upon Latin American countries by Argentine Foreign Minister Carlos Saavedra Lamas yesterday at a plenary session of the Inter-American Conference for Maintenance of Peace.

Declaring they could not support "continental isolation," the winner of the 1936 Nobel Peace Prize said the Latin American countries are ready, and must, open their doors to foreign enterprise and immigration.

While stressing the need for increased populations, the Havas News Agency reported, he warned that this new blood must not be tainted by subversive elements and doctrines.

"We need fecund peoples," he said, "but must not admit illiterate masses contaminated by subversive ideals; we must select immigration; we must not admit fallacious doctrines contrary to the liberal principles of democracy."

N.E.B. EZRA, EDITOR OF ISRAEL'S MESSENGER, DIES IN SHANGHAI

SHANGHAI, Dec. 6. (JTA) -- Shanghai Jewry today mourned the death of N.E.B. Ezra, editor and founder of the monthly Israel's Messenger and fighter against anti-Semitism, who died here yesterday of heart disease at the age of 56. He was local correspondent of the Jewish Telegraphic Agency.

His paper, founded in 1904, bears the legend on its masthead, "A fearless exponent of traditional Judaism and Jewish Nationalism." It is the organ of the Shanghai Zionist Association and the Jewish National Fund Commission for China.

Mr. Ezra had been active in combating anti-Semitism spread by White Russian groups here. When the "Protocols of the Elders of Zion," discredited document purporting to reveal a plot for Jewish world domination, appeared here several years ago he brought out a special edition of "The History of a Lie," the volume exposing it.

When Israel's Messenger celebrated its thirtieth anniversary in 1934, Mr. Ezra received, in addition to felicitations from Jewish groups the world over, messages of greeting from General Chiang Kai-Shek, Sun Fo, son of the late Dr. Sun Yat Sen and Dr. C.T.Wang, former Chinese Minister of Foreign Affairs.

NAZIS SEES JEWS "RUINING GERMAN ECONOMIC LIFE"

BERLIN, Dec. 6. (JTA) -- The official Nazi press today began a campaign for elimination of Jews from Germany's economic system on the grounds that "Jews are ruining German economic life" and that "Jewish commercial methods do not fit into Germany's four-year plan of managed economy."

The signal for the drive was given by Bernhard Kohler, chief of the economic commission of the Nazi Party, at a conference of party officials. According to newspaper accounts of the conference, held at party headquarters here, he declared that Germany could be saved from its present economic position only by a "well-planned and well-managed economy, the meaning of which Jews are unable to understand."

S.A. Mann, organ of Chancellor Hitler's praetorian guards, indicated that the question of eliminating Jews from certain fields of commerce, particularly foreign trade and peddling, had already been decided. Referring to Jews as traders, the periodical declared: "By trading one can dispose of the nation's commodities against the nation's interests."

FRANKFURTER ZEITUNG WARNS OF WIDE POWERS IN CURRENCY LAWS

BERLIN, Dec. 6. (JTA) -- The Frankfurter Zeitung, Germany's most nearly independent newspaper, voiced concern today over the wide powers given tax collectors under the new currency laws, which provide the death penalty for fraudulent transfer of property abroad.

Referring to a provision of the laws which gives the Exchange Control Service the right to seize and administer the fortune and property of any citizens suspected of intending to go abroad permanently without paying the flight or other taxes required, the paper declares:

"This is an extraordinary regulation if it means that whoever is put under suspicion has his property actually placed under the guardianship of the currency authorities."

Jewish circles voiced the fear that the currency authorities would use their new powers to seize the property of wealthier Jews on the pretext that they were suspected of planning to emigrate without paying the flight tax,

NEW YORK, Dec. 6. (JTA) -- In a long editorial the New York American today urged Great Britain to open Transjordan to Jewish settlement to relieve tension in Palestine, aid homeless Jews and assure for Britain "a greater and more prosperous Palestine, which would serve as a bulwark for peace at the vital junction of the British Empire."

The editorial said that the hearings before the Royal Commission in Jerusalem had already confirmed the salient findings of the unofficial senatorial commission sent to the Holy Land last Summer by the Hearst newspapers.

(JTA) -- About 350 delegates attending the third annual convention of the Association of Hungarian Jews of America in the Hotel Pennsylvania adopted a resolution today to be forwarded to Premier Daranyi against a numerus clausus in Hungarian educational institutions and for the securing of Jewish political and economic rights.

Other resolutions asked the British Government to maintain Jewish immigration into Palestine and favored the World Jewish Congress. Speakers included Rep. Samuel Dickstein, Aaron Jacobi and State Senator Julius Berg. It was said 72 affiliated groups were represented at the meeting.

ROTHENBERG HAILS BRANDEIS' "LOYALTY TO PEOPLE"

BOSTON, Dec. 6. GOVERNOR LEHMAN URGES SYNAGOGUE TO 'GIVE VALUE TO SOCIAL IDEALS'

NEW YORK, Dec. 6. (JTA) -- "Unless the synagogue can aid a suffering world in its daily problems, giving value to its social ideals, its mission is unfulfilled," declared Governor Lehman tonight, addressing 700 persons attending a dinner at the Hotel Biltmore celebrating the ninetieth anniversary of the Central Synagogue.

"The loyal Jew, through the social ideals which the synagogue has been teaching, has remained consistently social-minded. He is not unaware of the fact that his religion has something to contribute to the world's social progress. There may be a social and moral pattern stamped into the Jew himself as some claim," said Governor Lehman.

"If so, he certainly needs the synagogue as a medium for its expression. But whether it be at home, in the synagogue or in the world of affairs, the Jew has to hold fast to the holy things he inherits in order to counteract the disabilities which frequently spring from the conditions of modern and materialistic life."

He declared that if the Jews would fulfill their mission "of enriching the world with exalted ideals, with an inspiring example, with the culture which through all the long centuries of suffering has kept Judaism a living soul," then the Jews must have faith in it and in themselves.

Others on the speakers' list were Rabbi Jonah B. Wise, of the Central Synagogue, Solomon B. Freehof of Pittsburgh and Max L. Schallek, president of the congregation.
