### CHRISTEA REGIME TO CONTINUE OUSTING OF JEWS FROM RUMANIAN ECONOMIC LIFE; PROGRAM ISSUED

BUCHAREST, Feb. 13. (JTA) -- The new government's statement of program makes it clear that Premier MIRON CHRISTEA'S regime will continue the policy of eliminating the Jews from Rumanian economic and professional life, but gives the general impression that this will be accomplished in a gradual manner to avoid unbalancing the country's economic and social equilibrium.

The statement makes it absolutely definite that the regime will determinedly continue revision of citizenships held by Jews and push emigration of Jews by all possible means. The military regime, however, will end excesses against Jews, which were particularly prevalent in the last days of the Goga Government.

The government's intention to draw a distinction between the Jewish and other minorities was evidenced by Voicu NITZESCU when taking over the Labor Ministry. Declaring that after experiencing Hungarian oppression he would never be able to transform himself into an oppressor, M. NITZESCU urged minorities to adapt themselves to the structure of the country and continued:

"There is also the problem of minorities which do not belong to this country, those who squeezed themselves in by fraud. This problem interests us to the highest degree and must be solved. We will make, however, a distinction between those who have been living with us for generations and those who came here recently and who have become a burden to us."

NITZESCU warned he will continue to demand "Rumanization" of foreign-owned enterprises, asserting that although run by foreign international capital the profit was taken from national wealth. "In these enterprises," he declared, "Rumanian workers must have their share of advantages. For this reason, I appeal to employers to find work for them and give them adequate remuneration."

The government outlined a 14-point program promising economic, social and constitutional reforms, including organized emigration of "surplus Jewish population." Point 6 of the program declares: "We shall organize the emigration of foreigners who have come to this country recently. Rumania will attempt to make international agreements with other countries which claim a surplus Jewish population, to provide a new fatherland in which Jews would like to live."

ITALY REPORTED RECRUITING FOR ARAB CAUSE

LONDON, FEB. 13. (HAVAS) -- THE DIPLOMATIC CORRESPONDENT OF THE LIBERAL MANCHESTER GUARDIAN SAID TODAY HE HAD LEARNED FROM WELL-INFORMED SOURCES THAT "ITALIANS HAD MADE ATTEMPTS AT RECRUITING AMONG NATIVES IN LIBYA FOR THE ARAB CAUSE IN PALESTINE."

"THE PLAN WAS TO FORM A NUMBER OF ARMED GUERRILLA TROOPS," HE CONTINUED, "WHO SHOULD CROSS THE FRONTIER INTO PALESTINE WITH THE HELP OF THE ITALIAN AUTHORITIES. THESE ATTEMPTS HAVE NOT BEEN VERY SUCCESSFUL. FAILURE WAS DUE PARTLY TO THE NATIVES' FEAR THEY MIGHT NOT BE ABLE TO EVADE BRITISH TROOPS WHO ARE CAREFULLY WATCHING THE FRONTIERS, AND PARTLY TO THEIR DISTRUST OF ITALIAN INTENTIONS. SOME NATIVES, IT IS SAID, THOUGHT THEIR TRUE DESTINATION MIGHT NOT BE PALESTINE, BUT SPAIN. ONLY AMONG THE POORER CLASSES OF BEDOUINS IN THE CENTER OF LIBYA HAVE THESE ITALIAN PLANS HAD ANY SUCCESS."

BRITAIN INVESTIGATING REPORTS OF SEIZURE OF JEWS' FACTORIES IN LATVIA

LONDON, Feb. 13. (JTA) -- The British Government is investigating reports about expropriation of Jewish textile factories and breweries by the Latvian Government, Viscount Cranborne, Foreign Undersecretary, has stated.

Viscount Cranborne replied in writing to Col. Josiah Wedgwood, Labor Member of Parliament, who asked about the reported expropriations, whether compensation was given and whether the action was compatible with the rights of the Jewish minority in Latvia.

The British Charge d'Affaires at Riga has reported, the Undersecretary said, that the Latvian Government recently assumed powers to liquidate industrial and commercial undertakings, and applied them in certain cases. SENATOR WHEELER URGES U.S. TO USE INFLUENCE FOR GREATER PALESTINE IMMIGRATION

NEW YORK, Feb. 13. (JTA) -- Senator Burton K. Wheeler of Montana, addressing a Brooklyn United Palestine Appeal Conference at the Hotel St. George today, urged the United States, in view of the persecution of Jews in Central and Eastern Europe, to "exert its influence in favor of allowing maximum Jewish immigration into Palestine."

"The Jewish people is passing through a dismally dark period in its history, a period in which its need for Palestine is pressing," he said. "We in the United States must not be indifferent to our obligations. The voice of enlightened America, the voice of liberalism, must speak in behalf of Palestine that will in turn regenerate the Jewish people."

Declaring the forces seeking the destruction of the Jews were also seeking the destruction of democracy and Christianity, Senator Wheeler asserted that the spread of anti-Semitism in Rumania and elsewhere was partly the fault of "the forces of enlightenment" for not sufficiently opposing anti-Jewish prejudice.
