BRITAIN EXTENDS CURBS TO REFUGEES FROM NAZI-INVADDED COUNTRIES

LONDON, May 28.(JTA) --, Home Secretary Sir John Anderson last night ordered restrictions on all aliens who have entered Britain since May 9 as refugees from territory invaded or occupied by German. This includes refugees from Czechoslovakia, Poland, Denmark, Norway, Holland and Belgium.

The restrictions provide that an alien over 16 years of age shall not travel more than five miles from his registered place of residence without a travel permit from the police. They also prohibit possession of explosives, motor vehicles, cameras, maps and certain other articles.

Col. Josiah Wedgwood, Laborite, suggested in the House of Commons today that German Jews not be interned with Nazis but be invited to do work of national importance during their internment. War Undersecretary Richard K. Law replied that these matters were under consideration.

In reply to a question by Oswald Lewis, Conservative, the Government spokesman said it was not proposed to form foreign legions and added that aliens, subject to examination of their credentials, would be enlisted in the regular army.

Meanwhile, conditions in an internment camp in a northern suburb are described in a report published here. The estate, completed just before the war, consists of modern, semi-detached suburban cottages with bathrooms and various labor-saving devices.

A film producer, university professors and rabbis are among the 1,000 aliens who have already arrived there. The younger internees will be able to continue their studies in an educational center staffed by professors, priests, rabbis and parsons.

Food is provided by the Government, cooked by chefs drawn from the ranks of the internees. A concert is planned, to be staged by the film producer, who believes the camp is full of talent. Auditions are being held for artists and musicians.

People in the neighborhood and the Society of Friends have offered to provide indoor games to be placed in special recreation rooms. It is also hoped to provide better furniture. The men sleep on the floor on pallets which they fill with straw on their arrival.

PALESTINE ISSUES 2- MONTH ENTRY QUOTA

JERUSALEM, May 28.(JTA) --The Palestine Government today issued the June-July allotment of the six-month immigration schedule of 9,000 certificates announced on April 22.

The number of certificates granted to the Jewish Agency for Palestine for distribution was increased under the new allotment to 370. Of this number 20 will be deducted for the Government's reserve.

(The April-May allotment of certificates totalled 2,050, plus additional certificates for wives and children of previous immigrants. At the time the six-month schedule was announced, it was stated that a quota similar to the April-May allotment would be issued for June-July, less the number of illegal entrants recorded in the previous two-month period. Issuance of two-month allotments was inaugurated, it was declared at that time, in order to keep a current check on illegal immigration.)

POLISH RELIEF GROUP ASKS ROOSEVELT'S AID

NEW YORK, May 28.(JTA) -- An appeal to President Roosevelt to facilitate the entry of child refugees to America, praise for the relief work of the Joint Distribution Committee in occupied Poland and an appeal for support of the United Jewish Appeal were voiced in resolutions adopted at a conference at the Temple Emanu-El sponsored by the American Committee for Polish Jews.

The conference, attended by 200 delegates from Jewish fraternal organizations and unions in the metropolitan area, in another resolution expressed the "steadfast belief" that the new Poland will be based on the principles of liberty, democracy and equality for all of its inhabitants. The resolution rejected the "emigrationist and evacuationist" conceptions with respect to the Jewish population of Poland, maintaining that it must be recognized as an integral part of the country. The conference was presided over by Abraham Goldberg.

PLAN FOR AFRIKAANER BLOC MEETS OPPOSITION

JOHANNESBURG, May 28.(JTA) -- Efforts to establish an Afrikaaner economic bloc are strongly condemned in the Port Elizabeth United Party paper, One Land, which declares that such attempts are based on suspicion and hatred and points out that the future of South Africa depends on cooperation between races.

The paper warns that "attempts to obtain quick results by means of a bloc will result in failure and will only enrich a few Afrikaaner managers. It is nonsense to suggest that the English and the Jews form an economic bloc."

Meanwhile, Nationalist Deputy Eric Louw, who introduced an anti-Jewish immigration bill a year ago, is continuing his campaign for an Afrikaaner bloc. Addressing a meeting at Tulbach, he said that South Africa was aiming at economic as well as political independence.

"What is the use," he said, "if we obtain a free, independent republic if South Africa is enslaved to foreign exploiters." Louw referred to the Jews as the "greatest self-help society" and urged Afrikaaner country lawyers to see that the work they sent to the cities was given to Afrikaaners.
