### JAFFA, TEL AVIV PORTS HELD MILITARY ZONES, BARRED TO CIVILIANS

LONDON, June 12. (JTA) -- The Palestine ports of Jaffa and Tel Aviv have been declared military zones and no civilian can live there without special authorization, it was authoritatively reported tonight. Several hundred Italians have been arrested in Palestine.

Airmail service between England and Palestine was halted yesterday.

### 3 U.S. Ships May Stop at Tel Aviv

WASHINGTON, June 12. (JTA) -- Three American ships can make stops at Tel Aviv to pick up Americans for return to the United States at "the discretion of their masters," the Maritime Commission said today.

All American vessels now in the Mediterranean have been authorized to complete their scheduled voyages before leaving the area, which yesterday was barred to American shipping as a belligerent zone.

The three vessels which have scheduled stops at Palestine are all cargo ships of the American Export Line which also carry passengers. They are the Exermont and Exchange, now in the Black Sea, and the Exmoor which is headed from Greece towards Black Sea ports with a possible stop at Palestine.

### Government Urges Calm; Jews Pledge Aid

JERUSALEM, June 12. (JTA) -- An appeal for calm in the face of Italy's entrance into the war was broadcast by the Government throughout the Holy Land yesterday.

Cautioning against panic, the Government broadcast pointed out that all necessary measures for the defense of Palestine had been adopted.

A formal pledge of Palestine Jewry's loyalty and readiness to participate in the Allied struggle was voiced today by Isaac ben Zvi of the Jewish National Council and Mayor Israel Rokach of Tel Aviv in a call upon Chief Secretary James S. MacPherson of the Palestine Government.

Nationwide blackout went into effect at 7.45 o'clock last night. The larger cities have been holding precautionary blackouts since late in May. Vehicles were forbidden to operate during blackout until further notice.

Hebrew newspapers, meanwhile, published editorials hailing the impressive assembly of Allied forces in the Mediterranean.

J.N.F. to Start Work on New Urban Center

JERUSALEM, June 12. (JTA) -- Undeterred by Italy's entrance into the war and its possible effects on the future of Palestine, the Jewish National Fund decided today to start immediate construction of an urban center for 250 families.

The center will be erected on 600 dunams (125 acres) of land adjoining the Arab town of Beisan and is designed to serve ten Jewish settlements in the surrounding area.

The scheme envisages establishment in the center of a trading place, workshops, a hotel, a physician's office and a pharmacy. Among the settlers will be 40 Sephardic families which formerly resided in Beisan.

Early Allied Acceptance of a Jewish Army Seen by Jabotinsky

NEW YORK, June 12. (JTA) -- Vladimir Jabotinsky, president of the New Zionist Organization, said this morning at a press conference at the Hotel Commodore that it was hoped soon to obtain Allied recognition of a "co-belligerent Jewish army, available on all fronts," which he expected to exceed 100,000 men. Negotiations with the British and French Governments have been in progress since the outbreak of the war, he said.

The proposed army would be composed of refugee and stateless Jews, Palestinian Jews and volunteers from neutral countries, Jabotinsky said. The effect of creation of such an army, he declared, would be to upset the "ridiculous whispering campaign" that Jews wanted others to fight in their interests but themselves remained at home.

Col. J.H. Patterson, commander of the Jewish battalion in Palestine in the World War, voiced high praise of the Jewish soldiers he led.

The American Friends of a Jewish Palestine, at its first annual convention last night, adopted a resolution urging Britain to accept the offer of the Irgun Zevai Leumi, Zionist-Revisionist youth organization in Palestine, to relieve British forces for service elsewhere.

Sees New Arab Disorders When Troops Leave

NEW YORK, June 12. (JTA) -- Frank Gervasi, foreign correspondent, declares in an article on Palestine in the current issue of Collier's magazine that as soon as British troops are shifted from Palestine, there will be a recrudescence of Arab anti-Jewish disorders.

Gervasi states that German and Italian anti-Jewish propaganda had been very effective in the Middle East. He quotes a typical Arab as saying, "Hitler's right about the Jews...We ought to kill them all."

ROOSEVELT ASKS \$50,000,000 FOR REFUGEE AID IN EUROPE; POLISH RELIEF BLOCKED

WASHINGTON, June 12. (JTA) -- President Roosevelt yesterday sent Congress a request for a \$50,000,000 appropriation to be used by the Red Cross for refugee work in Europe. Refugee work will be centered in France, the J.T.A. learned today, with the Red Cross using the port of Bordeaux as a receiving station.

Chairman Norman H. Davis of the Red Cross announced yesterday that as a result of Italy's entrance into the war and the closing of the usual channels of transportation through the Mediterranean, it will no longer be feasible for the Red Cross to ship to Poland relief supplies which hitherto have been purchased in this country with designated funds received prior to the opening of the present war relief campaign. Assistance to Polish refugees outside occupied Poland will continue to be administered through funds designated for Polish relief, Davis said.

The Red Cross said that it had heard from German sources that 40 wagon loads of supplies landed at Genoa several months ago had just now reached Warsaw. These supplies were originally to have been transported by train but the chaotic condition of the Polish railroads caused many delays and eventually it was necessary to transport them in horse-drawn vehicles.

F.B.I. TO GET FIFTH-COLUMN DATA IN MOVE TO CHECK 'WITCH HUNTS'

WASHINGTON, June 12. (JTA) -- Attorney General Jackson today laid down strict rules of procedure for the investigation and prosecution of fifth columnists suspected of violations of the laws concerning espionage and sabotage--in order to discourage "witch hunts" and protect civil rights, including the rights of aliens. He issued instructions that all information turned in by citizens to United States marshals and district attorneys should be forwarded to the Federal Bureau of Investigation.

INTOLERANCE 'MALIGNANT DISEASE', FARLEY WARNS

WASHINGTON, June 12. (JTA) -- Europe's plight has taught America that intolerance is a "malignant disease which, if left unchecked, may develop and expand into a challenge of violence against the most cherished principles and institutions of mankind," Postmaster General James A. Farley said in a message yesterday to the nationwide conference on religious liberty, attended by 600 clergymen and educators.

"Intolerance in the beginning," Farley said, "may be directed against a single group, political, racial, or religious; but it never ends there. Those who direct these forces of evil soon find new victims for their savage purpose."

Bishop James Freeman of Washington presided at the conference and speakers included Rabbi Louis Mann of Chicago. A statement on the principles of religious liberty was adopted which concluded with this paragraph:

"We believe that subtle and powerful forces are now at work within our own country, threatening our democratic institutions; that the surest and most effective method for maintaining security is to strengthen the hands of the people of America

in the God who has granted to every man the right to religious liberty, and therefore we call upon all who serve God, all who appreciate democratic institutions, and all who desire to restrain authoritarian and totalitarian aggression wherever found to join in the defense of religious liberty."

#### GROUP AIDING FOREIGN-BORN BROADENS SCOPE

NEW YORK, June 12. (JTA) -- The Foreign Language Information Service, outgrowth of work undertaken by the Government Committee on Public Information during the last war, has changed its name to the Common Council for American Unity, as part of a broadened program for creating unity and better understanding among the American people and overcoming intolerance because of foreign origin, race of nationality, Executive Director Read Lewis announced today.

The Council will have a 24-member board of directors, a committee of sponsors and a large national committee including representatives of various sections of the country and racial and ethnic groups. A general membership will also be enrolled. The Council will publish a quarterly called Common Ground with Louis Adamic as editor.

#### HITLER CONTROL HERE SEEN AS ALTERNATIVE TO U.S. WAR MOVE

NEW YORK, June 12. (JTA) -- Walter Millis, formerly isolationist military expert and economist who has now come out for an American declaration of war against Germany, declared in an interview with the World-Telegram yesterday that the United States either had to fight Hitler or join him.

In the event the United States took the latter alternative, Millis said, "we would have to accept Hitler's social controls. Freedom of press would be cut out immediately...We would have to accept some equivalent of the Gestapo, the secret police. Probably we would have to accept a powerful anti-Semitic movement and very likely there would be pogroms. There would be regimentation of our industry and re-organization of our economy."

#### NAZI PUTSCH PLOT DISCOVERED IN URUGUAY

MONTEVIDEO, June 12. (JTA) -- Plans for a Nazi putsch have been uncovered by the Congressional Committee Investigating Nazi Activities in Uruguay, well informed circles said here today. The putsch plans assertedly were discovered during a raid on the German Bund headquarters at Salto.

#### MRS. JACOBS RETURNS FROM PALESTINE

NEW YORK, June 12. (JTA) -- Mrs. Rose Jacobs, only woman member of the Jewish Agency Executive, arrived here today from Palestine on the American Export liner Ex-cambion. She said: "The Jews of Palestine are leaning heavily on the comfort that America will prove a great factor in determining the rights and justices of all peoples after the war.
