AGENCY PRESSING OFFER TO RAISE ARMY UNIT, WEIZMANN TELLS LONDON PARLEY

LONDON, June 26. (JTA) -- Dr. Chaim Weizmann, president of the Jewish Agency for Palestine, asserted today that "the Jewish people will carry on" in the fight to free Europe from Hitlerism.

Addressing members of the Agency Executive and the Zionist General Council, Dr. Weizmann said the Agency was continuing its efforts in regard to the offer to raise Jewish military units and provide economic services to help the British war effort.

The war will not be fought by weapons alone, he declared. The spirit of the peoples of oppressed Europe will assert itself and break through the chains which are holding them down, he said.

"In that struggle, we, the Jewish people, have a part to play, for we, from our history, know what is indomitable in the soul of man," he asserted. "It befits us, above all others, to be courageous and not to lose faith."

Referring to the "valiant Yishub" continuing its work of building and planting despite the difficulties besetting it, Dr. Weizmann said "that is the message that must be conveyed to all Jews in free countries. It is that spirit which must be instilled into that other great outpost of the Jewish people--the United States. The Jewish people will carry on!"

Dr. Weizmann reviewed the Zionist position in Palestine, the United States and Britain. He described current industrial and agricultural developments in Palestine, the Jewish Agency's work regarding immigration and transportation of refugees to Palestine. He said he was deeply impressed, during his visit to America, by the keen desire of American Jewry to shoulder its burden in the rehabilitation of European Jewry and in support of the Palestine Jewish community.

LONDON, June 26. (JTA) -- The belief that a majority of the foreign Jewish population of Paris remained in the city until it was too late to escape was expressed today by Palestinians arriving from France. They pointed out that until the very end Paris-

ians had little knowledge of the actual military situation. Foreign Jews, instead of fleeing, awaited the issuance of the required safe conduct certificates. When the Palestinians left Paris two days before the occupation, they said, the foreign Jews still remained.

PAN-AMERICAN DEFENSE PARLEY URGED TO TAKE UP REFUGEE PROBLEM

HAVANA, June 26. (JTA) -- The newspaper El Pais recommended editorially today that the forthcoming Pan-American Conference in this city, called to consider Western Hemisphere defense, take up the question of the hundreds of thousands of refugees who will be streaming to the American continent as a result of Nazi conquests in Europe.

The editorial, indicating that it expressed the views of the Cuban Foreign Ministry as well as of El Pais, said that special attention should be given at the meeting to the question of Jewish refugees who had found refuge in France and other European countries now under Nazi domination and who were now forced to resume their flight.

While it was important to guard against the refugees becoming a charge on American governments, the newspaper said, it was also the clear duty of those governments to afford them protection and hospitality in their flight from Nazi persecution.

NAZI TENDENCIES IN VARGAS RULE HELD MORE MARKED AS BRAZILIAN 5TH COLUMN GROWS

NEW YORK, June 26. (JTA) -- Widespread fifth column activities in Brazil and more pronounced Nazi tendencies on the part of the Vargas regime, resulting from German military triumphs in Europe, were reported in a Buenos Aires dispatch to the New York Times today by Russell B. Porter, who filed his story from the Argentine capital because of the strict censorship on fifth column news in Brazil.

Reporting that the fifth column has had "astonishing success in high places," Porter revealed that it has "stretched tentacles into the Government itself, the army and navy commands, military and civil aviation, business and finance, press, radio and movies, and everywhere an organization trained in handling European Quislings can find openings."

Porter disclosed also that among methods being used by the fifth column was terror, administered by the Auslands Gestapo, in the form of beatings and threats against relatives in Germany to force anti-Nazi Brazilian Germans, including in some cases Jewish refugees, into fifth column activities.

The correspondent reported that Integralistas (Brazilian Fascists) jailed in 1938 were returning to the Government and military jobs formerly held. "Although there are no killings, concentration camps, religious or racial persecutions or severe regimentation of the people," Porter said, "there is no Congress and there is no control of the press, business and labor, which is becoming more strict all the time."

EUROPE MUST OUST ALL JEWS, NAZI LEADER DECLARES

NEW YORK, June 26. (JTA) -- A Berlin dispatch to the New York Times today quoted Dr. Robert Ley, head of the German Labor Front, as declaring that "Europe must free itself of Jews and their minions."

The "Aryan" peoples of Europe, under the guidance of the German people and Hitler, will be victorious in this war, Ley said. Under the advancing banners of the National Socialist revolution, he declared, the Jews have been forced to flee from one place in Europe to another until now, with no refuge for them in Spain or Italy and German soldiers almost everywhere else in Western Europe, it can practically be said that "Europe is free; long live freedom!"

PROBLEM OF DESERTED WIVES AIRED AT DETROIT RABBINICAL PARLEY

DETROIT, June 26. (JTA) -- Possibility of America's involvement in the war with the resulting problem of deserted wives revived the proposed "agunah" reform at today's session of the Rabbinical Assembly's fortieth annual convention, which is being held at Shaarey Zedek Congregation.

The body of Conservative rabbis has indicated approval in principle of a proposal by Rabbi Louis Epstein that traditional Jewish law be modified to permit an "agunah," or abandoned wife, to obtain a divorce in certain cases, through a rabbinical tribunal.

"What with the Government's mobilization plans and the possibility of the United States being drawn into the war, timely action on this matter may save many a bride of the next few years from the fate of an agunah," Rabbi David Aronson, Minneapolis, asserted today.

Dr. Abram L. Sachar, in a special message outlining the work of the B'nai B'rith Hillel Foundations, invited the cooperation of Conservative rabbis in intensifying work among students.

AID TO REICH JEWS AT OUTSET MIGHT HAVE SAVED DEMOCRACIES, GREEN HOLDS

NEW YORK, June 26. (JTA) -- The democracies of Europe might have saved themselves "if they had been courageous enough to save the Jews of Germany," William Green, president of the American Federation of Labor, declared tonight in a speech prepared for delivery at a dinner in his honor at the Hotel Commodore.

The dinner, attended by more than 1,500 persons, raised nearly \$40,000 toward the \$100,000 fund for establishment of a Leon Blum colony in Palestine. It was sponsored by a committee organized by the Jewish National Fund which included labor and Zionist leaders, headed by Max Zaritsky.

The democracies, Green declared, should have "said to Hitler at the moment he started his anti-Semitic purges: Stop, we will not permit such inhuman persecution. It is a menace to our civilization and a disgrace to the world."

It was within the power of the democracies at that time to enforce their demands upon Hitler, he said. "They are now paying for having closed their eyes to human suffering."

(Continued on reverse side)

The lesson Americans should never forget is that "Hitler, Stalin and Mussolini are partners in international crime and that Nazism, Communism and Fascism are sworn enemies of democracy as practiced by the United States," Green asserted.

"We can no longer doubt that Russia and Germany are financing, directing and encouraging organized treachery in the United States and in other countries of the Western Hemisphere. They have two slogans in this country, shrewdly aimed to enlist support among well-meaning but undiscerning citizens. The first slogan is 'The Yanks are not coming.' Their second is 'Maintain civil liberties.'"

Other scheduled speakers were Governor Herbert H. Lehman, Senator Robert H. Wagner, Mayor F.H. LaGuardia, Matthew Woll, Dr. Stephen S. Wise, David Dubinsky, Zaritsky, Dr. Israel Goldstein, Chaim Greenberg, Louis Segal and Eliezer Kaplan.
