CHURCHILL PLEDGES TO SAVE REFUGEES FROM HITLER; DEFENSE UNITS TO ACCEPT EXILES

LONDON, July 18. (JTA) -- A formal pledge that the British Government will not hand over to their oppressors any refugees who have sought haven in Britain was given the House of Commons today by Prime Minister Winston Churchill.

"It is inconceivable to me that His Majesty's Government, now or at any future date, would hand over to their oppressors persons who have sought refuge in this country from persecution," Churchill said.

The statement was made in reply to a request by Capt. Josiah Wedgwood, Laborite, that the Government pledge under no circumstances to turn over refugees to Hitler.

Yesterday Lord Croft announced in the House of Lords that refugees and other aliens whose loyalty could be satisfactorily proved would be given a chance to volunteer for active service. He pointed out, however, that "enemy" aliens were restricted at this time to service with the Pioneer Corps.

SPECIAL ANTI-JEWISH MINISTRY IN RUMANIA URGED BY CUZA

BUCHAREST, July 18. (JTA) -- The Ministry of Health has dismissed 50 more Jewish doctors from the health insurance panels, bringing to 115 the number ousted under the new decree banning from Government posts all non-members of the totalitarian Party of the Nation, from which Jews have been barred.

Prof. Alexander Cuza, leading Rumanian anti-Semite, declared in an interview with the newspaper Curentul that the "Jewish problem requires an all-embracing solution by the Government." He offered to devote himself to the task and suggested creation of a special ministry to deal with the Jewish question.

ITALY TO ENFORCE ANTI-JEWISH LAWS 'TO THE LIMIT,' NAZI PAPER REPORTS

GENEVA, July 18. (JTA) -- Coincident with the second anniversary of inauguration of Italian racial laws, the Rome Government has announced it will enforce these laws to the limit, according to the Rome correspondent of the Koelnische Zeitung.

The correspondent said leading Italian quarters felt such action was fully justified at this time. These laws provide for restriction of Jews in professions, the ousting of Jews from Government positions and the armed forces, denationalization of foreign-born Jews and a ban on marriages between Jews and "Aryans."

RUTENBERG CALLS ON PALESTINE JEWS FOR UNITY "IN THIS DISASTROUS HOUR"

JERUSALEM, July 18. (JTA) -- Citing Britain's example of Lords working with Laborites in the national interest, President Pinchas Rutenberg of the Jewish National Council made a strong plea today for internal unity "in this disastrous hour."

Speaking at a press conference, Rutenberg said: "The Jewish community is ill if in the face of great dangers, it is still subject to the destructive influence of partisanship and strives vainly for self-organization. Why can we not follow the example of Great Britain, where Lord Beaverbrook (Minister of Aircraft Production) is working with Ernest Bevin (Labor Minister)?

"I am a devoted servant of our great, unfortunate nation and am ready to sacrifice myself to the last drop of blood, but if the situation does not change the sacrifice will have been wasted. We are now alone and assistance from abroad cannot be expected. We must be prepared to make the biggest sacrifices to meet the dangers that face us. But instead of constructive work, I am ashamed that I was forced to spend months persuading parties of the need for unity and only recently was there established an executive committee of nine.

"We expect the utmost discipline, cooperation and assistance from everyone in this disastrous hour."

DEMOCRATIC PLATFORM CALLS FOR FIGHT AGAINST RACIAL, RELIGIOUS INCITEMENT

CHICAGO, July 18. (JTA) -- The Democratic Party's determination to fight racial and religious incitement is expressed in the platform adopted by the Democratic National Convention last night.

"We have seen the downfall of nations accomplished through international dissension provoked from without," the preamble said. "We denounce and will do all in our power to destroy the treasonable activities of disguised anti-democratic and un-American agencies which would sap our strength, paralyze our will to defend ourselves and destroy our unity by inciting race against race, class against class, religion against religion and the people against their free institutions."

The preamble recalled that "for years our President has warned the nation that organized assaults against religion, democracy and international good faith threatened our own peace and security."

The conclusion stated: "We therefore pledge ourselves to fight, as your fathers fought, for the right of every American to enjoy freedom of religion, speech, press, assembly, petition and security in his home."

OBLIVION SEEN FOR THORKELSON AS MISS RANKIN'S LEAD MOUNTS

WASHINGTON, July 18. (JTA) -- The name of Jacob Thorkelson has apparently been sponged from the national political scene after a single term in which he became notorious for his Jew-hating utterances and the inclusion in the Congressional Record of tens of thousands of words of anti-Semitic literature.

Late reports received here indicated Thorkelson would be defeated by 2,000 votes, by Miss Jeanette Rankin, first woman Representative, who returned to politics to oppose Thorkelson in the Republican primaries in Montana's First Congressional District.

Miss Rankin's victory was surprising to many politicians. For many years she has not lived in Montana and only began her campaign a month ago. The first woman ever elected to Congress, she has been connected with peace and women's organizations here since 1919.

JEWISH FACTORIES LIQUIDATED IN POLISH CITY

BUDAPEST, July 1. (JTA-Airmail) -- All woolen mills and hat factories of Bielitz, Polish Silesia, are being systematically expropriated by the Nazi authorities, it is reported.

The Warschauer Zeitung publishes an official announcement, signed by the Nazi receiver of 12 woolen mills and two hat factories, ordering the debtors and creditors of these concerns to file immediately all claims and debts in connection with past dealings with the companies. Of the 14 companies listed, 13 are former Jewish concerns and one is English.

Krakow Street, the main shopping center of Lublin, has been "cleansed" of all Jewish stores, according to the Warschauer Zeitung.

FIRST DONATION TO SOUTH AFRICAN WAR FUND MADE BY JEWS

JOHANNESBURG, July 18. (JTA) -- A new National War Fund for dependents of South African soldiers was launched today by Governor-General Sir Patrick Duncan. The first contribution, amounting to £10,000 was made by the Landau brothers, Jewish philanthropists.

HIAS-ICA LEADER HERE FROM LISBON; PRAISES PORTUGAL'S TREATMENT OF REFUGEES

LISBON, July 18. (JTA) -- Dr. James Bernstein, managing director of the HIAS-ICA Emigration Association and European representative of the Hebrew Immigrant Aid Society of America, arrived here today on the American liner Manhattan from Lisbon.

Dr. Bernstein, who conducted HIAS-ICA activities in the Portuguese capital after successively evacuating the organization's offices from Paris and Bordeaux, expects to remain in New York for several weeks to confer with Jewish leaders before returning to Lisbon.

Commenting on the recent developments in France, Dr. Bernstein said very few refugees succeeded in crossing the border into Spain and Portugal. Those who did succeed in reaching Portugal, he said, were being treated generously by the Government and people.

Dr. Bernstein reported the presence in unoccupied France of Leon Alter, former director of the Jewish Emigration Aid Society in Warsaw. He said Alter, who had been at Hendaye, on the Franco-Spanish border, before capitulation of France, was instrumental in helping several hundred Polish Jewish refugees escape into the unoccupied zone.

Dr. Bernstein also reported the presence, either on the Franco-Spanish border or on his way to Lisbon, of Dr. Mark Wischnitzer, former Jewish social worker and historian of Berlin. Dr. Wischnitzer had been released by the French authorities along with other refugees from Germany shortly before the capitulation.

NAZIS PUNISH POLES FOR TRAFFIC IN FOOD

BUDAPEST, July 2. (ONA - By Airmail) -- Some indication of the scarcity of food and drink in German-occupied Poland and the severe measures taken by the Nazi authorities to discourage buying and selling at any but official prices, is contained in the Warschauer Zeitung, official Nazi organ in Poland.

One news item states that a peasant was sentenced to a year's imprisonment for taking up a collection among the natives of his own village, proceeding to another village, and there buying from another peasant 32 litres of Vodka for 1,328 zloty--a unit price of 41.5 zloty (about \$8.50) per liter. The normal price of vodka in Poland is from three to four zloty per liter, but since the German occupation the liquor has disappeared from the market except at extravagant prices.

Another news item in the same newspaper announces that a peasant, a laborer, and a woman were each sentenced to a year in prison for selling pork at illegal prices.

The peasant, according to the newspaper, sold a freshly-slaughtered pig to the man and woman for five zloty (\$1.00) a kilogram; and they in turn resold it in small portions at prices ranging from 7.5 to eight zloty per kilogram.

That the Nazi authorities have been having further trouble with the peasants is indicated by two black-bordered obituary notices, mourning the death of Dr. Georg Lephart, special inspector of food and agriculture for the Wegrow-Sokolow district, who was shot and killed on June 12. No further explanation of Dr. Lephart's death is given anywhere else in the paper.

One of the death notices was signed by Hellmuth Korner, chief of the food and agriculture division of the office of the Governor-General, Dr. Hans Frank. The second death notice was signed by Dr. Fischer, the Governor of Warsaw.

2 JEWESSES HELD IN NAZI CAMPS BRING COURT ACTION TO PROVE U.S. CITIZENSHIP

WASHINGTON, July 19. (ONA) -- Court action has been started here to compel the State Department to issue passports to two middle-aged Jewish sisters, Mrs. Werva Giegerich and Mrs. Fannie Rubinowicz, now held in Nazi concentration camps, who claim to be natives of the United States.

The State Department said today that the case was still under investigation but that thus far the women's attorney had "failed to produce sufficient evidence to warrant issuance of passports."

According to an injunction filed in the United States District Court by Attorney James J. Laughlin, Mrs. Giegerich, 48, is in a concentration camp at Gars, France, and Mrs. Rubinowicz, 46, is imprisoned in Leszno, German-occupied Poland.

The sisters, according to the attorney, were born in New York City and went to Russia in their early youth. At the time of the Russian Revolution they said they were born in Russia in order to escape imprisonment. For this reason they have been denied passports despite presentation of allegedly authenticated American birth certificates.

30,000 JEWS, MOSTLY POOR, FACE UNCERTAIN FUTURE IN NAZI-HELD PARIS

NEW YORK, July 19. (JTA) -- Their future still uncertain, 30,000 out of this capital's 200,000 Jews have remained in the city prepared to face whatever dangers the new situation may hold for them personally, George Axelsson, New York Times correspondent, disclosed in a Paris dispatch today.

Most of these Jews are poor, small shopkeepers in the Temple and Belleville quarters and they are beginning timidly to open up their shops, the correspondent said.

The Soviet Consulate has been submerged with requests from Jews of Russian birth that the consulate place them under its protection. Such action has not been taken by the Consulate "pending receipt of instructions from Moscow."

Jews applying for visas continue efforts to obtain such papers from the United States and other consulates which have remained open. The consulates, however, have not been able to expedite a single demand because wire and postal communications with other countries have been almost completely cut off.

Apparently all of the more well-to-do Jews in Paris managed to leave before the Germans came, the dispatch said. Some of their apartments in the 16th and 17th Arrondissements have been requisitioned for German civilian officials.

The correspondent said that rumors of a census of the Jewish population in Paris are pure invention. A form of census was taken at the end of June for the purpose of establishing food cards and the information required no reference to nationality or race.

Many officials have remained at the Israelite Consistory in the Rue St. Georges. One of them told the correspondent: "We confidently expect our fate will be decided by the French."

BULLETIN

LONDON, July 19. (JTA) -- Renewed attacks on the Jews featured Chancellor Hitler's broadcast speech before the Reichstag today. He assailed "Jewish-capitalist war mongers," saying: "Their hands stained with blood, they sought war in order to provide a pretext for realizing their diabolical plans."
