

### JEWS IN VIENNA PERMITTED TO APPEAR IN STREETS FOR ONLY ONE HOUR DAILY

BERNE, Sept. 3. (JTA)-- Jews in Vienna are not permitted to leave their homes for longer than one hour, during which they are required to do all their shopping and attend to the various formalities which they have to take up with the authorities and with Jewish relief institutions, it was reported here today.

The majority of the Jews in Vienna now depend entirely on relief, the report states. The Nazi authorities exercise strict control over the relief activities conducted by the Vienna Jewish community. They even fix the salaries of the employees in Jewish relief institutions.

Reports received here from Nazi-occupied Poland state that Nazi authorities in Warsaw have lifted the order prohibiting Jews to have on hand more than 2,000 zlotys in cash. At the same time the German press reaching here today reports that Kutno, one of the larger towns in Poland, which had a large Jewish population before the war, has now been "purified" of Jewish influence and is rapidly being "Germanized." All Jews have had to move out of the city to a special ghetto quarter in the outskirts.

### LAW PROHIBITING JEWS TO EMIGRATE FROM REICH EXTENDED TO CZECH PROTECTORATE

LISBON, Sept. 3. (JTA)-- The introduction of forced labor for all Jews in the Czech protectorate was foreseen here today as a result of an order issued in Prague this week barring emigration from the Protectorate of all able-bodied Jewish men and women aged between 18 and 45.

The order issued in Prague follows the line of a similar order issued in Berlin a fortnight ago prohibiting Jewish men and women in the same age group from leaving the Reich. An order issued in Berlin today supplements the decree with a provision that Jews older than 45 who are permitted to emigrate abroad will no longer be allowed to carry with them records showing their military service in the Germany army during the last world war.

German police raided Jewish homes in Prague in the course of last week and seized typewriters, clothing and other articles. The victimized owners were then forced to report to police headquarters and sign statements that they had "voluntarily" contributed the articles to the German Red Cross.

### NAZI ADMINISTRATION IN HOLLAND INTENDS TO ESTABLISH GHETTO SCHOOLS

STOCKHOLM, Sept. 3. (JTA)-- Plans of the Nazi authorities in Holland to segregate the Jewish children into separate "ghetto schools" when the new school year begins this month, were indicated today by the Nazi Commissar for Holland. An announcement published in the Dutch press today, under the signature of the Nazi Commissar, invites applications from teachers willing to serve "in schools to be established exclusively for Jewish pupils."

CZECH LEGATION WILL INTERVENE IN MOSCOW FOR BALTIC AND ROMANIAN REFUGEES

LONDON, Sept. 3. (JTA)-- Intercession on behalf of Jewish war-refugees from the Baltic states and Bessarabia now in Soviet Russia, was promised here today to Jewish organizations by Jan Masaryk, foreign minister of the Czechoslovakian Government-in-exile. Masaryk stated that the Czech minister in Moscow would intervene in the "border-line" cases, where the refugee is neither a Soviet citizen nor Polish citizen.

Meanwhile, the first official response to the appeal by prominent Soviet Jewish writers, artists and scientists to world Jewry came today from ultra-conservative Jewish religious circles here. Addressing a meeting in North London, H. A. Goodman, secretary of the World Agudat Israel, referred to the appeal as "not the least important development in recent days."

"We cordially reciprocate the greetings of our brethren in Russia who have been cut off from Jewish life for some twenty years," he said. "I echo the words of the speaker at the Jewish meeting in Moscow: 'The Nazis are determined to make the Jewish nation disappear but the Jews are resolved to live not die.'"

USA TO SUPPLY ENGLAND WITH ETROGIM FOR SUCCOTH

LONDON, Sept. 3. (JTA)-- Citrons and palm branches, the Etrog and Lulab used in the Succoth ritual, will this year be sent from the United States to England inasmuch as they cannot be secured from either the Greek island of Corfu, the place which provided etrogim for the whole of Europe, or from Palestine, because of the war situation.

The Food Ministry in London has issued special licenses to Jewish religious bodies to import the citrons and the palm branches from the United States, it was announced here today. The Bank of England has released the currency necessary for the transaction and British shipping authorities in New York were given instructions to facilitate the shipping, so that they will reach England before the Succoth holiday. The shipment will be distributed by the Keren Hatoreh in London to all the synagogues in the United Kingdom. A few sets of etrogim and lulabim will be sent gratis to the internment camps for use there.

#### DR. SOLOMON GOLDMAN REGRETS KAUFMANN'S DECLINATION; SUPPORTS LEVINTHAL

CHICAGO, Sept. 3. (JTA)-- Regret over Edmund I. Kaufmann's announcement that his health does not permit him to run for reelection to the post of president of the Zionist Organization of America and support for the candidacy of Judge Levintal for the presidency was expressed in a statement issued here today by Dr. Solomon Goldman, former ZOA president. The statement reads:

"I learn with the deepest regret that Mr. E. I. Kaufmann, president of the Zionist Organization of America, has had to accept the opinion of his physician and not stand for reelection at the coming convention. I am sure that he would have been re-elected with acclaim and that the Zionists throughout the country will miss his leadership the coming year.

"At the same time, I greet with enthusiasm Mr. Kaufmann's recommendation of Judge Louis C. Levintal of Philadelphia. I do not think that Mr. Kaufmann could have had a more worthy and distinguished successor. Judge Levintal is a scion of an outstanding American Zionist family whose name is known to and revered by thousands of Jews throughout the land. Judge Levintal brings to the office not only a judicial temperament, a deep loyalty to America and its democratic institution, but a thorough Jewish background and devotion to the rebuilding of Palestine."

#### Robert Szold Backs Kaufmann's Statement

NEW YORK, Sept. 3. (JTA)-- Robert Szold commenting on the statement issued by Edmund I. Kaufmann, president of the Zionist Organization of America, yesterday said: "The statement will naturally cause a great deal of surprise and regret to his host of admirers and friends throughout the country. In view of the fact of Mr. Kaufmann's forthright statement as to his personal position, however, the proposal that Judge Levintal of Philadelphia be elected president of the Zionist Organization of America for the coming year, will, I am sure, meet with widespread and enthusiastic approval and support. I look forward to a great convention and a useful year of Zionist activity in this country."

#### EDUCATION OF ALIENS FOR CITIZENSHIP DISCUSSED IN WASHINGTON

WASHINGTON, Sept. 3. (JTA)-- At two coordinated conferences which opened here today the Federal Government moved forward with its plans for regulation of its alien population and for the reduction of the number of non-citizens through a program of education in democracy.

Meeting behind closed doors at the Department of Justice this morning, Immigration and Naturalization officials went into the first of five days discussion of administrative policies recently developed to meet war-born problems of alien regulation and the administration of the new nationality code and other laws passed by Congress during its current session.

After a greeting by Acting Attorney General Francis Biddle, and a warning by Marshall E. Dimock, Asst. Commissioner of Immigration and Naturalization, that the national emergency had placed responsibility for the protection as well as the policing of the foreign born on the Department, the Justice officials joined forces at a White House conference with delegates to the National Citizenship Education Committee meeting. The latter conference was called to draft plans for state and local cooperation in a nationwide program for the education of aliens for citizenship, which was drawn up by leading educators and is to be carried out with the aid of W.P.A. funds. Mrs. Eleanor Roosevelt was the principal speaker at the White House conference.

CAMPAIGN TO COMBAT "MEIN KAMPF" WITH THE BIBLE PROCLAIMED IN USA

NEW YORK, Sept. 3. (JTA)-- A nation-wide campaign to counteract "Mein Kampf" with the Bible, sponsored by 200 leading American citizens of all faiths, was announced here yesterday by the Layman's National Committee, in order "to stimulate and unify America's spiritual defense."

A "Bible Week" will take place from Dec. 8 to 14 throughout the country in cooperation with the American Bible Society and other groups. Dr. Frank Kingdon, chairman of the New York Fight for Freedom Committee to Defend America, accepted the honorary founder chairmanship of this nation-wide drive to observe an annual Bible Week in America, stating that he is certain that "it will help forge American unity of spirit against totalitarian aggression."

A statement issued by the Layman's National Committee declares that the proposed campaign will be conducted "on a Red Cross scale with coast-to-coast hook-ups, nationally known speakers, pageants in the schools, movie trailers, posters in every public place and educational institution. Nothing will be left undone to make every American, young and old, realize that the hope for our future lies in faith, and that the answer America is looking for in her present crisis is a spiritual answer," the statement said.

CZECH MINISTER LAUDS JEWISH ACHIEVEMENTS IN PALESTINE AS AID TO ALLIES

LONDON, Sept. 3. (JTA)-- Jewish achievements in the rebuilding of Palestine have "not only been a contribution to the 'Land of Jewish Destiny' but also to the victory of the Allies," declared Jaromir Necas, Czechoslovakian Minister of State in an address today before a Palestine Victory Campaign luncheon at Newcastle.

Necas stressed the identity of Czech and Jewish aims, and stated that Czechoslovaks have fought for centuries for freedom for themselves and their fellowmen. "Jews in a free Czechoslovakia had all rights granted to other citizens, and now by a curious twist of fate both Czechs and Jews have been deprived of their rights as free men," he concluded.

The Czech Minister pledged Czechoslovakian support to Jewish efforts for a national revival in Palestine.

CUBA IMPOSES SEVERE PUNISHMENT UPON NAZI LEADER FOR ANTI-JEWISH PROPAGANDA

HAVANA, Sept. 3. (JTA)-- The first action against anti-Semitic propaganda ever taken by a court in Cuba was announced here today when Franz Thol, local Nazi leader, was sentenced to six months imprisonment and deportation after having served his term.

Thol was charged with conducting anti-Jewish agitation among the Cuban population. Six other members of the Nazi Bund in Cuba were acquitted due to lack of evidence. In issuing the verdict against Thol, the Court applied the law existing in Cuba against Negro Discrimination, pointing out that anti-Jewish racial propaganda is as harmful to the country as the racial propaganda against Negroes.

(JTA)-- An additional 150 refugees from the steamer Patria, interned since the vessel exploded in Haifa harbor last November, were released today from the internment camp at Atlit. About one hundred of them immediately enlisted in the Palestine forces. Of the first group of one hundred released last week some eighty joined the army.
