NAZIS EXECUTE 52,000 JEWS IN KIEV; SMALLER POGROMS IN OTHER CITIES

SOMEWHERE IN EUROPE, Nov. 14. (JTA) -- Fifty-two thousand Jews, including men, women and children, were systematically and methodically put to death in Kiev following the Nazi occupation of the Ukrainian capital, according to information received today by the Jewish Telegraphic Agency from an unimpeachable source.

The details available here establish that the victims did not lose their lives as the result of a mob pogrom, but by systematic, merciless execution carried out in accordance with the cold-blooded Nazi policy of Jewish extermination. Similar measures, though on a smaller scale, have been taken in other conquered towns.

Information available in diplomatic quarters here reveals that deportations of Jews to Poland from Germany and German-occupied territories continue, resulting in mass suicides of German Jews. In Berlin alone 250 Jews committed suicide in one day after receiving deportation notices. The deportees are told that they can take with them 100 marks each, but at the railway station they are ordered to pay 90 marks for transportation and are thus left with ten marks, which is nominally $4.00.

JTA CORRESPONDENT IN RUSSIA TELLS OF JEWISH BRAVERY AND NAZI ANTI-JEWISH ATROCITIES

KULBSHEV, Nov. 14. (JTA) -- Tales of Jewish bravery on the Soviet battlefields coupled with reports of horrors inflicted by Nazi troops on Jews in occupied Soviet territory are reaching this temporary capital of the Soviet Union, while Jewish refugees continue to find their way from Nazi-held zones into the Soviet interior.

At one station in Central Russia I saw Jewish refugees from the Ukraine among whom was an old Jew who was sitting on his luggage. Suddenly he rose and his eyes darkened as he pressed his long nails into the palms of his hands. One of the women who was sitting nearby whispered to me: "He has recalled." I found out later that what the old man "recalled" was the sight of a Nazi officer in Vinnitsa murdering a four-months old Jewish infant by dashing its brains out against an iron stove.

There are many Jewish refugees in this city and there are many tales of horror that they can "recall." A woman who had escaped from a small village near the town of Korosten told how her father, a chassidic rabbi in the town, was buried alive in the ground with only his head remaining above the surface. As the wind ruffled his beard the rabbi repeated: "Even the grass has a longer life than Nebuchadnezzar."

Near Odessa, a drunken Rumanian colonel trained his troops in marksmanship by having them use fleeing Jewish children as targets. In Priluki the Germans tied up six Jewish girls and after raping them left them naked and inscribed upon them: "Lavatory for German Soldiers." Tens of thousands of Jewish homes have been burned to the ground and all their valuables stolen or destroyed.

But it is the old men, the women and the children that are fleeing. The men are fighting. Here in the Soviet Union the Hitlerites will not make sport of Jewish

JTA Correspondent in Russia Tells of Jewish Bravery and Nazi Anti-Jewish Atrocities

Kulibyshev, Nov. 14. (JTA) -- Tales of Jewish bravery on the Soviet battlefields coupled with reports of horrors inflicted by Nazi troops on Jews in occupied Soviet territory are reaching this temporary capital of the Soviet Union, while Jewish refugees continue to find their way from Nazi-held zones into the Soviet interior.

But it is the old men, the women and the children that are fleeing. The men are fighting. Here in the Soviet Union the Hitlerites will not make sport of Jewish
cowardice. They had easy victories over the unarmed Jews they found in the towns they invaded. But elsewhere they found that Jews are not cowards. Along side of Russians and Ukrainians the Jews of the Soviet Union are bravely defending their country. Among the Jewish heroes of the Soviet Union is General Kreiser who distinguished himself in the fighting near Smolensk. Although trapped by Nazi troops he led his army out of encirclement.

**Hundreds of Jews Decorated For Bravery on Battlefield**

Among those decorated for bravery on the battlefields are hundreds upon hundreds of Jews. The famous poet Utkin, a Jew, quit his job as a journalist and went to the front. There, leading his company in an attack against the enemy he lost his right hand. In the recent fighting near Volokolamsk, a nearsighted, sickly young man named Rabinovich distinguished himself. A student of old Provencal literature, a translator of medieval poets, he went to war as a volunteer. Wounded in the shoulder during the battle Rabinovich mustered up enough strength to crawl toward a German tank, hand-grenade in his hand. He blew up the tank but in doing so lost his own life.

Many people have thought of Jews as the descendants of persecuted inmates of the ghetto, but the Soviet Jews, now fighting for Russia, have reminded the world that they are descendants of the Maccabees. The fate of the Russian Jews is inescapably bound up with the fate of Russia. Up until now it was bound with ties of common labor, now it is also bound with ties of blood. The Jew Rabinovich died alongside the Russian student, Dolgushev, his friend. Both died for Soviet Russia.

**JEWISH AIR CORPS CADET GROUP ESTABLISHED IN OTTAWA**

OTTAWA, Nov. 14. (JTA)-- An Air Cadet Flight Corps, composed of Jewish youth who desire to receive preliminary training in aeronautics has been organized here under the sponsorship of the War Service Committee of the B'nai B'rith. Known as the Maccabee Flight of the Air Cadet Corps the group is expected to receive its charter shortly.

The Cadet Corps, which has a membership of about thirty boys from fifteen to eighteen years old, is commanded by Bertram Loeb, a recent graduate of New York University. The cadets will receive two nights of drill each week and will make actual studies at the local airport.

**GRABSKI, ENDEK LEADER, SUGGESTS JEWISH PROBLEM BE SOLVED IN A FREE POLAND**

LONDON, Nov. 14. (JTA)-- Solution of the Jewish and Ukrainian problems in accordance with the "great idea of a free Poland" is urged today by Stanislaw Grabski, leader of the anti-Semitic Endek Party, who recently arrived here after having been released from imprisonment in Russia under the terms of the Soviet-Polish pact. Grabski declared that Poles and Jews are enlisting in the Polish army in Russia.

**PALESTINE ORCHESTRA GIVES FIRST CONCERT OF EGYPTIAN TOUR**

CAIRO, Nov. 14. (JTA)-- The Palestine Symphony Orchestra, was warmly received here last night in the first performance of its annual Egyptian tour. A large audience consisting mostly of British officers and men heard Nina Salzman, young pianist, in a sparkling concerto ably abetted by the orchestra which gave its first performance under the veteran conductor, Michael Taube. The orchestra is composed mostly of Jewish refugees from central Europe who were once members of the famed orchestras there.
GOEBBELS ISSUES "TEN COMMANDMENTS" AGAINST JEWS; URGES THEIRextermination

ZURICH, Nov. 14. (JTA) -- "Ten Commandments" against Jews will be issued by Joseph Goebbels this Sunday with a view of counteracting the growing sympathy for Jews among certain elements of the German population which disapprove of the deportations of German Jews to Poland and of the yellow Mogen David which the Jews in Germany must wear.

The "ten commandments" will be published in Das Reich, weekly publication of the Ministry of Propaganda and will appear under Goebbels' signature. They will also be broadcast over the German radio with a warning from Goebbels that any German who displays sympathy to a Jew will be considered an enemy of the Reich.

Goebbels, in the forthcoming issue of Das Reich, explains that Hitler long ago predicted the extermination of all Jews in Europe and that this prediction is now being carried out without any sentimentalities. "The fate of the Jews is indeed hard, but they are suffering no injustice by the treatment we bestow upon them because they more than earned it," the article of the Nazi Minister of Propaganda states.

"In this historical showdown," Goebbels writes, "every Jew is our enemy, irrespective of the fact whether he is rotting in a ghetto in Poland, or continues his parasitic existence in Germany, or conducts war propaganda in New York and Washington." Goebbels then lists his anti-Jewish commandments as follows:

1. The Jews are our ruination. They contrived and brought on this war. With it they want to destroy the German Reich and our people. This plan must be thwarted.
2. There is no difference among Jews. Every Jew is the sworn enemy of the German people.
3. Every German soldier who falls in this war enters a debt in the account of the Jews. They have him on their consciences and therefore must pay for it.
4. If one weirs the Jewish Star of David he thereby is marked as the people's enemy. Any one who, despite that, still cultivates private relations with him belongs to him and must be appraised and treated the same as the Jew.
5. Jews are enjoying the protection of enemy foreign countries. Further proof of their destructive role among our people is unnecessary.
6. Jews are the enemy's emissaries among us. Whoever stands at their side deserts to the enemy in war.
7. The Jews have no right to pose among us as equals. Wherever they speak up in the street, in the lines before the stores and in transportation vehicles, they are to be silenced not only because they are fundamentally wrong but because they are Jews and have no voice in the community.
8. If Jews come to you in a sentimental manner, then realize that they are attempting to take advantage of your forgetfulness; show them immediately that you see through them and punish them with ostracism.
9. After defeat, the decent enemy deserves our generosity. But the Jew is no decent enemy, he merely acts like one.
10. Jews are to blame for the war. They are suffering no injustice in the treatment we bestow on them. They more than earned it.

HALF OF STUDENTS IN HAIFA TECHNICAL SCHOOL ENLISTED IN BRITISH ARMY

HAIFA, Nov. 14. (JTA) -- Nearly fifty percent of the students of the Hebrew Technical School here have enlisted in the British armed forces, it was announced today by Prof. Ratner at the opening session of the new academic year. The majority of the students are enrolled in technical units and are stationed in scattered locations in the Near East.
JEWISH AID TO ALLIES PRAISED BY CHURCHMEN AND POLITICAL LEADERS

LONDON, Nov. 14. (JTA)-- Jewish contributions to the Allied war effort were emphasized by leading non-Jewish clergymen and laymen in messages today to the London Jewish Chronicle on the occasion of its 100th anniversary.

The Archbishop of Canterbury, leader of the Anglican Church, stated: "In the present situation of Britain the Jewish people have given abundant proof of their wholehearted association with the British Commonwealth and its allies. I join in their prayers that the tyranny of our common enemy may be overthrown and that their brethren everywhere may be able to live in security and peace."

Arthur Cardinal Hinsley, Catholic Primate of England, stated that the Catholic people owed a moral debt to the race of the apostles and prophets of its religion. All true sons of the Free Church, he added, are deeply stirred by the horrible suffering meted out to the Jews and work and pray for the day when this "ghastly" tyranny will be destroyed.

Jewish aid to the Allies was praised and Jewish equality in a post-war Europe was promised in messages received from Gen. Sikorski, Gen. Charles de Gaulle and other heads of Governments-in-exile in London. Ivan Maisky, the Soviet Ambassador to England, stated in his message: "We are fighting today to preserve the national freedom of every country and for equality for all nations. It will be a long, hard war but it must be won and will be won."

NAZIS PROHIBIT NEWS BROADCASTS FROM BERLIN ON MISTREATMENT OF JEWS

NEW YORK, Nov. 14. (JTA)-- The Mutual Broadcasting System, acting upon the suggestion of its Berlin correspondent John Paul Dickson, today discontinued carrying news from Germany because Nazi censorship does not permit broadcasters in Berlin to send to America any reports on the anti-Jewish persecutions there as well as on the crisis in Czechoslovakia.

Mr. Dickson telephoned his office here last night from Berlin voluntarily urging that it cease carrying his news reports from Germany "because censorship has made them useless at the present time." He especially emphasized the fact that he is not permitted to broadcast from Germany "important news on the Jewish situation."

JEWISH ECONOMIC ADJUSTMENT TO BE DISCUSSED AT NEW YORK CONFERENCE TODAY

NEW YORK, Nov. 14. (JTA)-- The effect of the national defense program on the economic status of Jews in America will be considered at a Conference of Jewish Economic Adjustment on Sunday. The meeting, sponsored by the Jewish Occupational Council, will take place at the auditorium of the Society for the Advancement of Judaism, New York.

The Conference will be addressed by official representatives of Government offices dealing with labor and employment problems. Some of the sessions will be closed to the public.

The Jewish Occupational Council, which is the national research and service agency for all Jewish organizations conducting economic adjustment programs, is calling this conference in order to acquaint Jewish communities and organizations with the scope of Jewish economic and vocational services.
