JEWS FREEZING TO DEATH IN GHETTOS; STARVATION MOUNTING IN WARSAW, LODZ

LONDON, Jan. 5. (JTA)-- Scores of Jews are freezing to death every day in the Jewish ghettos of Warsaw and Lodz as a result of insufficient fuel to meet the extreme cold wave now sweeping Poland, coupled with the ever-present food shortage, according to reports reaching official Polish circles here today.

Undernourishment among Jews in the two Lodz ghettos has reached a point where the Nazi authorities could not find sufficiently strong young Jews fit to serve in the special ghetto police force. Jews from other areas of occupied Poland had to be brought to Lodz to take up police duties in the ghetto, the reports inform.

(Reliable information published in today's New York Times confirms recent JTA reports that Nazi authorities in occupied Poland ordered the killing of civilians with typhus where it would be difficult to isolate them for proper medical attention. Isolation for medical treatment is impossible because there are no medical supplies or soap in Nazi-held Poland.)

The Breslauer Neueste Nachrichten, a leading Nazi newspaper in Germany, in an article on the Jewish ghettos of Wartheland, which includes the city of Lodz, reports that 175,000 Jews are now segregated in ghettos in this district. The Jews in the Wartheland section are classified as "foreigners," the paper writes.

Jews in Warsaw Ghetto Observe "Palestine Day;" Three Ghettos in Ottock

A "Palestine Day" was observed by the Jews in the Warsaw ghetto on the anniversary of the Balfour Declaration, it was learned here today. Though not permitted by the Nazis to emigrate from Poland, the Jewish population in the ghettos prayed for the time when the world will be open to them and when they will be able to resume their Zionist activities freely.

In Ottock, a former health resort near Warsaw, the Nazi local administration has split the Jewish ghetto into three sections, each separated from the others. Jews of one section are not permitted to communicate with the ghettos in the other sections of the city except by telephone. In case of urgent need a messenger may be sent from one section of the ghetto to the other after securing special permission from the Gestapo. The splitting of the ghetto was necessitated by the fact that some villas belonging to non-Jews were situated within the ghetto area, the Nazis explain. The villas are now being used as hospitals for wounded German soldiers arriving from the Russian front.

FOOD RATIONING BEGINS IN PALESTINE IN FEBRUARY

LONDON, Jan. 5. (JTA)-- Rationing of essential food will begin in Palestine on February 1, according to a report appearing today in the London Times. The first commodity to be rationed will be sugar.

RUTENBERG BEQUEATHS PROPERTY FOR EDUCATIONAL FUND FOR JEWISH UNITY IN PALESTINE

JERUSALEM, Jan. 5. (JTA)-- All personal property of Pinchas Rutenberg who died here on Saturday has been bequeathed by him for the setting up of a Rutenberg Endowment Fund to be used "for the inculcation in our youth of the spirit of unity and brotherhood - the spirit of Israel," it was disclosed here today when Rutenberg's will, dated Oct. 14, 1941, was opened. The will specifies that the proceeds of Rutenberg's estate would be transferred annually to this new fund.

In a second will, dated Nov. 5, 1941, Rutenberg explains that by setting up the fund he aims to cement unity in the Yishuv in the future. "The division of our people into communities, parties and sects has always been our disaster," the will reads. "Civil strife has brought us to the brink of an abyss. If we do not cease, ruin confronts us. Therefore, my desire is that the Jewish youth of the Yishuv, growing up in its midst, should always remember that not this or that Jewish sect or party are being downtrodden by others, but the Jewish people as a whole. Whether we wish or do not wish to be brethren in distress let us realize that we must be brethren in life and in creative endeavor and in the action of upbuilding. Youth represents our hope for the future. Its proper Jewish education is a guarantee of our existence. The principles of education must be deeprooted in common sense and knowledge and in unity, fraternity and a serious application to loyalty."

Wanted To Die In a Uniform Of a Simple Soldier On The Battlefields

It was revealed here today that shortly before his death Rutenberg said: "I am ashamed to die in bed. I would like to be able to get up and wear a uniform of a simple soldier and die on the battlefields fulfilling a duty to our people and humanity. I do not want to die now, I want to live at least two more years, because they will be decisive for humanity and for the Jewish people."

Included in Rutenberg's will was a request that both of his nephews say Kaddish for him. The funeral procession of the Yishuv leader, yesterday, wound its way from the Hadassah Hospital to the Mount of Olives through streets covered with deep snow, the heaviest that has fallen in Palestine in twenty years. Chief Rabbi Herzog threw the first handful of earth into the grave.

Weizmann, Jewish Agency, Brodetsky Mourn Passing of Rutenberg

LONDON, Jan. 5. (JTA)-- Dr. Chaim Weizmann today mourned the death of Pinchas Rutenberg as a "terrible loss to the Yishuv," in a statement issued here. Other tributes came from the London office of the Jewish Agency and from Prof. Selig Brodetsky, president of the Board of Deputies of British Jews.

"I am overwhelmed with grief," declared Dr. Weizmann, "at Pinchas Rutenberg's untimely death and mourn the loss of an old friend. It is a terrible loss to the Yishuv where he became the most powerful figure. His conspicuous achievement will be a permanent monument to our national home to which he contributed light and leadership by giving a noble example of constructive idealism."

The Agency's message, which was cabled to its executive in Jerusalem, declared: "We are greatly shocked to hear of the premature death of Pinchas Rutenberg, which is a terrific loss to the Yishuv, of which he was a tower of strength. He was one of the foremost builders of our national home to which he gave guidance and light. His achievements remain a lasting memorial to him in Eretz Israel." A similar message was sent to Jerusalem by Prof. Brodetsky. A memorial meeting in honor of Rutenberg has been called for Thursday. It will be held under the auspices of the Jewish Agency.

NAZIS IMPOSE COLLECTIVE RESPONSIBILITY ON JEWISH ARTISANS IN POLAND

LONDON, Jan. 5. (JTA)-- A list of trades in which Jews are permitted to work was published by the Nazi authorities in Poland where the Nazi administrators are now organizing collective workshops in the ghettos, making each worker responsible for the entire output, it was reported in Polish official circles here today. The trades in which Jews may engage include tailoring, shoe-making, brush-making, knitting, book-binding, glass-blowing, weaving, spinning, optical work, button-making, hat-making, soap-and-candle-making, paper-making, carpentry, house-painting, cabinet-making, and electrical engineering.

At present there are, according to the report, seven collective tailoring shops in the Warsaw ghetto providing employment for about 1,000 workers. One collective glove shop in Warsaw provides work for about 300 workers, while 1,000 work in three shoe-making establishments there. Similar collective shops also function in the ghetto in Vilna. Each collective must carry out the orders placed by the German authorities within a given time. Failure by the collective to carry out the order within the specified time results in punishment for each member of the collective. When a quota of military boots was not delivered by a Jewish shoe-making collective in Warsaw, each worker was fined twenty percent of his salary. In another case, Jewish workers were imprisoned for three days each when the work of their collective shop was found faulty.

NEW HUNGARIAN LAW DOES NOT DEPRIVE JEWS OF FREEDOM OF RELIGION, MINISTER STATES

ANKARA, Jan. 5. (JTA)-- Freedom of religion for Jews in Hungary is not limited by the recently adopted law withdrawing official recognition from the Jewish religion, it was stated in the Hungarian Parliament by Dr. Valentine Homan, Minister of Education, according to Budapest papers reaching here today.

Answering a demand by several deputies that the Jewish religion not be recognized at all "until various branches of this confession be examined to see whether they offend against state laws," Homan said that the principle of personal freedom of faith has not been affected by the new legislation. He added that an examination of Jewish religious practices was unnecessary because he was familiar with the nature of "these sects" and, therefore, was in a position to interfere in case their statutes or acts violated the laws. Homan also pointed out that it was not necessary to limit the acquisition of property by Jews for synagogues, cemeteries, schools, and charitable institutions since this was already done by a law of 1895.

HONOLULU, Jan. 5. (JTA)-- More than 1,000 German-Jewish refugees fell into the hands of the Japanese in Manila, it was estimated here today by American circles.

The services were held at Honolulu's Synagogue which was built several years ago on the initiative of B'nai B'rith.
