NAZI RETREAT ON THE SOVIET FRONT RESULTING IN INCREASED TERROR AGAINST JEWS IN POLAND

ON A GERMAN FRONTIER, Jan. 16. (JTA)-- The Nazi retreat on the Soviet Front is having its repercussions in the Jewish ghettos in Poland, according to information disclosed here today by a neutral diplomat who arrived from Germany after a visit to Cracow and other large Polish cities.

The German authorities in Poland, the diplomat said, are now mobilizing Jewish youth in the ghettos and transporting them to the Soviet front to clear the snow which is impeding Nazi troop movements. Organized in special labor gangs, the Jewish youngsters, the majority of whom are between 16 and 17 years old, are forced to work clearing the roads, building defensive positions for the retreating army and keeping the railway lines clear of falling snow. All this work is done in freezing temperatures although the Jewish youths have no warm clothes and practically no shelter.

In addition to these young men the Nazi authorities are also driving aged Jews to forced labor clearing the roads and railway lines of snow, the diplomat reported. The aged Jews, however, are working in the rear of the Nazi armies and on Polish soil only. Approximately 20,000 Jews have been sent to labor gangs from Lublin and the surrounding townships alone, the neutral observer estimated.

Jewish Medical Supplies Confiscated in Warsaw, Cracow, Radom

In the ghettos of Cracow, Warsaw and Radom the Nazis have been confiscating all the medical supplies available, including bandages, he declared. The Jewish hospitals in the ghettos are experiencing an acute lack of drugs. The situation became even more aggravated after America's entry into the war, since the medical supplies which Jewish institutions have been receiving from America through the International Red Cross can no longer arrive. Similarly they no longer receive any medical supplies from Jewish groups in Switzerland and Sweden.

Fearing that the retreat of the German army on the Eastern front may inspire increased anti-Nazi activities in Poland, Governor Hans Frank, the Nazi ruler of the occupied Polish territory, this week opened in Cracow a special school to train oppressors in carrying out a more rigid policy with regard to Jews and Poles, the diplomat reported. Many leading members of the Nazi administration and of the German military command were present at the opening ceremony, he stated.

NATIONAL CONFERENCE FOR PALESTINE OPENS IN CLEVELAND; JEWISH AGENCY ASKS FOR FUNDS

CLEVELAND, Jan. 16. (JTA)-- Problems concerning the participation of American Jews in the development and defense of Palestine as an important bulwark of the United Nations in the Near and Middle East will be discussed at the two-day National Conference for Palestine which opens here tomorrow at the Hotel Statler, with delegates from all parts of the United States in attendance.

The Conference will honor Dr. Abba Hillel Silver, national chairman of the United Palestine Appeal, for the leadership he has given the cause of Palestine fund-raising in America during the past five years. It was disclosed here today that during Dr. Silver's incumbency as national chairman, approximately \$13,000,000 was raised for the stimulation of emigration into Palestine, land acquisition and the promotion of agricultural, industrial and economic activities there.

A cabled appeal to the Jews of America "to ensure the future of the Jewish people" by giving the utmost moral and material support to the Jews of Palestine "who are doing their utmost in the struggle for the future of human freedom and the democratic way of life" was received today by Dr. Silver from the Executive of the Jewish Agency in Jerusalem. The cable announced that American Jews would be asked to provide the largest share of a budget for 1942 of over \$8,000,000 for assistance to every aspect of the Jewish development in Palestine. Included in the budget is aid for the families of the Palestine Jewish soldiers now fighting with the British Army in North Africa as well as for hospitality to the British, Free French, Czech, Polish and other allied garrisons stationed in Palestine.

Allied Diplomats Send Greetings to The Zionist Parley

Messages to the Conference were also received from the Danish and Czechoslovak Ministers in this country. Recalling the recent report that the King of Denmark had threatened to abdicate if the Nazis instituted the Nuremberg Laws in his country, Henrik Kauffmann, Minister of Denmark, says in his message: "In these days when Imperialism, race hatred and intolerance have ruined the happiness of millions of people all over the world, I send my greetings to the National Conference for Palestine, wishing it success. The people of Denmark share with you the firm belief that in spite of all the hardships of the present day, the noble ideals of humanity will conquer and liberty and justice will be restored to all people on earth."

Vladimir S. Hurban, Czechoslovakia's Minister at Washington, said in his message: "It was always with interest that I have followed the endeavor of the Jewish national movement to bring about a lasting and, above all, a just solution of the Jewish national aspirations. Today more than ever we realize that it is not merely numbers that make a nation truly great - great in the cultural connotation of this word. What the comparatively small group of Jewish patriots has already achieved is a very encouraging omen for the rest of us who also belong to a 'small' nation. May I assure you that the Czechoslovak people have, because of events in their own national history, a particularly sympathetic understanding for the justified aspirations of your groups."

FDR COMMITTEE TO PROBE RACIAL DISCRIMINATION IN DEFENSE INDUSTRIES

NEW YORK, Jan. 16. (JTA)-- Discrimination against Jews or Negroes seeking employment in defense industries will be the subject of public hearings here by President Roosevelt's Committee on Fair Employment Practices, to be held on Feb. 16 - 17, it was announced today.

"A man who is holding up construction of a bomber or a tank because he refuses to hire a Jew or a Negro is just as much a saboteur as a man who throws a monkey wrench into the machinery," declared Eugene Davidson, field representative of the President's Committee here.

Mr. Davidson appealed to organizations, unions and individuals to report to him any case of racial or religious discrimination in defense employment. Such cases will be carefully investigated and then aired at the February hearings, he stated. The attention of employers was drawn, by Mr. Davidson, to the fact that there is no legislation or regulation in effect which bars the employment of aliens, except in cases of secret defense work where the employment of an alien must be approved by the Secretary of War or the Navy.

The President's Committee will attempt to remedy discriminatory employment practices by persuasion and reasoning, but it has the power, under the order issued by President Roosevelt last June, to recommend the cancellation of orders or the withholding of payment from companies that refuse to abandon discrimination against minority groups.
