SOLOMON LOWENSTEIN DEAD; MOURNED BY ALL LEADING JEWISH ORGANIZATIONS

NEW YORK, Jan. 20. (JTA)-- Dr. Solomon Lowenstein, executive vice-president of the Federation for the Support of Jewish Philanthropic Societies, vice-chairman of the Joint Distribution Committee, a director of the National Refugee Service, and of the American Jewish Committee, died in the street here today from a heart attack, while on his way to the J.D.C. offices to participate in a meeting there. He was 65 years old.

His sudden death ended the career of one of America's most distinguished social workers. Born in Philadelphia, he moved at the age of 17 to Cincinnati where he was graduated from the University of Cincinnati in 1898 and received a rabbinical degree from the Hebrew Union College in 1901. He went into social work directly from college and became superintendent of the United Hebrew Charities of Cincinnati. In 1904 he came to New York and was appointed manager of the United Hebrew Charities, now the Jewish Social Service Association. From 1905 to 1920 he was superintendent of the Hebrew Orphan Asylum and in 1920 he became executive director of the Federation. In 1936 he was elected executive vice-president of the Federation.

Mr. Lowenstein represented the Joint Distribution Committee and was a member of the American Red Cross Commission to Palestine in 1918-1919. He had been president of the National Conference of Jewish Social Service, the New York State Conference of Social Work and the New York City Conference of Social Work. In 1938 he was elected president of the National Conference of Social Work, the parent body for social work of all creeds and faiths in the country.

Mr. Lowenstein was also a member of the Administrative Committee of the Jewish Agency for Palestine and vice-president of the American Friends of the Hebrew University. He also held important positions in various welfare institutions in New York State and City. He is survived by a son and three daughters.

J.D.C. Emphasizes Lowenstein's Work for Jews Abroad

The Joint Distribution Committee, in a statement issued under the signatures of Paul Baerwald, honorary chairman; Edward M. M. Warburg, chairman and Joseph C. Hymen, executive vice-chairman, emphasized the active participation of Dr. Lowenstein in almost every aspect of the J.D.C.'s work from the inception of war relief efforts in behalf of stricken Jews abroad.

"The imprint of Solomon Lowenstein's personality," the statement says, "his keen intelligence, his clear and impartial appraisal of all problems, his warm human sympathies, his deep and abiding devotion to the work of this Committee, remains with us as a monument and testimonial to this great-hearted friend, adviser and colleague. His title was Vice-Chairman of the J.D.C., but no title could do justice to the position he held. He enjoyed, as did no other man, the respect, the love and the affection of all who had any measure of contact with him. His loss to us, and to many other

important causes in the general community, can never be repaid. He was truly a great American and a man who was deeply conscious of his spiritual heritage and his Jewish tradition. The members of the Joint Distribution Committee feel deeply bereaved in the passing of Solomon Lowenstein, and extend their heartfelt sympathy to his family.

Lowenstein's Death is Loss to Refugee Cause, Says Rosenwald

William Rosenwald, President of the National Refugee Service, in a statement said: "Solomon Lowenstein was a leader from the very first in American efforts to aid the oppressed people who sought haven here. His wise and inspiring council represents an enduring contribution to the refugee cause. All of us associated with him in the work of the National Refugee Service, where he was a member of the Executive Committee, have suffered a profound personal loss."

Was Keystone of Many Organizations, Hollander States

Sidney Hollander, President of the Council of Jewish Federations and Welfare Funds, stated: "The whole Jewish community has suffered an irreplaceable loss. Solomon Lowenstein was a leader in communal work, a mainstay of movements for human betterment and social advance, a guide to the translation of social ideals into practical programs. For nearly four decades Solomon Lowenstein had been the keystone of the organizations which expressed the best instincts of man as a social being. His versatile interests and skills, his intellectual vigor, his determined optimism and his unyielding faith gave vitality and direction to a host of social movements. He was a founder of the Bureau of Social Research and of the Council of Jewish Federations and Welfare Funds, which he served as Treasurer and a member of its directing board."

His Place Will Be Impossible to Fill, Waldman Declares

Morris D. Waldman, general secretary of the American Jewish Committee, made the following statement: "By virtue of exceptional character and abilities, Solomon Lowenstein acquired a unique position of leadership in Jewish community life. Only a few days ago a distinguished citizen characterized him to me as 'The nearest thing to a perfect man.' In this judgement all who have been intimately associated with him heartily concur. Of no man could it be said more truly that he sacrificed himself for the community. Many organizations have claimed him as one of their outstanding leaders. This reflects the catholicity of his interests. It also reflects his realization that all these activities were only facets of one all-embracing interest, the welfare of the community. Of no man could it be more truly said that his passing will leave a vacant place, difficult, if not impossible to fill. Of no man could it be more truly said that he fully earned, but did not seek, the many honors which were conferred upon him."

A Link Between Zionism and Non-Zionism, Says Neumann

The American Emergency Committee for Zionist Affairs, through Emanuel Neumann its director, issued a statement reading: "The death of Dr. Solomon Lowenstein comes as a great shock. It is a severe loss which American Jewry could ill afford to sustain at this critical time. He was a non-Zionist in the organizational sense but was wholly imbued with a love for Zionism which stemmed from his love of Israel and of our great cultural heritage. He was one of the few among American Jewish leaders who could serve as a link and bridge between Zionism and non-Zionism and was sincerely devoted to the ideal of Jewish unity. This is a bad day for the Jewish cause and the cause of Jewish Palestine."

AXIS RADIO STATIONS INTENSIFY ANTI-JEWISH BROADCASTS TO ARABS IN PALESTINE, SYRIA

ANKARA, Jan. 20. (JTA)-- Paving the way for a possible attack on Turkey and for an invasion through Turkey into Syria and Palestine, both Germany and Italy today loosed a barrage of anti-Jewish propaganda in Arabic from their broadcasting stations in Zeesen, Athens and Bari.

The Axis broadcasts were all directed to the Arabs in Syria and Palestine. They alleged that England intends to incorporate Syria in a Jewish State and to provide preferential treatment for Jewish traders both in Syria and in Palestine. The Athens station went so far as to revive the Damascus blood libel of 1840 in order "to prove the criminal tendencies of the Jews and their love for bloodshei."

Announcing that today's broadcast "is the first of a series on Jewish criminal activities," the Athens radio station went into great details concerning the notorious Damascus Affair and stated that some of the Arab leaders in Palestine who support England in the present war are descendants of the Jewish families who were involved in the Damascus case. It warned the Arabs in Palestine and Syria not to permit themselves to be influenced by these "Moslem converts who aim to enslave the Arab people."

The belief was expressed here today that the new note of anti-Jewish incitement in the Axis broadcasts to the Arabs is a result of a wide propaganda program for the Arab world now prepared by the Jerusalem ex-Mufti in Berlin. Further intensification of anti-Jewish talks to the Arabs from German and Italian radio stations is expected. It is thought that some of these talks may be delivered by the ex-Mufti himself, it was said here today. The Germans believe, it was asserted, that the voice of the ex-Mufti over the radio will greatly impress the Arabs in Palestine, Syria and Transjordan where listening to Axis broadcasts is not prohibited.

DENMARK RESISTS NAZI EFFORTS TO INTRODUCE ANTI-JEWISH LAWS

STOCKHOLM, Jan. 20. (JTA)-- Efforts by the Nazi authorities in Denmark to force anti-Jewish laws upon the population there are meeting with stiff resistance on the part of the Danish press and church leaders there, according to reports reaching here today.

Indicative of the pro-Jewish attitude of the Danish people is an article in the Skydebjerg-Aarup Church Gazette which arrived here today from Denmark. The article compares the present anti-Jewish drive to medieval anti-Jewish legends. "Fourteenth century Jew-haters," the article says, "firmly believed that Jews poisoned wells and caused the black plague and they persecuted and massacred them. It is the same today, when Jew-haters believe that Jews are the cause of war. They believe if only the scapegoat could be expelled and slaughtered then all difficulties would be solved." Anti-Semitism is an expression of the inability to overcome difficulties by one's own efforts."

Declaring that the Danish people will not tolerate anti-Semitism, the article continues: "Our Danish minds will not let themselves become infected by this disease. We have been vaccinated against it by popular education. We have no use for a scapegoat. We do not seek to circumvent our own difficulties and faults in this cheap way. Anti-Jewish legislation is tantamount to lawlessness and if we forego justice then we will be submitted to a degradation worse than war and suppression."

TIME BOMB KILLS TEL AVIV POLICE OFFICIAL, WOUNDS SEVERAL CONSTABLES

TEL AVIV, Jan. 20. (JTA)-- A time bomb exploded in a Tel Aviv house today, killing Deputy Supt. of Police Shlomo Shiff, 48, and wounding five constables, three of whom are in a serious condition.

An official report of the blast, issued by the police department here, states: "At 9:20 A.M. this morning an explosion was heard at 8 Yoel Street. Supt. Shiff and several constables immediately arrived on the scene, when a second bomb, believed to be a time bomb, exploded instantly. The injured officers are G. Y. Turtons, Z. V. Dichter and Nachum Goldman. The upper story of the house was completely demolished."

DISCRIMINATION IN DEFENSE EMPLOYMENT SCORED AT CHICAGO MEETING OF FDR COMMITTEE

CHICAGO, Jan. 20. (JTA)-- Chicago and Federal officials yesterday sharply condemned racial and religious discrimination in defense employment at the opening of hearings here by the President's Committee on Fair Employment Practices.

Jewish and Negro students of the Illinois Technological Institute charged that the Buick automobile company had excluded them from employment on racial and religious grounds, although the company had assured the Institute that all students taking defense courses would be employed. Of nine Jews in the class, only one was hired although all finished the course with high marks, the students asserted. The Buick company denied any discrimination, pointing out that among 321 workers, 62 were Jews. Questioning by the hearing board, however, elicited the information that of the 62 only 27 had identified themselves as Jews when seeking employment.

David Sarnoff, president of the Radio Corporation of America, who is a member of the Committee, bitterly condemned the company for putting questions on religion and race in their application form, a procedure, he stated, which "is contrary to the spirit of American democracy." Mark Ethridge, chairman of the Committee, stated that "this is an all-out war and anything that does not fall in line with it is close to treason. We cannot afford to play Hitler's and Japan's game by indulging in prejudices." Mayor Edward Kelly of Chicago declared that "if we want to win this war for all people we do not want one part to wear patches. The hearings will continue here for several days.

LITTAUER RECEIVES AWARD "FOR FINEST CONTRIBUTION TO JEWISH LIFE IN AMERICA"

NEW YORK, Jan. 20. (JTA)-- Lucius N. Littauer, prominent New York philanthropist, today was awarded the Phi Epsilon Pi National Service Award for making "the finest contribution to the essential Jewish life of America" in 1941.

The Award, which is made annually by the national college social fraternity, was presented to Littauer at his New York residence. Rabbi Jonah B. Wise, member of the Fraternity and former recipient of the Award, made the presentation. Past recipients of the Service Award include Albert Einstein, Supreme Court Justice Felix Frankfurter, the late Dr. Cyrus Adler, Rabbi Stephen S. Wise, and Miss Henrietta Szold, founder of Hadassah.

Littauer has contributed freely for educational and charitable purposes. A Harvard University graduate, he established the Graduate School of Public Administration at Harvard in 1937. In 1927, he established the Lucius N. Littauer Foundation which he has since granted \$3,100,000 for philanthropic service. \$100,000 was donated to the New School for Social Research, New York. The most recent gift of the Foundation was \$250,000 to New York University Medical College.
