GOEBBELS SAYS JEWS RESPONSIBLE FOR RUSSIAN RESISTANCE; MUST BE ANNIHILATED

BERNE, July 19. (JTA)-- The complete annihilation of Jews "in order to save Germany" is demanded today by Joseph Goebbels, in an article published in Das Reich, official organ of the Ministry of Propaganda.

Attributing the Nazi difficulties on the Russian front to the Jews, the Nazi propaganda minister says that the Russians themselves have no "national intelligence" to fight for their country, but it is the Jews who inspire them to offer fierce resistance to the German armies. "The danger for Germany lies in the fact that the Russians are ruled by international Jewry, and that is why the Jews must be annihilated," he writes.

"When this Jewry is eliminated," Goebbels continues, "there will be no more danger for us. They menace Western culture. It is a colossal fight. A fight for life and death. We must destroy them if we don't want to be destroyed by them. Every thing is at stake for us. We can hardly imagine what Germany would face were these inferior Russians, led by international Jewry, to be victorious."

Jews of Europe Will Be Deported to "Colonial Reservations," Nazi Chief Says

STOCKHOLM, July 19. (JTA)-- All Jews in Nazi-occupied Europe will definitely be deported to "colonial reservations" outside of Europe, Alfred Rosenberg, ruler of Nazi-occupied Russia, announced at a public meeting in Riga, according to a Riga newspaper reaching here today.

The paper adds that the question of whether the Jews of Europe should be deported to colonial camps in Africa, or isolated in the wilderness of Siberia is now being studied by Nazi officials in Berlin. Since neither Siberia nor any important section of Africa is in Nazi hands, it is obvious that the Nazi report is propaganda aimed at instilling in the population of the Baltic countries the feeling that Germany is certain of victory, to a point where she can even make plans with regard to continents other than Europe.

SOVIET ORGAN COMMENTS ON TISHA B'AB: SAYS NAZI ARMIES WILL NOT REACH PALESTINE

MOSCOW, July 19. (JTA)-- For the first time in the history of Soviet Russia reference is made today in the Soviet press to Tisha B'ab, the day when Jews throughout the world mourn the destruction of the Temple more than 2,500 years ago.

Analysing the general situation on the Egyptian front, a Moscow weekly, Ogoniok, which has a large national circulation, predicts that the Nazi army of Gen. Rommel will definitely be defeated. Emphasising that Jews in Palestine and elsewhere this week will observe the traditional Tisha B'ab day of mourning to mark the destruction of Jerusalem, the article states that there will be no destruction of Jerusalem in this war. The Axis armies in the Middle East will never succeed in reaching Palestine, the writer believes.

VICHY PREPARING TO SURRENDER GERMAN REFUGEES IN NORTH AFRICAN COLONIES TO NAZIS

LISBON, July 19. (JTA)-- An indication that the Laval Government at Vichy is preparing to surrender all German refugees in its North African colonies to the Nazi authorities, is contained in an official decree appearing in La Presse Marocaine, published in Morocco, which reached here today.

The Vichy order asks all refugees from Germany to register at the German consulates in Algiers and Casablanca for repatriation before July 31. The report does not state what consequences will follow if the refugees fail to register. It is assumed here that the registration is intended to separate pro-Nazi Germans who are in the French colonies for business or other reasons from anti-Nazis who fled to escape the Hitler regime.

Last week it was reported that a special Nazi recruiting office has been opened in Spain, and that the Franco Government was turning over all refugees, both Jewish and non-Jewish, to the Nazi officials for use as slave labor in Germany or the occupied sections of Europe.

TWO HUNDRED WAR PRODUCTION ENTERPRISES ESTABLISHED IN PALESTINE THIS YEAR

JERUSALEM, July 19. (JTA)-- The Palestine Government's Statistical Bulletin, which was issued today, reveals that 200 new companies engaged in war production have been established in Palestine since the beginning of January this year. They are part of the estimated 2,000 Palestine enterprises filling orders for the British armed forces. Included among the 200 new firms are three ship-building yards.

Reporting on labor-industry relations in the same period, the official government bulletin reported that 2,038 workers were on strike during the first three months of this year, involving the loss of 16,400 working days; while in the second three months this figure rose to 41,000 working days lost. This last figure includes the strike of the teachers in the Jewish schools and the diamond workers. The teachers' strike was settled several weeks ago. The diamond workers' conflict with the manufacturers was settled in Tel Aviv yesterday and the workers were back at their benches today. Mainly involved in the strike were Jewish workers from Antwerp.

During the first six months of the year deposits in Palestine banks rose to nearly \$100,000,000, the Statistical Bulletin discloses.

PALESTINE LEAGUE TO AID RUSSIA THANKED FOR DONATIONS TO RED ARMY FUND

JERUSALEM, July 19. (JTA)-- The League to Aid Russia, established several months ago by leading Jews here, today received a cablegram from Soviet ambassador Maisky in London, thanking it for the money it has donated to the fund being raised by the Jewish Anti-Fascist Committee in Kuibyshev to purchase 1,000 tanks and 500 fighter planes for the Red Army, as a special gift from the Jews of the world.

Answers to the appeal issued at the Jewish Anti-Fascist Rally in Kuibyshev in May for contributions to this fund have already been received by the Jewish Anti-Fascist Committee from the Federation of Synagogues in Sydney and from Jewish groups in the United States, England and Brazil.

RUMANIA WILL DEPORT ANOTHER 500,000 JEWS TO CAMPS IN TRANSNISTRIA, BUCHAREST REPORTS

LISBON, July 19. (JTA)-- The Paris radio today reported from Bucharest that more than 500,000 Rumanian Jews were deported in the course of 1941 to Transnistria, the Axis-occupied section of the Ukraine bordering on Rumania.

"An additional 500,000 Jews will be transported from Rumania to the camps in Transnistria in the near future," the Bucharest report stated. The same broadcast reported that the Hungarian authorities have declared illegal the activities of the Zionist federation in the part of Transylvania regained by Hungary from Rumania.

JEWISH GIRL BECOMES LEGENDARY FIGURE ON RUSSIAN FRONT; CAPTURES NAZI COLONEL

KUIBYSHEV, July 19. (JTA)-- The role that Jews are playing in the Russian guerrilla units fighting behind the German lines was described here today by the well-known Ukrainian writer Alexander Kornietchuk who reached Kuibyshev today from the front after spending many weeks as a guerrilla fighter in the rear of the Nazi armies.

"One meets Jews in almost every guerrilla detachment," the Ukrainian writer reported. "In one place I met a Jewish father, mother and two sons, all conducting guerrilla activities in the forests during the cold winter months. A Jewish girl named Basia had become a legendary figure among the guerrillas. She was responsible for blowing up bridges and warehouses in the rear of the enemy and, with the help of another Jewish guerrilla fighter, even succeeded in capturing a German colonel and bringing him alive to the Russian lines as a prisoner. Once she was hidden in mud under heavy rain for two nights until she succeeded in destroying a German telephone line. She crossed the front lines eight times and each time brought important information. Her husband was killed in action and she herself was twice wounded."

The Soviet press today reports the curious case of a German colonel who was taken prisoner. Badly wounded, he was placed in a Russian hospital. His diary was full of entries describing the killing of Jews and lauding the Nazi racial theory. "Jewish blood is of the worse quality," one entry in his diary read.

The Russian doctor in the base hospital decided that only a blood transfusion could save the life of the captured Nazi officer. "We have only Jewish blood in our hospital for transfusion, and I wonder whether it is acceptable to you," the doctor warned the Nazi. "By all means," the Nazi officer replied. "The talk about racial purity is nothing but madness and nonsense. I personally do not believe in it. Do what is necessary and save my life."

The Soviet news agency Tass today reported that mass-executions of Jewish and Russian civilians continue in the Smolensk district. "The Nazis drive their victims to the outskirts of the towns, order them to dig mass-graves, and mow them down with machine guns. These murders of innocent civilians take place daily, Tass states on the basis of reports from people who escaped from Smolensk."

JEWS IN PARIS FORBIDDEN TO ENTER STORES EXCEPT DURING ONE HOUR DAILY

GENEVA, July 19. (JTA)--The German military commander in Paris today issued an order prohibiting Jews from entering shops and department stores, except between 5 and 4 o'clock in the afternoon. This restriction is not to be applied to stores marked "Jewish shops."

AMBASSADOR WINANT DISCUSSES NAZI MASS-MURDER OF JEWS WITH PROF. BRODETSKY

LONDON, July 19. (JTA)-- Nazi mass-murders of Jews in occupied Eastern European territories were discussed at a conference between United States Ambassador John G. Winant and Prof. Selig Brodetsky, chairman of the Board of Deputies of British Jews, it was disclosed today by Brodetsky, reporting to an executive meeting of the Board. He also reported to the executive concerning his meeting with Prof. Slobodan Yevonovich, the Yugoslavian Premier, at which the Nazi atrocities in Yugoslavia were discussed.

The Board has decided on a course of action in regard to attempts to alleviate the condition of the Jews in Poland, Brodetsky stated. The position of Polish Jewry was considered in the light of the recently-revealed mass-slaughters of Jews and, on the basis of reports submitted to the Board by Polish-Jewish organizations, he added.

It was announced that the Joint Foreign Committee will hold a special meeting together with the executive boards of its two parent bodies, the Board of Deputies and the Anglo-Jewish Association, and the Palestine Committee of the Board, on August 3-4 to discuss post-war problems.

Dr. Ignacy Schwartzbart, one of the two Jewish deputies in the Polish National Council, will broadcast to the United States early this week on the Nazi atrocities against the Jews in Poland, it was announced today by the British Broadcasting Company.

POLISH JEWS MAY ENTER SERVICES OF ALLIED NATIONS WITHOUT LOSING POLISH CITIZENSHIP

LONDON, July 19. (JTA)-- Hundreds of Jews who hold Polish citizenship but who have been educated abroad and who do not even speak the Polish language will be able to enter the services of the United Nations and the Allied armies without losing their Polish citizenship, under an amendment to the Polish citizenship law of 1920 approved yesterday by the Polish National Council.

The law as amended provides that a Polish national who, while living abroad, accepted service for an Allied or neutral government will not lose his citizenship provided his appointment is only temporary and does not interfere with his duty and allegiance to the Polish State.

The amendment specifies that Poles wishing to join the armies of Allied countries or military units such as the British Home Guard must obtain special permission from the Polish authorities. In such cases the applicant must secure a release from his obligations to serve in the Polish army.

The new measure will enable several hundred Polish-Jews, many of them residents of Britain, to join forces other than the Polish army.
