STREET DEMONSTRATIONS IN VICHY AGAINST DEPORTATION OF JEWS FROM UNOCCUPIED FRANCE

ZURICH, Sept. 2. (JTA)-- Mass-demonstrations protesting the deportation of Jews from unoccupied France to Nazi-held territories in Eastern Europe broke out today in Vichy, Marseilles, Nice, and several other cities in the unoccupied part of France as police led through the streets of these cities hundreds of Jews who were rounded up for transportation to the Nazi-occupied zone.

Huge crowds of Frenchmen, especially students, participated in these demonstrations, according to information reaching here from Vichy. The students, dis-regarding possible penalties, wore yellow Magen David inside of which uncomplicated slogans ridiculing the Vichy regime were inscribed. Many of them shouted: "The traitor Fernand de Brinon has a Jewish wife" and "the French representative in Paris has worked for years for Jewish bankers."

The police were forced to use clubs to disperse the demonstrators, especially in Marseilles where crowds displayed open indignation. The property of the deported Jews is being immediately sold at auction by the Vichy authorities with the proceeds going to the State.

Serious Crisis Expected; Paris Radio Attacks Pope for Defending Jews

A serious crisis in the ranks of the French Government is expected to develop as a result of the indignation throughout France at the submission of the Vichy cabinet to the Nazi demand for the deportation of Jews from unoccupied France. The members of the Cabinet held a special session last Saturday at which measures for speeding up the deportation of Jews from unoccupied France were discussed.

The Nazi-controlled Paris radio today broadcast a violent attack against the Vatican for its intervention with the Vichy Government regarding the anti-Jewish persecutions in France. At the same time, Jews in unoccupied France were reported today to be barricading themselves in their homes or hiding on farms and in forests in order to escape deportation to Nazi-held territory.

FORTY FRENCH POLICEMEN SHOT, 500 ARRESTED FOR HELPING JEWS AVOID DEPORTATION

LONDON, Sept. 2. (JTA)-- Forty French policemen have been shot in Paris by the Nazis and 500 police officials were arrested on the charge that they helped Jews avoid deportation, Andre Philip, Fighting French Commissioner of Labor and the Interior, reported here today.

The raids on Jews in the city of Lyons provoked such indignation among the local French population that the protesting crowds snatched Jews from the hands of the police and took them to hiding places, he said.

UNITED JEWISH WAR EFFORT DECLINES PARTICIPATION IN DRIVE FOR TANKS FOR RUSSIA

NEW YORK, Sept. 2. (JTA)-- The United Jewish War Effort organized by the American Jewish Congress will not participate in securing funds for the purchase of tanks and bombers as a Jewish gift to the Russian Army, which has been proposed by the Jewish Anti-Fascist Committee in Russia, it was announced here today by Dr. Stephen S. Wise.

The announcement was made after consultations which Dr. Wise, as president of the American Jewish Congress, is reported to have had in Washington with officials of the U.S. Government and of the Soviet Embassy, asking their opinion on the advisability of the participation of the United Jewish War Effort in the drive for tanks and bombers which is now being conducted by some groups in America in reply to the call issued by the Anti-Fascist Committee. The statement issued by Dr. Wise reads:

"The United Jewish War Effort, now engaged in organizing relief for Britain, Russia and China and rendering every possible assistance to the victory drive in our own country, will not endeavor to secure funds for the purchase of bombers and tanks for Russia.

"The military assistance required and deserved by the Soviet Union is not within the compass of any private agency or the civilian population of this country.

"Moreover, after consulting our government and the Russian authorities, the United Jewish War Effort has been confirmed in its belief that the only effective military assistance which can and should be given to the Soviet Union must come from the governments of the United Nations. Our effort, therefore, will take the form of every assistance to the civilian population of Russia."

Willkie Carries Message to Russia on American Jewish Aid

Simultaneously, Edward C. Carter, president of the Russian War Relief, addressed a letter to Dr. Israel Goldstein, informing him that he had given Wendell Willkie a letter on the eve of Willkie's flight to Moscow, which said in part as follows: "Speaking as President of Russian War Relief, Inc., I can assure you of what you already know, namely, that Jewish citizens in the United States have not only contributed widely to Russian War Relief, Inc., but with great generosity they have supported this effort in every part of the United States."

Mr. Carter emphasizes that he wanted Willkie "to pass this message on, to our friends in the USSR." This, he says, will make clear that although many Jewish groups are not participating in the campaign to raise a fund specifically for tanks and bombers for the Russian army, there is wide-spread participation by American Jews in the Russian War Relief activities on behalf of the USSR.

JULIUS STREICHER REPORTED ARRESTED BY HITLER ON CHARGES OF EMBEZZLEMENT

HUNGARIAN ANTI-SEMITIC PARTY DEMANDS JEWS BE BARRED FROM PULLMANS

ZURICH, Sept. 2. (JTA)-- A demand that Jews be barred from using railway sleeping cars is voiced in a decision adopted by the Transylvanian Party in Hungary, it is reported in Hungarian newspapers reaching here today.

One of these papers, Uj Magyarseg, carries an article complaining that "only 44 percent of the Jewish enterprises in Hungary have been completely aryanized." The article alleges that about forty percent of all Jewish firms in the country have camouflaged themselves by appointing "dummy Hungarians" as directors or managers, while the actual key positions are still held by the Jewish owners." The country can no longer tolerate such a state of affairs," the anti-Semitic paper writes, calling for stricter economic measures against Jews.

NAZI GOVERNMENT OF SLOVAKIA WARNED OF VENGEANCE FOR TORTURING JEWS

LONDON, Sept. 2. (JTA)-- Declaring that he feels "deeply ashamed when he thinks of the sufferings caused his Jewish fellow-citizens as a result of the bestiality, and sadism of the so-called Catholic Slovak Government," Monsignor Pavel Machacek, Vice-President of the Czechoslovakian State Council, today broadcast a "last warning" to the people of Slovakia to dissassociate themselves from "the government appointed by the pagan Hitler."

"It is impossible to simultaneously serve God and the devil, and it is impossible to be a good Christian and an anti-Semite at the same time," Monsignor Machacek stated, adding that he made his protest in the name of Catholicism as well as for the sake of the Slovak people. "What has been done to Slovakian Jewry by the Bratislava Government is worse than what Herod once did to the Jews," the Slovak prelate continued.

Addressing himself to the puppet government of President Tiso, he said: "I do not appeal to your conscience and humanity because you do not possess any, but I hold you responsible before God and the Slovak people for what you are doing to these innocent citizens. I call upon you for the last time to desist from these devilish deeds. God's punishment and the vengeance of the Slovak people will fall upon you mercilessly. Every supporter of anti-Semitism supports Nazism because the anti-Semitic poison is the driving force behind the Nazi power politics which have brought European civilization to the brink of destruction."
