100 WARSAW JEWS STILL ALIVE; CONFINED IN CONCENTRATION CAMP IN GERMANY

LONDON, Jan. 25. (JTA) -- Polish official circles today reported that 25,000 Jews from the Warsaw ghetto are now interned in a concentration camp in Berensbotel, Hanover. These are the survivors of the 40,000 Jews who were in the ghetto during the battle which preceded its liquidation by the German authorities.

The Belgian Government-in-Exile, quoting the underground Belgian newspaper "Legion Noire" today reported that sixty percent of a large group of Belgian Jews arrested last summer by the German occupation authorities have died either in detention camps, or while being deported.

The clandestine publication disclosed that the Jews were rounded up by the Germans with the assistance of Flemish nationalists and Rexist storm troops. They were assembled at a detention center where they were stripped and forced to surrender all jewelry, money, dental plates containing gold or silver and many other valuables in their possession. Many were beaten by the guards. In apparent anticipation of post-war retribution, however, the guards forced the Jews to sign statements to the effect that they had not been mistreated prior to deportation. The underground paper says that some of the prisoners died in the Malines camp in Belgium, while others died en route to camps in Holland or Poland.

FRENCH FASCISTS DEMAND EXPULSION OF ALL JEWS; CHARGE ALIEN JEWS ARE "SABOTEURS"

ZURICH, Jan. 25. (JTA) -- A demand that all Jews be deported from France was made this week at a mass meeting in Paris, it is reported today by the Nazi-controlled Paris radio. The meeting, which was called by the "French Legion of Volunteers Against Bolshevism," heard speakers urge that an unceasing struggle be waged against Jews "who must be regarded as belligerents in this war."

The Vichy radio today quoted the newspaper Paris Soir as demanding stronger measures against aliens in France, "especially Polish Jews," who, it charged, are saboteurs. Demanding the elimination of aliens, the newspaper said that "France for so long has been the dumping ground of Europe."

10 NORWEGIAN JEWS NOW AT FORCED LABOR IN OCCUPIED POLAND, SWEDISH PRESS REPORTS

STOCKHOLM, Jan. 25. (JTA) -- The number of Norwegian Jews deported by the German occupation authorities to Poland and to Upper Silesia was reported here today to be about 700.

Three Swedish newspapers estimate that between 6,000 and 7,000 Norwegians are now held prisoner in Germany, including many anti-Nazi students. While the Jews are being used for hard labor in occupied Polish territory and in Silesian coal mines, many of the non-Jewish deportees are being forced to clear air-raid wreckage from the streets of Berlin, the newspapers stated.

IN BULGARIA GIVEN TWO MONTHS TO CHANGE BULGARIAN-SOUNDING NAMES

ZURICH, Jan. 25. (JTA) -- Jews in Bulgaria were today given two months to change their Bulgarian-sounding names to Jewish-sounding ones, the Sofia radio reports. Those affected by this order must make the necessary corrections in their identification documents no later than April 1, the broadcast said.

The Bucharest radio reports that three Jews, including a woman, were executed last week. The name of the woman was given as Shulamith Moskowitch, "daughter of a famous Jewish millionaire." The other two executed Jews were Bar Kudrach and Clemens Schenblatt, both from Cernauti. They were accused of "pretending to be policemen," the broadcast announced.

JEWISH HOMELAND IN PERU SUGGESTED IN HOUSE OF REPRESENTATIVES; WHITE PAPER SCORED

WASHINGTON, Jan. 25. (JTA) -- Establishment of a Jewish homeland of one hundred square miles in Peru was advocated on the floor of the House of Representatives yesterday by Rep. Compton I. White, Idaho Dem.

White interrupted a speech by Rep. Joseph E. Talbot, Conn. Rep., against the White Paper, with the question: "Would the gentleman consider the possibility of establishing a Jewish homeland in the Western Hemisphere, on the coast of Peru? On the Pacific side there is a plain there where it does not rain but it is very fertile. By bringing the waters from the head of the Amazon it would make very valuable land. There are 100 square miles in there of what is the most fertile land in the world, in one of the finest climates of the world."

"I have been trying to find time," White continued, "to make the necessary investigation. As chairman of the Committee on Prigration and Reclamation of the House, I am going to propose a project for the establishment of the Jews in Peru at a point that is not now inhabited. It is one of the finest countries in the world, if only had water. It seems to me the Jews should look into the possibilities of that project."

Talbot outlined the contributions of Palestine Jews to the war effort, and asked American support of the Balfour Declaration. He made no response to a question from Rep. Samuel Dickstein, New York Dem., on whether he would be willing to admit persecuted Jews to this country. When Rep. Emmanuel Celler, N. Y. Dem., suggested that the White Paper violated our treaty with Britain, recognizing the Palestine Mandate, Talbot agreed.

COLONIAL MINISTER MAY BECOME BRITISH CABINET REPRESENTATIVE FOR THE MIDDLE EAST

LONDON, Jan. 25. (JTA) -- The London press reports today that Lord Moyne, former Colonial Secretary, will probably become the representative of the British Cabinet in the Middle East, where policies on Palestine are now being shaped. He will succeed British Minister of State Robert Casey, but will hold no ministerial rank, the report says.

A warning against allowing the forthcoming debate in Parliament on the White Paper issue to stimulate pro-Arab and anti-Jewish sentiments was issued yesterday by Lord Malcolm, former colonial official. If two million Jews had been settled in Palestine before the war in accordance with the provisions of the mandate, England could have easily raised 200,000 loyal and eager fighters among them, Malcolm wrote in the Daily News, a London newspaper.

DR. GOLDMANN HOPES JEWS OF RUSSIA WILL JOIN WORLD JEWISH CONGRESS AFTER WAR

LONDON, Jan. 25. (JTA) -- The hope that the Jews of Russia will be permitted after the war to join the World Jewish Congress was expressed here today by Nahum Goldmann, chairman of the administrative committee of the Congress, addressing a public meeting presided over by Lady Reading.

The meeting was called for the purpose of countering the opposition of the Anglo-Jewish Association to the planned cooperation between the Board of Deputies of British Jews and the British section of the World Jewish Congress. Dr. Goldmann strongly attacked those sections of British Jewry which "have fantastic notions about the activities of the World Jewish Congress."

"The issue," he said, "is very simple. We, Jews, are being attacked on an international basis by Fascism and Nazism. It is, therefore, our duty to defend ourselves on an international basis. Relief for Jews may be necessary, but it cannot be substituted for political action. A large portion of Jews in the democratic countries are behind the World Jewish Congress and I hope that Russian Jewry, too, will join in Jewish efforts on the basis of the World Jewish Congress."

Dr. Goldmann indicated that the World Jewish Congress will "in the near future" address a message to the democratic nations of the world stating that "the democratic generation has responsibility toward the Jews and cannot waive its responsibility for their calamity." He demanded financial aid for the Jews in liberated Europe "to help restore them to their pre-war economic position" or "to take to Palestine those who still wish to go there."

World Jewish Congress Lauds Roosevelt's Establishment of War Refugee Board

NEW YORK, Jan. 25. (JTA) -- The World Jewish Congress today hailed the establishment by President Roosevelt of a War Refugee Board "as a historic act of courage and statesmanship which marks a turning point in the attitude of Western democracies toward the problems created by Hitler's extermination policy."

The statement of the Congress, issued by Dr. Stephen S. Wise, chairman of its executive committee, expressed deep satisfaction with the President's order "which recognizes that the democracies have an inescapable moral obligation to discharge in the work of rescue, and that action must be taken without delay."

The statement emphasized that leaders of the Congress have been in constant consultation on rescue work with the appropriate officials of the Government departments whose heads will now compose the War Refugee Board. It promises "wholehearted cooperation" with the Board.

BRITISH ZIONISTS ASK INCLUSION OF JEWISH STATE IN BRITISH COMMONWEALTH

LONDON, Jan. 26. (JTA) -- A resolution expressing the hope that Palestine will become a Jewish state and included within the British Commonwealth after the war has been adopted by the executive committee of the British Zionist Federation and will be presented to the annual conference of the organization, which opens on Saturday, it was learned here today.

While endorsing the "Biltmore Declaration," which calls for the creation of a Jewish Commonwealth in Palestine, the resolution pledges full development of Arab interests in any Jewish state that may be established. The conference, which is expected to be attended by about 700 delegates, will hear Dr. Chaim Weizmann, Prof. Selig Brodetsky and other Zionist leaders.

AMERICAN JEWISH FRATERNITY PRESENTS AWARD TO MONSKY; NAMES HIM "JEWISH MAN OF THE YEAR"

NEW YORK, Jan. 25. (JTA) -- The 1943 Phi Epsilon Pi Service award to the American Jewish man who has contributed most to his people was presented today to Henry Monsky, president of B'nai B'rith, by Maurice Jacobs, grand superior of Phi Epsilon Pi, national Jewish college fraternity, at the Waldorf Astoria.

The national service award committee named Mr. Monsky its choice for Jewish "man of the year" because of his "many years of devoted effort to the people of Israel, particularly in this past year to your planning and carrying out of the American Jewish Conference," Mr. Jacobs said in making the presentation.

WARBURG MANSION IN NEW YORK DONATED TO JEWISH THEOLOGICAL SEMINARY

NEW YORK, Jan. 25. (JTA) -- The fifty-room mansion in which the Warburg family made its home for many years has been donated by Mrs. Felix Warburg to the Jewish Theological Seminary of America, and will be used to house the seminary's collection of Jewish religious treasures, it was announced here today. Mrs. Warburg presented the structure in the names of her late husband, her father, Jacob H. Schiff and her brother, Mortimer L. Schiff.

Among the objects to go into the new museum are a thirteenth century Ark, one of the oldest pieces of ecclesiastical furniture in this country; a fragment of the original Hebrew text of the last Book of Ecclesiastical, a number of silver cases containing Scrolls of the Law, a Rembrandt etching of Manassah ben Israel, medieval chests, Hanukkah lamps, and spice boxes. There will also be exhibited the collection sent to the seminary by the Jewish community of Danzig just before the German occupation of the city in September 1939.

"The gift," Mrs. Warburg said, "is not intended as a specific memorial but rather as an affirmation of my faith in the fundamental principles of our traditions, which can be helpful and constructive in the problems of our world today, and also as a tribute to the men of my family, my father, my husband, and my brother Mortimer, who each in his own way has done so much to build up the seminary toward its present effective usefulness."
