BEN GURION, IN KNESSET, DENOUNCES NASSER AS WOULD-BE HITLER

JERUSALEM, Oct. 29. (JTA) -- Premier David Ben Gurion of Israel denounced Gamel Abdel Nasser of Egypt today in terms rarely employed by the head of a state and said the only reason Nasser should not be compared with Hitler was that Israel would not let Nasser do what Hitler had done, although the Egyptian dictator was equal to those crimes.

Mr. Ben Gurion's polemic came in a debate on a Communist motion in the Knesset calling for a reversal of Israel's pro-Western policy. The opposition parties voted solidly with the Government to reject the Communist motion which received the vote of only two Communist deputies.

Earlier, Mr. Ben Gurion rejected a Herut Party demand for a full debate on the future of Jordan, declaring that Nasser "knows--and that is all he needs to know--that we are opposed to the entry of foreign troops in Jordan." He said it was better that Jordan should continue to exist as it is and appealed for restraint in discussing policy on Jordan.

Mr. Ben Gurion disclosed that United Nations Secretary General Dag Hammarskjold had promised to visit Israel early next year to discuss Article VIII of the Jordan-Israel armistice agreement which requires both parties to meet to settle unresolved issues. Mr. Hammarskjold, he said, insisted that this discussion take place at Sde Boker, the Prime Minister's vacation home in the Negev.

Mr. Ben Gurion emphasized that it would be "very harmful" to discuss publicly what Israel would do in the event of violation of the Jordanian status quo because "there is no need to tell a hostile world what we are going to do in a hypothetical case, especially on a question involving peace or its opposite."

Premier Expresses Sympathy with Arab Liberation Movement

In dealing with the Communist motion, Mr. Ben Gurion expressed Israel's sympathies with the Arab liberation movement but stressed that that movement must not be identified with "the oppressive imperialist dictatorship of a soldier who crushes his own land and people and bankrupts them by spending the fruits of their sweat on arms from Communist countries and wants to dominate other peoples and the whole of Africa."

He told the Knesset that "Nasser's ambitions and the aims of the Arab liberation movement are two opposite things." He accused Nasser of using against Israel and the Jewish people "the techniques of Hitlerite propaganda" and mentioned that Nasser had given an Indian journalist a copy of the notorious "Protocols of the Elders of Zion."

Mr. Ben Gurion replied to an assertion by Dr. Moshe Sneh, Communist deputy, that Israel was allied with imperialism by referring to a certain Great Power (the Soviet Union) which "rules over colonial peoples and is not liberating them." He said Israel was ready to maintain normal relations with that power.

Discussing Israel's arms purchases from the West, Mr. Ben Gurion said: "We do not want to be dependent on the mercy of Egyptian, Iraqi and other dictators." Egypt was obtaining Soviet arms, he said, not to improve the wretched conditions of her peasantry but for warfare against Israel. "We will do everything to prevent encirclement by Nasser," he exclaimed. "How we will do it, I abstain from saying."

Mr. Ben Gurion concluded his diatribe by stating that he had not been surprised by Communist identification with Col. Nasser, since in the past the Communists had allied themselves with Hitler, too.

Mr. Ben Gurion's comments on the Jordan situation flowed from questions by Yigal Alon, leader of the Ahdut Avodah Party, a partner in the government coalition, about an interview the Premier gave a correspondent of the Sunday Times of London. During the interview, the Premier expressed his personal opinion that if there were a change in Jordan's status, he would prefer that the west bank of the Jordan River be demilitarized and that Israel get international security guarantees for any such new arrangements.

The Prime Minister was sustained in his stand when the Knesset voted to refer the issue to the Knesset Foreign and Security Affairs Committee.

STATE DEPT. HEARS UNITED ARAB REPUBLIC GETTING COMMUNIST ARMS

WASHINGTON, Oct. 29. (JTA) -- State Department sources said today there are definite indications that the United Arab Republic is about to receive heavy new shipments of military equipment probably including tactical rockets, limited range missiles, and other modern weapons.

It was reported reliably that some of the new equipment would come from the Soviet Union and some from Communist Czechoslovakia. In the past two years the UAR has received over \$350,000,000 worth of arms from the Communist bloc.

FRENCH JET TRAINER PLANE TO BE ASSEMBLED IN ISRAEL

TEL AVIV, Oct. 29. (JTA) -- The prototype of a French trainer jet plane arrived here last night. The aircraft, which will shortly become the standard training plane for Israeli pilots, will be assembled on license at the Lydda facilities of Bedek, Israel's airplane maintenance and assembly plant.

SOVIET BLOC DEMANDS ISRAEL, BRITAIN, FRANCE PAY COST OF U. N. E. F.

UNITED NATIONS, N. Y., Oct. 29. (JTA) -- The Soviet bloc attacked the United Nations Emergency Force today as a group established "in violation of the United Nations Charter," and insisted that Israel, Britain and France must finance UNEF because they were the "aggressors" against Egypt in the 1956 Suez-Sinai campaigns which resulted in establishing the force in the Gaza Strip and in the Sinai Desert.

(Israel marked the second-anniversary of the launching of the Sinai campaign yesterday. A feature of the observance was a display in Tel Aviv of the latest tanks and armored vehicles in use in the Israel army. The day was also set aside as "Armor Day.")

The sharpest attack against UNEF came today from Arkady A. Sobolev, chairman of the USSR delegation. His views were supported by the representatives of Romania, Bulgaria and Czechoslovakia.

The future of UNEF was being discussed here for the second day in the General Assembly's Special Political Committee. Yesterday, Secretary General Dag Hammarskjold told the committee that UNEF must continue its operations.

"There is no question," said Mr. Hammarskjold, "but that the interests of the United Nations are best served by the continuance of the UNEF operation as it has been established."

Mr. Sobolev, who assailed the legality of UNEF, insisted that Israel, Britain and France must carry the entire financial burden because "they bore the full political and material responsibility for the aggression against Egypt."

Pierre de Vaucelles of France endorsed the presence of UNEF as "beneficial" and praised Israel and Egypt for the fact that their border is now quiet. "No doubt," he said, "the common desire of Egypt and Israel to maintain the status quo for the time being" is the main reason for the improvement in the situation. However, he said, UNEF helps to prevent incidents along the Egypt-Israeli border "which might be caused by agitation."

The committee adjourned until Friday when it is expected to approve a draft resolution allocating the UNEF costs to all United Nations members.

BRITISH MP'S ASK POLICY OF FRIENDSHIP TOWARD ISRAEL, ARAB STATES

LONDON, Oct. 29. (JTA) -- Several speakers who participated last night in the debate on the Speech from the Throne in the House of Commons urged on the Government a policy which would combine loyalty to Britain's commitments to the State of Israel with measures to establish friendly relations with all the Arab States.

Hugh Gaitskell, leader of the Labor Opposition, warned the Government not "to try once again to base its Middle East policy on support of certain Arab States against other Arab States."

Prime Minister Harold Macmillan, who replied to the debate, pledged that Britain would remain faithful to its Bagdad Pact alliances and insisted that this pact was not a threat to any Arab country. He stressed that "we want our relations with Iraq to continue on a basis of friendship and cooperation."

BEN GURION SENDS PLANE TO GHANA AS GIFT FOR PREMIER

TEL AVIV, Oct. 29. (JTA) -- Premier David Ben Gurion presented a two-seater Piper Cub to Ghana's Premier Kwame Nkrumah in a ceremony at Lydda Airport today as a birthday gift from the Government of Israel. The gift was accepted by William Haim, Ghana's Ambassador here.

Representing Mr. Ben Gurion, Brig. Mordechai Limon said that the plane was another token of Israel's friendship for the African state. Ambassador Haim called the gift "magnificent and valuable."

ISRAEL CHIEF RABBI GREETES NEWLY-ELECTED POPE JOHN XXIII

JERUSALEM, Oct. 29. (JTA) -- Israel circles welcomed today the election of Pope John XXIII and described the Pontiff as being friendly to the State of Israel.

The Pope, then Cardinal Roncalli, while Apostolic Delegate in Istanbul, Turkey, during World War II, met Dr. Itzhak Halevi Herzog, now Chief Rabbi of Israel, and "responded actively to an appeal to assist war-stricken Jews," it was recalled today.

Dr. Herzog, in a cabled message of blessings to the Pontiff, recalled this today and said: "I trust your noble and faithful belief in the highest human values, revealed in your devotion during the days of the Nazi atrocities, will guide you in your new and important position."

Saul Colbi, head of the Christian Communities Department of the Israel Ministry of Religions, described talks he had had with the then Cardinal Roncalli two years ago when the Israel official visited Italy in connection with discussions on relations between the Vatican and the Jewish State.

BONN FINDS IT IMPOSSIBLE TO EXTRADITE NAZI CRIMINAL FROM EGYPT

BONN, Oct. 29. (JTA) -- The West German Foreign Office, in an announcement which caused resentment among Nazi victims, asserted today that it would be impossible to contest the refusal of the United Arab Republic to extradite Dr. Hans Eisele for trial on war crimes charges.

Eisele, who was a doctor in the Buchenwald concentration camp, fled to Cairo after witnesses in the trial of Buchenwald camp guard Martin Sommers, accused him of murderous medical experiments on camp inmates.

A Foreign Office spokesman said that the UAR refused extradition because UAR law provides that defendants must be tried within ten years of the alleged crime. West German law provides for a 20-year period but Egyptian law must be followed in the Eisele case because there is no extradition agreement between the West German Republic and the UAR, the Foreign Office spokesman said.

The announcement pointed up demands for such an agreement to make possible the return to West Germany for trial of many Nazi criminals now living in the UAR.

NEO-NAZI PARTY OPENS ELECTION CAMPAIGN FOR BAVARIAN PARLIAMENT

MUNICH, Oct. 29. (JTA) -- The Neo-Nazi Deutsche Reichspartei opened a bid for seats in the Bavarian Legislature today with the slogan of "tolerance for all and all for Germany" but the party program made it plain that the tolerance was desired mainly for Nazis punished after the war.

The official program called for the establishment of a labor service, the reintroduction of the death penalty and indemnification of "victims of the persecutions" after 1945. This was an obvious reference to the defendants in denazification trials.

Wilhelm Meinberg, recently charged with anti-Semitism here but acquitted for lack of evidence, was re-elected chairman. Otto Hess, a close relative of Rudolph Hess, Hitler's one-time deputy, was re-elected as co-chairman.

Observers of Nazi trends said that the party in recent months has been careful to refrain from anti-Semitic statements to avoid prosecution. The party's official organ, however, consistently features news detrimental to Jews, distorting the facts connected with indemnification of victims of Nazism, Israel reparations and Israel-Arab relations.

BORIS PASTERNAK'S 'DR. ZHIVAGO' SEEN OPPOSING JEWISH SURVIVAL

WASHINGTON, Oct. 29. (JTA) -- The selection of Soviet novelist Boris Pasternak's "Doctor Zhivago" for a Nobel Prize has attracted the interest of many Jews who feel the novel makes a case against Jewish survival.

The author who rejected the prize today after being subjected to a campaign of abuse and vilification in the Soviet Union, is himself of Jewish origin and the son of the late Leonid Pasternak, a noted Russian-Jewish painter who was deeply interested in Jewish life and visited Palestine.

In "Doctor Zhivago," Pasternak refers to anti-Semitism. He asks "For what purpose are these innocent old men and women and children, all the subtle, kind, humane people, mocked and beaten up throughout the centuries?"

But instead of rebuking the anti-Semites, Pasternak goes on to ask why the intellectual leaders of Jewry have not "disbanded this army which keeps fighting and being massacred nobody knows what for."

It is concluded from this that Pasternak does not see a purpose in the sacrifice of Jews for survival and feels that Jewry should surrender to anti-Semitism and disappear.

Pasternak's assertion that "nobody knows" why Jews strive to survive is seen by many readers to reflect an attempt to repudiate Judaism and Jewish values.

MICHIGAN GOVERNOR PLEDGES ACTION AGAINST SYNAGOGUE DESECRATION

DETROIT, Oct. 29. (JTA) -- Gov. G. Mennen Williams assured the Detroit Jewish community today that state police will cooperate fully with authorities in suburban Oak Park in a search for the vandals who marred a school building in which Jewish Sunday school classes are held.

The building, which is used by B'nai David Synagogue, was smeared with anti-Semitic obscenities on Saturday night. This was the first openly anti-Semitic incident in Oak Park which has a large Jewish community.

A. J. C. PLEA FOR WHITE HOUSE PARLEY ON VIOLENCE GAINS SUPPORT

NEW YORK, Oct. 29. (JA) -- Mrs. Eleanor Roosevelt, Adlai Stevenson and Nelson Rockefeller have expressed support of an American Jewish Congress proposal for a White House conference to study means of combating violence touched off by radical and religious bigotry, the AJC reported today.

The proposal for a national conference under White House sponsorship was initially voiced by Rabbi Joachim Prinz, president of the AJC. Replying to his suggestion, President Eisenhower pledged "careful consideration" of the idea. Bi-partisan support has since been voiced by a number of nationally prominent people and organizations.

REP. SCOTT ASKS POST OFFICE TO STUDY ACTION AGAINST NEW HATE MATERIAL

WASHINGTON, Oct. 29. (JTA) -- Rep. Hugh Scott of Pennsylvania submitted a new "hate sheet" to Postmaster General Summerfield today with a request to "search the postal laws to determine whether this filth can be stopped from the U. S. mails."

Mr. Scott said the material he had submitted was published by Marie Krackenberger Mobley and Theodore G. Mobley of North Hollywood, Calif., and was postmarked at Essex, Calif. It contained "inflammatory" phrases directed against Jews and Negroes.

CIVIL LIBERTIES UNION BACKS FIGHT AGAINST CRECHE ON SCHOOL GROUNDS

NEW YORK, Oct. 29. (JTA) -- The American Civil Liberties Union has announced its intention of filing a "friend of the court" brief opposing erection of a Nativity scene at Christmas time on the grounds of a public school in Ossining, New York. The case is currently before the New York State Supreme Court in White Plains, N. Y. A similar suit by Ossining residents seeking to enjoin the erection of a creche on school grounds was turned down by the same court last year.

The ACLU concern with the case is in upholding the principle of separation of state and church. The organization's attorney noted that placement of the Nativity scene on school grounds had split the community.

PEN CLUB MARKS BIRTHDAY OF ALEPH KATZ, YIDDISH POET AND JTA EDITOR

NEW YORK, Oct. 29. (JTA) -- The 60th birthday of Aleph Katz, noted Yiddish poet and Editor of the Yiddish Department of the Jewish Telegraphic Agency, was observed here tonight by the Yiddish PEN Club. The occasion also marked the publication of Mr. Katz' latest volume of verse, "Cholem Aleichem."

The celebration was held at the Atran Culture House. Speakers included Dr. Shlome Bickl, president of PEN, and the Jewish writers, Jacob Gladstein, Chaim Grade, L. Feinberg and Joseph Rubinstein. Many messages of congratulations were received from personalities in literary and journalistic spheres, including associates and colleagues of the poet-editor.

MEMORIAL MEETING HELD IN NEW YORK FOR PROF. JOSEPH KLAUSNER

NEW YORK, Oct. 29. (JTA) -- A memorial meeting for Dr. Joseph Klausner, Jewish historian, author, communal leader and veteran Zionist, who died in Jerusalem Monday, was held here last night at the headquarters of the United Zionists-Revisionists of America.

A statement by the Revisionist executive declared: "We mourn the loss of one of the giants of Jewish history, whose life work contributed so much to the rebirth of the Jewish nation and its cultural renaissance."

Dr. Emanuel Neumann, president of the World Confederation of General Zionists, said of Prof. Klausner: "A great Jewish patriot has departed, but the influence of his thought and work will endure for generations to come."

Other statements of sorrow were issued by Abraham Redelheim, newly-elected president of the Zionist Organization of America, and Dr. Samuel Blumenfeld, director of the Jewish Agency's department of education and culture.
