No. 229

ARAB LEAGUE CALLS PARLEY TO DISCUSS MILITARY MEASURES AGAINST ISRAEL

WASHINGTON, Nov. 30. (JTA) -- The 13-nation Arab League will hold a special meeting in Cairo on December 7 to discuss military measures against Israel, according to reports received here today.

Secretary-General Abdel Khalek Hassouna of the Arab League summoned Arab foreign ministers and military chiefs of staff to an emergency session to discuss the military situation on Israel's borders. Recommendations are expected by the Unified Arab Command. It is believed that the measures to be recommended fall short of outright war but envisage increased commando harassment and guerrilla tactics.

(Reports from Damascus received in the U.S. today said that Jordanian King Hussein told a press conference in Amman that Jordan would agree to basing United Nations peace-keeping troops along the Israel-Jordanian border.)

Nasser Seen Taking the Downing of His Two Jets by Israel Calmly

JERUSALEM, Nov. 30. (JTA) -- Israeli observers said today that while Egypt has considerably increased air patrols along the Israeli border and over Sinai, President Nasser's regime apparently did not intend to make an issue over the shooting down of two Soviet-made MIG-19 jets yesterday by an Israeli jet pilot.

The observers said that if Egypt wanted to build up tension, it would have played up the incident in a typical "victory" communique. So far, however, Cairo Radio has made no reference to the air clash in its broadcasts, reporting only that two of its planes had been accidentally downed. This treatment was considered evidence that Egypt wants to close the incident.

The key to the Middle East situation, according to the observers, remained in Jordan, where demonstrations were still continuing in Bethlehem and Jordan as a response to Israel's November 13 raid against three Jordanian villages. Reports here said that the Jordanian army and police evacuated today several thousand Palestinian refugees from a camp near the Israeli border.

Israel Starts Talks with U.N. Truce Chief on Handling Complaints

JERUSALEM, Nov. 30. (JTA) -- Talks aimed at improving the effectiveness of the United Nations Mixed Armistice Commissions machinery in the hope of ensuring effective handling of complaints on border incidents were opened here today with Lt. Gen. Odd Bull, U.N. Truce Supervision chief of staff, by Israeli Foreign Ministry officials.

Israeli officials have informed UNTSO officers that MAC decisions are "legalistic" in the dictionary meaning of the term and that, as such, the decisions are a factor encouraging elements undermining peace and security in Israel's border relations, rather than consolidating peace efforts. The Israeli officials also deplored the U.N. refusal to face and admit the existence of openly acknowledged Arab terrorist groups across the border from Israel.

NEW BONN CABINET EXPECTED TO MAINTAIN PRESENT MIDDLE EAST POLICY

BONN, Nov. 30. (JTA) -- Political sources said here today that the Government headed by Dr. Kurt Georg Kiesinger, which will be sworn in tomorrow, will probably continue the Middle East policies of the predecessor Government headed by Ludwig Erhard.

West German Mayor Willi Brandt, who will be the new West German Foreign Minister, is expected to try to maintain present West German-Israeli relations while seeking to improve relations with the Arab countries which were ruptured by West Germany's recognition of Israel. A normalization of those relations by the new Government was predicted by King Hussein of Jordan today in an interview with the German Press Agency.

Meanwhile protests against the extremist National Democratic Party continued in West Germany. A group of 4,000 young people marched through the streets of Famburg yesterday in such a demonstration. They were headed by A. Runau, the Hamburg Senator of the Interior.

EBAN GIVES VIEWS TO KNESSET ON NEO-NAZI ELECTORAL SUCCESSES

JERUSALEM, Nov. 30. (JTA) -- Concern over the re-emergence of a neo-Nazi party in West Germany was expressed today in Parliament by Foreign Minister Abba Eban, who said that the Jewish people was particularly sensitive to any sign reminding it about the terrible Nazi past.

It was fitting, therefore, he added, that the Knesset should be the first Parliament of the world to express concern about the electoral successes of the National Democratic Party in two West German states this month.

The Foreign Minister added a warning against the danger of exaggerating what had happened in Hesse and Bavaria where the NDP which has officially been described as neo-Nazi by the West German Foreign Ministry, won seats for the first time. He said that even in those two states, more than 90 percent of the population still supported West Germany's two major parties, the Christian Democratic Union and the Social Democrats, which "are undoubtedly democratic."

Mr. Eban declared that anyone who said that Germany was on the way back to Nazism was doing "this small party" a favor it did not deserve. He stressed that the development was the emergence of neo-Nazis and not an increase in their strength. He declared that the NDP had provided a new rallying point for Germany's neo-Nazis but that they had always existed in an undercover motion.

The Foreign Minister made his remarks in reply to a motion for Knesset debate on the issue offered by Mrs. E. Talmi of Mapam. Mrs. Talmi's motion was transmitted to the Foreign Affairs and Security Committee for further study.

MOSCOW CANCELS SCHEDULED VISIT OF SOVIET SOCCER TEAM TO ISRAEL

TEL AVIV, Nov. 30. (JTA) -- The Soviet Union has again rebuffed Israel on an exchange program, this time in canceling a scheduled visit by the National Soccer Team, it was disclosed here today. Two months ago, the Soviets canceled a scheduled exchange which would have brought the Moscow Philharmonic Orchestra to Israel for a tour and sent the Israeli Philharmonic to Moscow.

Officials said everything was set for the visit by the soccer team to Israel in February but weeks passed with no information from Soviet authorities for final arrangements for the visit. The Israeli Soccer Association made inquiries which brought an official announcement that the team would not come to Israel but offering one of the lesser Soviet League teams. A report on the latest development is expected soon from the Israel Embassy in Moscow.

PINCUS REPORTS ON REORGANIZATION OF JEWISH AGENCY; STAFF REDUCED

JERUSALEM, Nov. 30. (JTA) -- Aryeh L. Pincus, chairman of the Jewish Agency executive, told a press conference here today that the reorganization of the Agency from 16 to nine departments was a "giant step forward."

He said that retrenchment was necessary because of reduced immigration and financial burdens on the Agency dating from the mass immigration period. He reported that since April, the Agency had reduced its staff by 817 workers. He said 240 of these workers had been given jobs in the Agriculture Ministry. Another 200 Agency employees will be dismissed by the end of the Agency's fiscal year, he said.

He also reported that both the New York and Jerusalem executives had approved the reorganization and that preparation of new organizational plans were now in full swing and would soon be carried out. He explained the abstentions of three Agency members from approval of the reorganization plan by saying that only Mapam opposed the entire plan and that the others abstained for personal reasons or because they felt each department should have only one head.

Replying to a question as to how one department director would be responsible to two or three heads, he said this was largely a matter of personalities. He added he was certain things could be worked out, adding that in the future, the Agency departments would be guided by decisions jointly arrived at by each department's heads.

U.S. FIRM GETS ORDER FOR SURVEY ON BUILDING EXPRESS HIGHWAY IN ISRAEL

TEL AVIV, Nov. 30. (JTA) -- The Public Works Department of the Tel Aviv municipality announced plans today for an express highway between Tel Aviv and the new port of Ashdod. The department said it had given an order to an American firm to work with Tahal, Israel's Water Planning Corporation, to prepare a survey of such a roadway. The highway plans call for an absence of any intersections and minimum high speeds for users. It has not yet been decided whether the road will be built by use of private financing or be paid for by tolls.

STRICTER PUNISHMENT FOR NEO-NAZIS SENTENCED FOR CRIMES PROPOSED

BERLIN, Nov. 30, (JTA) -- A proposal that defendants in West German courts, who openly admit in court to being neo-Nazis when being sentenced for crimes of arson or threats against persons, should not only be fined or jailed but also lose their civil rights, has been favorably received by Justice Ministers of West Germany's states.

The reaction was disclosed by the Society for Christian-Jewish Collaboration in Berlin, which made the proposal. The Justice Ministers have informed the Society that they would forward the proposal, with their approval, to the prosecutors in the various states. The Berlin Justice Senator wrote to the Society that "I instructed the prosecuting authorities in my district some time ago to pay special attention to anti-Semitic and neo-Nazi activities."

WASHINGTON URGED TO BACK U.S. FIRMS IGNORING ARAB BOYCOTT THREATS

NEW YORK, Nov. 30, (JTA) -- The Anti-Defamation League of B'nai B'rith today revealed that it has asked the United States Government to take "prompt and forceful action" in support of American firms "faced with blacklisting because they have complied strictly with our country's established foreign trade policy."

An "urgent request" for government intervention in the bans against the Ford Motor and Coca-Cola Companies and Radio Corporation of America imposed by the Arab League Boycott Conference was sent this week to Secretary of State Dean Rusk by Dore Schary, ADL's national chairman. The bans, announced November 20 and 26 in Kuwait, were unanimously adopted by the conference because Ford and Coca-Cola had expressed intentions of entering business relationships with Israel and because RCA is there already.

Mr. Schary noted that the 1965 Amendment to the Export Control Act (the Williams-Javits Act) makes it U.S. policy to oppose inequitable trade restrictions, including boycotts, fostered or imposed by foreign countries against other countries friendly to the United States. Accordingly, the U.S. Department of Commerce specifically asks all American exporters to refuse to comply with restrictive trade practices and boycotts, he said.

The ADL chairman pointed out that there is "constant harassment" by the Arab League of American companies. "The tragedy," he told Mr. Rusk, "is that the harassment is greatest against those companies which have evidenced a willingness to stand up and be counted in support of U.S. policy." He said that Ford, RCA and Coca-Cola "have been singled out for Arab punishment as a warning to others who may also be ready to defy boycott demands." Chrysler and General Motors have moved with Ford in parallel directions toward Israel, and yet have not been similarly ordered banned by the Arab Boycott Committee, he indicated.

Mr. Schary told the Secretary of State that S. E. Knudsen, executive vice-president of General Motors, in a letter to the Anti-Defamation League dated November 3, had stated that his company is "exploring an arrangement" whereby GM would "supply the know-how" to an Israeli GM distributor for the assembly of its cars and trucks in Tel Aviv.

Declaring that the punitive Arab Boycott Committee resolutions against Ford, RCA and Coca-Cola are not binding in their present stage since the Committee "is an advisory rather than an official government body," he asked the State Department to "head off" implementation before it is too late.

JOHNSON URGED TO BRING ABOUT AN ISRAELI-ARAB ROUNDTABLE PARLEY

LONG BEACH, N. Y., Nov. 30, (JTA) -- A fervent plea to President Johnson to use his prestige and persuasive power to bring to a roundtable conference Israel and the Arab countries to find means to reduce tension and ultimately lead to peace in that area was voiced tonight at the opening session of the 57th annual convention here of the Religious Zionists of America. More than 600 delegates from every part of the United States unanimously adopted a resolution which said in part:

"In view of recent events in the Middle East and the resultant one-sided United Nations censure of Israel, with implied future sanctions, the Arab countries now have an open invitation to provoke Israel to further retaliatory attacks. It is therefore incumbent on the major powers in general and the United States in particular to intervene immediately to remove the possibility of a conflagration in the Middle East. President Johnson, who is renowned for his persuasive ability, should take the lead in bringing the Arab and Israeli leaders together to discuss possibilities of lessening tension in that explosive area."

Rabbi David Hill, chairman of the convention, in opening the session, expressed concern over the resurgence of the neo-Nazi party in Germany. He called on the West German Government to ban all Nazi-type activities, parties and publications in West Germany.

PHILADELPHIA BANK TO STOP PAYING EMPLOYEES FOR JEWISH HOLIDAYS

PHILADELPHIA, Nov. 30. (JTA) -- A Philadelphia bank announced yesterday it would stop paying Jewish employes for Jewish holidays in line with a Federal government ruling against "discrimination in reverse." Non-Jewish employes are not paid for such holidays.

Townsend Nunson, president of the Western Savings Fund Society, announced the new policy after the bank was informed of a ruling by the Equal Employment Opportunity Commission, calling on employers to prevent "discrimination in reverse." He said he understood most large banks in the city would follow the policy. He did not know how many of the bank's 400 employes would be affected.

JEWISH LEADER APPOINTED JUDGE TO HIGHEST COURTS IN THREE LANDS

JOHANNESBURG, Nov. 30. (JTA) -- Israel Aaron Maisels, a former judge of the High Court of Rhodesia, has been appointed a Judge of the Courts of Appeal of the newly-independent African states of Lesotho, formerly Basutoland, and Botswana, formerly Bechuanaland, and the British Protectorate of Swaziland, it was reported here today.

Judge Maisels joins Judges E.R. Roper, C.D. Schreiner, and A.M. Hathorn on a court which will act as the highest court of appeals in each of the three countries. This arrangement will end the prior need for such appeals to go from the high court of each of the three countries to the Privy Council in Britain.

The Johannesburg-born Jewish judge had a brilliant legal career, appearing as senior counsel in many cases in South African courts. He was appointed a judge of the High Court of Southern Rhodesia in 1961 but resigned when the Federation of Rhodesia and Nyasaland was dissolved. He returned to South Africa. He is honorary president of the South African Zionist Federation and a former president of the South African Jewish Board of Deputies. He will continue to reside here.

FRENCH NATIONAL LIBRARY ACQUIRES HEINE MANUSCRIPTS FROM SCHOCKEN

PARIS, Nov. 30. (JTA) -- The Bibliotheque Nationale, the French National Library, disclosed it had acquired more than 2,000 unpublished pages by Heinrich Heine, the Jewish poet and satirist, and another 2,500 pages of letters and documents about him, from the Schocken Foundation in Israel. The Library spokesman declined to reveal the price paid for the materials.

The transaction was handled through Gideon Schocken, a descendant of Salman Shocken, the German Jewish publisher who assembled the Heine materials as a hobby. He fled from Nazi Germany with his collection which was later sent by him to the Schocken Foundation in Israel. The library spokesman said the Heine collection was made up of letters, drafts, poems, sketches and some finished work. Heine spent much of his life in Paris as a voluntary exile from his native Germany. He died in Paris in 1856.

ZIONIST FEDERATION IN BRITAIN MAINTAINS 10 SCHOOLS; 3,190 PUPILS

LONDON, Nov. 30. (JTA) -- The Zionist Federation educational network now sponsors 10 schools in London and other parts of Britain with a total of 120 classes, 158 teachers and 3,190 pupils, it was disclosed last night at a dinner of the Friends of the Zionist Federation Educational Trust. The event was held in memory of the late Lord Marks of Broughton.

Announcement was made of the establishment of the Simon Marks Memorial Fund and the naming of one of the Zionist Federation Schools as the Simon Marks Day School. Lord Sieff of Brimpton said the educational network of the Zionist Federation had revolutionized Jewish life in Britain. Dr. Nahum Goldmann was the guest speaker at the dinner.

JACOB GLATSTEIN, NOTED AMERICAN YIDDISH POET, WINS 1966 LEIVICK AWARD

NEW YORK, Nov. 30. (JTA) -- Jacob Glatstein, noted Yiddish poet, was presented here with the 1966 H. Leivick Award for Jewish literature, given annually by the Congress for Jewish Culture, at an impressive gathering at the Statler Hotel attended by more than 600 Jewish writers, actors and persons active in promoting Jewish culture.

The presentation of the \$1,000 award coincided with Mr. Glatstein's 70th birthday and with the publication of a new book of his poetry under the title "A Yid Fun Lublin." The book was published by the Cyco Farlag, which specializes in the publication of Jewish books.

MEMORIAL TABLET HONORING PROF. ALBERT EINSTEIN UNVEILED IN MILAN

ROME, Nov. 30. (JTA) -- A memorial tablet in honor of the late Albert Einstein has been unveiled in Milan in the house where the physicist lived as a youth with his parents from 1894 to 1900. The inscription on the tablet cites Einstein's acceptance of the world as his country with borders only to the universe. His work was recalled in an address by Ernesto Amaldi, the Italian physicist, at a meeting of the Federation of Scientific Association in Milan.
